### Disclosures:

Forward Looking Statements: This supplemental package contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. We caution investors that any forward-looking statements presented herein are based on management’s beliefs and assumptions and information currently available to management. Such statements are subject to risks, uncertainties and assumptions and may be affected by known and unknown risks, trends, uncertainties and factors that are beyond our control. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected. These risks and uncertainties include, without limitation: general risks affecting the real estate industry (including, without limitation, the market value of our properties, the inability to enter into or renew leases at favorable rates, dependence on tenants’ financial condition, and competition from other developers, owners and operators of real estate); risks associated with the disruption of credit markets or a global economic slowdown; risks associated with the potential loss of key personnel (most importantly, members of senior management); risks associated with our failure to maintain our status as a REIT under the Internal Revenue Code of 1986, as amended; possible adverse changes in tax and environmental laws; and potential liability for uninsured losses and environmental contamination.

For a further discussion of these and other factors that could cause our future results to differ materially from any forward-looking statements, see the section entitled “Cautionary Note Regarding Forward-Looking Statements” in our prospectus dated July 18, 2013, which was filed with the Securities and Exchange Commission (“SEC”) and other risks described in documents subsequently filed by us from time to time with the SEC. We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes.

**Adjusted Funds from Operations (AFFO):** We calculate adjusted funds from operations, or AFFO, by adding to or subtracting from FFO (i) non-cash operating revenues and expenses, (ii) capitalized operating expenditures such as leasing payroll, (iii) recurring capital expenditures required to maintain and re-tenant our properties, (iv) regular principal payments required to service our debt, and (v) 2nd generation tenant improvements and leasing commissions. Management uses AFFO as a supplemental performance measure because it provides a performance measure that, when compared year over year, captures trends in portfolio operating results. We also believe that, as a widely recognized measure of the performance of REITs, AFFO will be used by investors as a basis to assess our performance in comparison to other REITs.

However, because AFFO may exclude certain non-recurring capital expenditures and leasing costs, the utility of AFFO as a measure of our performance is limited. Additionally, other Equity REITs may not calculate AFFO using the method we do. As a result, our AFFO may not be comparable to such other Equity REITs' AFFO. AFFO should be considered only as a supplement to cash flow from operating activities (as computed in accordance with GAAP) as a measure of our performance.

**Annualized Base Rent:** Calculated for each lease as the latest monthly contracted base rent per the terms of such lease multiplied by 12. Excludes billboard and antenna revenue and rent abatements.

**Capital Expenditures, Non-recurring:** Expenditures made in respect of a property for improvement to the appearance of such property or any other major upgrade or renovation of such property, and further includes capital expenditures for seismic upgrades, or capital expenditures for deferred maintenance existing at the time such property was acquired.

**Capital Expenditures, Recurring:** Expenditures made in respect of a property for maintenance of such property and replacement of items due to ordinary wear and tear including, but not limited to, expenditures made for maintenance or replacement of parking lot, roofing materials, mechanical systems, HVAC systems and other structural systems. Recurring capital expenditures shall not include any of the following: (a) improvements to the appearance of such property or any other major upgrade or renovation of such property not necessary for proper maintenance or marketability of such property; (b) capital expenditures for seismic upgrades; or (c) capital expenditures for deferred maintenance for such property existing at the time such property was acquired.

**Capital Expenditures, First Generation:** Capital expenditures for newly acquired space, newly developed or redeveloped space, or change in use.

**Cash NOI:** Cash basis NOI is a non-GAAP measure, which we calculate by adding or subtracting from NOI i) fair value lease revenue and ii) straight-line rent adjustment. We use Cash NOI, together with NOI, as a supplemental performance measure. Cash NOI should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs. Cash NOI should not be used as a substitute for cash flow from operating activities computed in accordance with GAAP. We use Cash NOI to help evaluate the performance of the Company as a whole, as well as the performance of our Same Property Portfolio.

**EBITDA and Adjusted EBITDA:** We believe that EBITDA is helpful to investors as a supplemental measure of our operating performance as a real estate company because it is a direct measure of the actual operating results of our industrial properties. We also use this measure in ratios to compare our performance to that of our industry peers. In addition, we believe EBITDA is frequently used by securities analysts, investors and other interested parties in the evaluation of Equity REITs. However, because EBITDA is calculated before recurring cash charges including interest expense and income taxes, and is not adjusted for capital expenditures or other recurring cash requirements of our business, its utility as a measure of our liquidity is limited. Accordingly, EBITDA should not be considered an alternative to cash flow from operating activities (as computed in accordance with GAAP) as a measure of our liquidity. EBITDA should not be considered as an alternative to net income or loss as an indicator of our operating performance. Other Equity REITs may calculate EBITDA differently than we do; accordingly, our EBITDA may not be comparable to such other Equity REITs' EBITDA. Adjusted EBITDA includes add backs of non-cash stock based compensation expense, loss on extinguishment of debt, non-recurring legal fees and the pro-forma effects of acquisitions and assets classified as held for sale.

**Investment to Date and Total:** Reflects the total purchase price for a property plus additional or planned tangible investment subsequent to acquisition.

**Funds from Operations (FFO):** We calculate FFO before non-controlling interest in accordance with the standards established by the National Association of Real Estate Investment Trusts ("NAREIT"). FFO represents net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciable operating property, real estate related depreciation and amortization (excluding amortization of deferred financing costs) and after adjustments for unconsolidated partnerships and joint ventures. Management uses FFO as a supplemental performance measure because, in excluding real estate related depreciation and amortization, gains and losses from property dispositions, other than temporary impairments of unconsolidated real estate entities, and impairment on our investment in real estate, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that, as a widely recognized measure of performance used by other REITs, FFO may be used by investors as a basis to compare our operating performance with that of other REITs. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our properties that result from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effects and could materially impact our results from operations, the utility of FFO as a measure of our performance is limited. Other equity REITs may not calculate or interpret FFO in accordance with the NAREIT definition as we do, and, accordingly, our FFO may not be comparable to such other REITs' FFO. FFO should not be used as a measure of our liquidity, and is not indicative of funds available for our cash needs, including our ability to pay dividends.

**Properties Under Repositioning:** Typically defined as properties where space is held vacant in order to implement capital improvements that improve the market rentability of that space. Considered completed once investment is fully or nearly fully deployed.

**NOI:** Includes the revenue and expense directly attributable to our real estate properties calculated in accordance with GAAP. Calculated as total revenue from real estate operations including i) rental revenues ii) tenant reimbursements, and iii) other income less property expenses and other property expenses (before interest expense, depreciation and amortization). We use NOI as a supplemental performance measure because, in excluding real estate depreciation and amortization expense and gains (or losses) from property dispositions, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that NOI will be useful to investors as a basis to compare our operating performance with that of other REITs. However, because NOI excludes depreciation and amortization expense and captures neither the changes in the value of our properties that result from use or market conditions, nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties (all of which have real economic effect and could materially impact our results from operations), the utility of NOI as a measure of our performance is limited. Other equity REITs may not calculate NOI in a similar manner and, accordingly, our NOI may not be comparable to such other REITs' NOI. Accordingly, NOI should be considered only as a supplement to net income as a measure of our performance. NOI should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs. NOI should not be used as a substitute for cash flow from operating activities in accordance with GAAP. We use NOI to help evaluate the performance of the Company as a whole, as well as the performance of our Same Property Portfolio.

**Rent Change - Cash:** Compares the first month cash rent excluding any abatement on new leases to the last month rent for the most recent expiring lease. Data included for comparable leases only. Comparable leases generally exclude properties under repositioning, short-term leases, and space that has been vacant for over one year.

**Rent Change - GAAP:** Compares GAAP rent, which straightlines rental rate increases and abatement, on new leases to GAAP rent for the most recent expiring lease. Data included for comparable leases only. Comparable leases generally exclude properties under repositioning, short-term leases, and space that has been vacant for over one year.

**Same Property Portfolio:** Determined independently for each period presented. Comparable properties must have been owned for the entire current and prior periods presented. The company's computation of same property performance may not be comparable to other real estate companies.

**Uncommenced Leases:** Reflects signed leases that have not yet commenced as of the reporting date.

## REXFORD INDUSTRIAL ANNOUNCES FOURTH QUARTER 2013 FINANCIAL RESULTS

- Reports FFO of \$0.17 Per Diluted Share –
- Same Store Cash NOI Increases 15% –
- Completes Acquisitions of \$186.4 Million Since the Start of 2013 –

**Los Angeles, California – March 13, 2014** – Rexford Industrial Realty, Inc. (the “Company” or “Rexford Industrial”) (NYSE: REXR), a real estate investment trust (“REIT”) that specializes in acquiring, owning and operating industrial properties located in Southern California infill markets, today announced financial results for the fourth quarter and full year 2013.

### Fourth Quarter and Full Year 2013 Financial and Operational Highlights:

- Reported Funds From Operations (FFO) of \$0.17 per share for the 3 months ended December 31, 2013.
- As previously reported, same property portfolio occupancy increased 3.0 percentage points to 89.3% compared to the fourth quarter of 2012.
- Achieved same store NOI growth of 7% in the fourth quarter 2013 compared to the prior year period, driven by a 10% increase in same store revenue, more than offsetting a 17% increase in same store expenses. Same store cash NOI increased 15% compared to the fourth quarter 2012.
- As previously reported, signed new and renewal leases totaling approximately 386,000 square feet, resulting in approximately 77,000 square feet of positive net absorption and increased GAAP leasing spreads of 12.9% and cash leasing spreads of 3.5% during the fourth quarter of 2013.
- In the fourth quarter, acquired six properties totaling approximately 832,000 square feet for an aggregate cost of \$69.7 million. Subsequent to year end, acquired four properties totaling approximately 352,000 square feet for an aggregate cost of \$29.1 million.

“Our fourth quarter 2013 financial results reflect the strong operating and leasing metrics which we pre-released in February. The execution of our operating and leasing strategies combined with the steady improvement in our core Southern California infill industrial markets drive these positive results,” stated Michael Frankel and Howard Schwimmer, Rexford Industrial’s Co-Chief Executive Officers. “In addition, with our initial public offering completed last July, we were well-positioned to accelerate our investment pace, acquiring six properties in the fourth quarter for \$69.7 million. This activity has continued into early 2014, with another 4 acquisitions closed, for a total cost of \$29.1 million. In the eight months since our initial public offering, we have acquired 1.3 million square feet of industrial property, representing a 24.6% increase in our owned portfolio and we continue to review and pursue a substantial pipeline of potential investment opportunities from a variety of sources.”

**Financial Results:**

The Company reported a net loss of \$0.88 million (or a net loss of \$1.0 million before noncontrolling interests), or negative \$0.04 per diluted share, for the three months ended December 31, 2013. In comparison, Rexford Industrial's predecessor entities reported a net loss of \$1.53 million (or a net loss of \$1.68 million before noncontrolling interests) for the three months ended December 31, 2012

For the twelve months ending December 31, 2013, the Company reported a net loss of \$4.9 million (or a net loss of \$5.0 million before noncontrolling interests), compared to a net loss of \$4.9 million (or a net loss of \$9.0 million before noncontrolling interests) for the twelve months ended December 31, 2012. The net loss in 2013 included approximately \$4.0 million of loss on extinguishment of debt associated with pay down of mortgage debt at the consummation of the IPO, \$5.0 million of gains related to the disposition of five of the Company's properties, and \$1.4 million of gains associated with early repayment of a note receivable. Financial results for periods ending on or prior to July 24, 2013 reflect the results of Rexford Industrial's predecessor entities.

The Company reported funds from operations (FFO) of \$4.3 million, or \$0.17 per diluted share, for the three months ended December 31, 2013. The Company's share of Funds from Operations (FFO) for the period from July 24, 2013 through December 31, 2013 was \$7.3 million, or \$0.29 per diluted share.

**Operating Results:**

For the three months ended December 31, 2013, the Company's same property portfolio produced a 7.1% increase in NOI compared to the fourth quarter of 2012, driven by a 9.7% increase in same property portfolio revenue, more than offsetting a 16.7% increase in same property portfolio expenses. Cash NOI on the Company's same property portfolio was up 14.5% compared to the fourth quarter of 2012.

For the full year 2013, NOI on the Company's same property portfolio increased 12.6%, driven by a 10.6% increase in same property portfolio revenue offsetting a 5.8% increase in same property portfolio expenses, compared to 2012. Cash NOI on the Company's same property portfolio was up 15.8% in 2013, compared to 2012.

In the fourth quarter, the Company signed 91 new and renewal leases in its consolidated portfolio, totaling approximately 386,000 square feet. Average rental rates on comparable new and renewal leases were up 12.9% on a GAAP basis, and up 3.5% on a cash basis. The Company signed 38 new leases for approximately 142,000 square feet, with GAAP rents up 15.2%, compared to the prior in place leases. The Company signed 53 renewal leases for approximately 244,000 square feet, with GAAP rents up 12.4% compared to the prior in place leases. For the 38 new leases, cash rents were up 4.5%, and for the 53 renewal leases, cash rents were up 3.3%, compared to the ending cash rents for the prior leases.

The Company has included in a supplemental information package the results and operating statistics that reflect the activities of the Company for the three months ended December 31, 2013. See below for information regarding the supplemental information package.

**Transaction Activity:**

In November, the Company acquired Yorba Linda Business Park, a four-building Orange County, multi-tenant industrial park totaling 115,760 square feet, in Yorba Linda, California. The property was acquired for \$12.7 million, or \$109.71 per square foot, and was 79% occupied at the time of purchase.

In November, the Company acquired The Park, an Orange County industrial business park located in Anaheim, California, for \$10.6 million, or \$88.10 per square foot. The Park is located adjacent to the Interstate 5 Freeway in Anaheim, California, and consists of six multi-tenant buildings totaling 120,313 square feet. The buildings are situated on 6.9 acres of land, and were 85% occupied at the time of acquisition.

In December, the Company acquired Bonita Thompson, an industrial property in Pomona, California, for \$27.2 million, or \$74.34 per square foot. Located in the San Gabriel Valley sub-market, Bonita Thompson is in close proximity to three major highways, and consists of two 24' clear single-tenant, rail-served distribution buildings, with 52 dock-high loading positions, totaling 365,859 square feet. The divisible buildings are situated on 16.3 acres of land, and are currently 100% occupied.

In December, the Company acquired a 199,370 square foot industrial and office property located in Simi Valley, California, for \$15.8 million, or \$79 per square foot. The project consists of a 30' clear, ESFR single-tenant industrial building with 136,065 square feet and a two-story 63,305 square foot Class A office building, situated on 16.3 acres of land. The industrial building is 100% leased to Kingsbridge International, Inc. for ten years. The office building, which is situated on a separate parcel, is currently vacant and is currently in escrow for sale.

In December, the Company acquired Vanowen, a 31,037 square foot industrial building located in the San Fernando Valley, for \$3.4 million, or \$109.55 per square foot, adjacent to the Burbank (Bob Hope) Airport. The property is 100% leased to four tenants.

Subsequent to year-end and through February 24, the Company acquired four additional properties totaling approximately 352,000 square feet for an aggregate cost of \$29.1 million, detailed below.

In January, the Company acquired Rosecrans, a 72,000 square foot industrial building located in Paramount, California, for \$5.0 million, or \$69.44 per square foot. The seller is consolidating into half of the building under a five year lease-back, enabling the Company to execute its value-add improvement and leasing plan for the remainder of the property.

In January, the Company acquired Oxnard Street, located in Van Nuys, California, for \$8.9 million, or \$114 per square foot. The property consists of a six-building multi-tenant business park totaling 78,000 square feet. The buildings are situated on 3.25 acres of land and are currently 98% occupied. The Company plans to upgrade the property through overall aesthetic improvements and operational enhancements to facilitate accelerated rent growth.

In February, the Company acquired Ontario Airport Business Park, an industrial property located in Ontario, California, for \$8.6 million, or \$75.69 per square foot. The project consists of a five-building multi-tenant business park totaling 113,612 square feet and is currently 95.4% occupied.

In February, the Company acquired an 88,330 square foot, six-building industrial complex located at 1500-1510 W. 228th Street, Los Angeles, California, for \$6.6 million, or \$74.72 per square foot. The complex is located within the South Bay submarket, and is currently 98.0% occupied.

Also, in January, the Company sold Kaiser, a 124,997 square foot industrial property in San Diego, California, for \$10.1 million. Proceeds from the sale of Kaiser were reinvested into Ontario Airport Business Park and 1500-1510 W. 228<sup>th</sup> Street acquisitions in a tax-deferred 1031 exchange.
