### **ABOUT THIS PROSPECTUS**

This prospectus is part of a registration statement that we filed with the U.S. Securities and Exchange Commission, or the SEC, as a “well-known seasoned issuer” as defined in Rule 405 under the Securities Act of 1933, as amended, using a “shelf” registration process. By using a shelf registration statement, we may sell securities from time to time and in one or more offerings and the selling securityholders to be named in a supplement to this prospectus may, from time to time, sell shares of common stock from time to time in one or more offerings as described in this prospectus. Each time that we or the selling securityholders offer and sell securities, we or the selling securityholders will provide a prospectus supplement to this prospectus that contains specific information about the securities being offered and sold and the specific terms of that offering. We may also authorize one or more free writing prospectuses to be provided to you that may contain material information relating to these offerings. The prospectus supplement or free writing prospectus may also add, update or change information contained in or incorporated by reference into this prospectus with respect to that offering. If there is any inconsistency between the information in or incorporated by reference into this prospectus and the applicable prospectus supplement or free writing prospectus, you should rely on the prospectus supplement or free writing prospectus, as applicable. Before purchasing any securities, you should carefully read both this prospectus and the applicable prospectus supplement (and any applicable free writing prospectuses), together with the additional information described under the heading “Where You Can Find More Information; Incorporation by Reference.”

Neither we, nor the selling securityholders, have authorized anyone to provide you with any information or to make any representations other than those contained in this prospectus, any applicable prospectus supplement or any free writing prospectuses prepared by or on behalf of us or to which we have referred you. We and the selling securityholders take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. We and the selling securityholders will not make an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus and the applicable prospectus supplement to this prospectus is accurate only as of the date on its respective cover, that the information appearing in any applicable free writing prospectus is accurate only as of the date of that free writing prospectus, and that any information incorporated by reference is accurate only as of the date of the document incorporated by reference, unless we indicate otherwise. Our business, financial condition, results of operations and prospects may have changed since those dates. This prospectus incorporates by reference, and any prospectus supplement or free writing prospectus may contain and incorporate by reference, market data and industry statistics and forecasts that are based on independent industry publications and other publicly available information. Although we believe these sources are reliable, we do not guarantee the accuracy or completeness of this information and we have not independently verified this information. In addition, the market and industry data and forecasts that may be included or incorporated by reference in this prospectus, any prospectus supplement or any applicable free writing prospectus may involve estimates, assumptions and other risks and uncertainties and are subject to change based on various factors, including those discussed under the heading “Risk Factors” contained in this prospectus, the applicable prospectus supplement and any applicable free writing prospectus, and under similar headings in other documents that are incorporated by reference into this prospectus. Accordingly, investors should not place undue reliance on this information.

Unless otherwise indicated or unless the context requires otherwise, references in this prospectus to “Rexford,” “we,” “our,” “us” and the “Company,” mean Rexford Industrial Realty, Inc., a Maryland corporation, together with our consolidated subsidiaries, including Rexford Industrial Realty, L.P., a Maryland limited partnership, of which we are the sole general partner and to which we refer in this prospectus as our “operating partnership.” When we refer to “you,” we mean the potential holders of the applicable class or series of securities.

### **THE COMPANY**

We are a self-administered and self-managed full-service REIT focused on owning and operating industrial properties in Southern California infill markets. We create value by investing in, operating, repositioning and redeveloping industrial properties throughout infill Southern California. The Company was formed as a Maryland corporation on January 18, 2013 and the operating partnership was formed as a Maryland limited partnership on January 18, 2013. Through the Company's controlling interest in the operating partnership and its subsidiaries, the Company owns, manages, leases, acquires and develops industrial real estate primarily located in Southern California infill markets, and from time to time, acquires or provides mortgage debt secured by industrial zoned property or property suitable for industrial development. As of October 13, 2023, the Company's consolidated portfolio consisted of 371 properties with approximately 45.0 million rentable square feet.

The Company elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended, or the Code, commencing with the Company's taxable year ended December 31, 2013. The Company is generally not subject to federal taxes on its income to the extent the Company distributes its income to its stockholders and maintains its qualification as a REIT.

### **RISK FACTORS**

Investment in any securities offered pursuant to this prospectus and the applicable prospectus supplement involves risks. You should carefully consider the risk factors incorporated by reference to our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K we file after the date of this prospectus, and all other information contained or incorporated by reference into this prospectus, as updated by our subsequent filings under the Exchange Act, and the risk factors and other information contained in the applicable prospectus supplement and any applicable free writing prospectus before acquiring any of such securities. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities.

## **GUARANTOR DISCLOSURES**

Pursuant to Rule 3-10 of Regulation S-X, subsidiary issuers of obligations guaranteed by the parent are not required to provide separate financial statements, provided that the parent guaranteee is “full and unconditional,” the subsidiary obligor is consolidated into the parent company’s consolidated financial statements and, subject to certain exceptions as set forth below, the alternative disclosure required by Rule 13-01 is provided, which includes narrative disclosure and summarized financial information. Rexford Industrial Realty, Inc. and our operating partnership have filed this prospectus with the SEC registering, among other securities, debt securities of our operating partnership, which will be fully and unconditionally guaranteed by Rexford Industrial Realty, Inc. Rexford Industrial Realty, Inc. owns all of its assets and conducts all of its operations through our operating partnership and our operating partnership is consolidated into Rexford Industrial Realty, Inc.’s consolidated financial statements. Accordingly, separate consolidated financial statements of our operating partnership have not been presented.

As permitted under Rule 13-01 of Regulation S-X, we have excluded the summarized financial information for our operating partnership because the assets, liabilities and results of operations of our operating partnership are not materially different than the corresponding amounts in Rexford Industrial Realty, Inc.’s consolidated financial statements, and management believes such summarized financial information would be repetitive and would not provide incremental value to investors.

### **USE OF PROCEEDS**

Unless we indicate otherwise in the applicable prospectus supplement, we intend to contribute the net proceeds from any sale of offered securities by us to our operating partnership. Our operating partnership will use the net proceeds from us or from any sale of offered securities by it as set forth in the applicable prospectus supplement. Pending application of cash proceeds, we will invest the net proceeds in interest-bearing accounts, money market accounts and interest bearing securities in a manner that is consistent with our intention to qualify for taxation as a REIT. Such investments may include, for example, government and government agency certificates, government bonds, certificates of deposit, interest-bearing bank deposits, money market accounts and mortgage loan participations. We will not receive any proceeds from the sale of our common stock by the selling securityholders, if any, pursuant to this prospectus.

### **DESCRIPTION OF COMMON STOCK**

#### **General**

This prospectus describes the general terms of our common stock. For a more detailed description of these securities, you should read the applicable provisions of the Maryland General Corporation Law, or MGCL, and our charter and bylaws. When we or any selling securityholders offer to sell a particular class or series of common stock, we will describe the specific terms of the class or series in a prospectus supplement. Accordingly, for a description of the terms of any class or series of common stock, you must refer to both the prospectus supplement relating to that class or series and the description of stock in this prospectus. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

Our charter provides that we may issue up to 489,950,000 shares of common stock, \$0.01 par value per share, or common stock. Our charter authorizes our board of directors, with the approval of a majority of the entire board of directors and without any action by our common stockholders, to amend our charter to increase or decrease the aggregate number of authorized shares of stock or the number of authorized shares of any class or series of our stock. As of September 30, 2023, 206,484,287 shares of our common stock were issued and outstanding.

Under Maryland law, stockholders generally are not personally liable for our debts or obligations solely as a result of their status as stockholders.

All of the shares of our common stock offered hereby will be duly authorized, fully paid and nonassessable. Subject to the preferential rights of holders of any other class or series of our stock, including our series B preferred stock and series C preferred stock (each as described below), and to the provisions of our charter regarding the restrictions on ownership and transfer of our stock, holders of shares of our common stock are entitled to receive dividends and other distributions on such shares if, as and when authorized by our board of directors out of assets legally available therefor and declared by us and to share ratably in the assets of our company legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up, after payment or establishment of reserves for all known debts and liabilities of our company.

Subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock and except as may otherwise be specified in the terms of any class or series of our stock, each outstanding share of our common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors, and, except as provided with respect to any other class or series of our stock, the holders of shares of common stock will possess the exclusive voting power. There is no cumulative voting in the election of our directors. Directors are elected by the affirmative vote of a majority of all the votes cast “for” and “against” the election of a nominee at any meeting of stockholders duly called and at which a quorum is present; provided, however, that directors are elected by a plurality of the votes cast in the election of directors if there is a contested election. Our corporate governance guidelines require a nominee for director in an uncontested election not elected by the vote required in the bylaws and who is an incumbent director to promptly tender his or her resignation to the board of directors for consideration.

Holders of shares of our common stock have no preference, conversion, exchange, sinking fund or redemption rights and have no preemptive rights to subscribe for any securities of our company. Our charter provides that our stockholders generally have no appraisal rights unless our board of directors determines prospectively that appraisal rights will apply to one or more transactions in which our stockholders would otherwise be entitled to exercise appraisal rights. Subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock, holders of our common stock will have equal dividend, liquidation and other rights.

## **Table of Contents**

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, consolidate, convert, sell all or substantially all of its assets or engage in a statutory share exchange unless declared advisable by its board of directors and approved by the affirmative vote of stockholders entitled to cast at least two-thirds of all of the votes entitled to be cast on the matter unless a lesser percentage (but not less than a majority of all of the votes entitled to be cast on the matter) is set forth in the corporation's charter. Our charter provides for approval of any of these matters by the affirmative vote of stockholders entitled to cast a majority of the votes entitled to be cast on such matters, except that the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast generally in the election of directors is required to remove a director (and such removal must be for cause) and the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on such matter is required to amend the provisions of our charter relating to the removal of directors or the vote required to amend such provisions. Maryland law also permits a Maryland corporation to transfer all or substantially all of its assets without the approval of the stockholders of the corporation to an entity if all of the equity interests of the entity are owned, directly or indirectly, by the corporation. Because our operating assets may be held by our operating partnership or its subsidiaries, these subsidiaries may be able to merge or transfer all or substantially all of their assets without the approval of our stockholders.

Our charter authorizes our board of directors to reclassify any unissued shares of our common stock into other classes or series of stock, to establish the designation and number of shares of each class or series and to set, subject to the provisions of our charter relating to the restrictions on ownership and transfer of our stock, the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions of redemption of each such class or series.

### **Power to Increase or Decrease Authorized Shares of Common Stock and Issue Additional Shares of Stock**

We believe that the power of our board of directors to amend our charter to increase or decrease the aggregate number of authorized shares of common stock, to authorize us to issue additional authorized but unissued shares of our common stock and to classify or reclassify unissued shares of our common stock and thereafter to authorize us to issue such classified or reclassified shares will provide us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs that might arise. The additional classes or series, as well as the additional authorized shares of common stock, will be available for issuance without further action by our stockholders, unless such action is required by applicable law, the terms of any class or series of our preferred stock or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although our board of directors does not currently intend to do so, it could authorize us to issue a class or series of stock that could, depending upon the terms of the particular class or series, delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for our common stock or that our common stockholders otherwise believe to be in their best interests. See "Material Provisions of Maryland Law and of Our Charter and Bylaws—Anti-takeover Effect of Certain Provisions of Maryland Law and of Our Charter and Bylaws."

### **Restrictions on Ownership and Transfer**

To assist us in complying with certain federal income tax requirements applicable to REITs, our charter contains certain restrictions relating to the ownership and transfer of our common stock. See "Restrictions on Ownership and Transfer."

### **Transfer Agent and Registrar**

The transfer agent and registrar for our common stock is Equiniti Trust Company, LLC.

### **DESCRIPTION OF PREFERRED STOCK**

#### **General**

This prospectus describes the general terms of our preferred stock. For a more detailed description of these securities, you should read the applicable provisions of the MGCL and our charter and bylaws. When we offer to sell a particular class or series of preferred stock, we will describe the specific terms of the class or series in a prospectus supplement. Accordingly, for a description of the terms of any class or series of preferred stock, you must refer to both the prospectus supplement relating to that class or series and the description of stock in this prospectus. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

Our charter provides that we may issue up to 10,050,000 shares of preferred stock, \$0.01 par value per share, or preferred stock of which 3,000,000 shares are classified as 5.875% Series B Cumulative Redeemable Preferred Stock, \$0.01 par value per share, or series B preferred stock, and 3,450,000 shares are classified as 5.625% Series C Cumulative Redeemable Preferred Stock, \$0.01 par value per share, or series C preferred stock. The series B preferred stock is listed on the NYSE under the symbol “REXR Pr B” and the series C preferred stock is listed on the NYSE under the symbol “REXR Pr C.” Our charter authorizes our board of directors, with the approval of a majority of the entire board and without any action by our common stockholders, to amend our charter to increase or decrease the aggregate number of authorized shares of stock or the number of authorized shares of any class or series of our stock.

Our charter authorizes our board of directors to classify any unissued shares of preferred stock and to reclassify any previously classified but unissued shares of preferred stock into one or more classes or series of preferred stock. Prior to issuance of shares of each new class or series, our board of directors is required by the MGCL and our charter to set, subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock, the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption of each such class or series. As a result, our board of directors could authorize the issuance of shares of preferred stock that have priority over shares of our common stock with respect to dividends or other distributions or rights upon liquidation or with other terms and conditions that could have the effect of delaying, deferring or preventing a transaction or a change of control of our company that might involve a premium price for holders of our common stock or that our common stockholders otherwise believe to be in their best interests. As of the date hereof, there are 3,000,000 shares of series B preferred stock and 3,450,000 shares of series C preferred stock issued and outstanding.

The specific terms of a particular class or series of preferred stock will be described in the prospectus supplement relating to that class or series, including a prospectus supplement providing that preferred stock may be issuable upon the exercise of warrants or the exercise or conversion of other securities we issue. The description of preferred stock set forth below and the description of the terms of a particular class or series of preferred stock set forth in the applicable prospectus supplement do not purport to be complete and are qualified in their entirety by reference to the articles supplementary or other charter provisions relating to that class or series.

Under Maryland law, stockholders generally are not personally liable for our debts or obligations solely as a result of their status as stockholders.

The preferences and other terms of the preferred stock of each class or series will be fixed by the articles supplementary relating to such class or series. A prospectus supplement, relating to each class or series, will specify the terms of the class or series of preferred stock as follows:

- the designation and par value of such class or series of preferred stock,

## Table of Contents

- the number of shares of such class or series of preferred stock offered, the liquidation preference per share and the offering price of such class or series of preferred stock,
- the dividend rate(s), period(s), and/or payment date(s) or method(s) of calculation thereof applicable to such class or series of preferred stock,
- whether dividends on such class or series of preferred stock are cumulative or not and, if cumulative, the date from which dividends on such class or series of preferred stock shall accumulate,
- the provision for a sinking fund, if any, for such class or series of preferred stock,
- the provision for redemption, if applicable, of such class or series of preferred stock,
- any listing of such class or series of preferred stock on any securities exchange,
- the preemptive rights, if any, of such class or series of preferred stock,
- the terms and conditions, if applicable, upon which shares of such class or series of preferred stock will be convertible into shares of our common stock or shares of any other class or series of our stock or other securities, including the conversion price (or manner of calculation thereof),
- a discussion of any additional material federal income tax consequences applicable to an investment in such class or series of preferred stock,
- any limitations on actual, beneficial and constructive ownership and restrictions on transfer, in each case as may be appropriate to assist us to preserve our status as a REIT,
- the relative ranking and preferences of such class or series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of the affairs of our company,
- any limitations on issuance of any class or series of stock ranking senior to or on parity with such class or series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of the affairs of our company,
- any voting rights of such class or series of preferred stock, and
- any other specific terms, preferences, rights, limitations or restrictions of such class or series of preferred stock.

### **Rank**

Unless otherwise specified in the applicable prospectus supplement, each class or series of preferred stock will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of our company, rank: (1) senior to all classes or series of our common stock, and to any other class or series of our stock expressly designated as ranking junior to such class or series of preferred stock; (2) on parity with any class or series of our stock expressly designated as ranking on parity with such class or series of preferred stock; and (3) junior to any other class or series of our stock expressly designated as ranking senior to such class or series of preferred stock.

### **Conversion Rights**

The terms and conditions, if any, upon which any shares of any class or series of preferred stock are convertible into shares of our common stock or shares of any other class or series of our stock or other securities will be set forth in the applicable prospectus supplement relating thereto. Such terms will include the number of shares of our common stock or the number of shares of such other class or series of our stock or other securities into which the shares of preferred stock are convertible, the conversion price (or manner of calculation thereof), the conversion period, provisions as to whether conversion will be at the option of the holders of such class or series of preferred stock, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of such class or series of preferred stock.

### **Series B Preferred Stock and Series C Preferred Stock**

Dividends on outstanding shares of series B preferred stock are cumulative and are payable quarterly in arrears at the rate of 5.875% per annum of the \$25.00 liquidation preference, or \$1.46875 per annum per share. Dividends on outstanding shares of series C preferred stock are cumulative and are payable quarterly in arrears at the rate of 5.625% per annum of the \$25.00 liquidation preference, or \$1.40625 per annum per share. Unless full cumulative dividends on the series B preferred stock or series C preferred stock, which we refer to as the series B/C preferred stock for purposes of describing the two series together, for all past dividend periods have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof is set apart for payment, we generally may not:

- declare and pay or declare and set apart for payment any dividends or other distributions of cash or other property, directly or indirectly, on or with respect to any shares of our common stock or shares of any other class or series of our capital stock ranking, as to dividends, on parity with or junior to the series B/C preferred stock; or
- redeem, purchase or otherwise acquire any common stock or shares of any other class or series of our capital stock ranking, as to dividends and upon liquidation, on parity with or junior to the series B/C preferred stock.

The series B preferred stock became redeemable by us on November 13, 2022. The series C preferred stock is not redeemable by us before September 20, 2024, in each case, except under limited circumstances to preserve our status as a REIT or relating to our maintenance of our ability to qualify as a REIT. On and after November 13, 2022 or September 20, 2024, as applicable, we may, at our option, redeem the series B/C preferred stock, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus all accrued and unpaid dividends thereon (whether or not authorized or declared) up to but excluding the date fixed for redemption.

In addition, upon the occurrence of certain change of control transactions after which our common stock (or the common stock of the successor) is not listed (as defined in our charter, a “Change of Control”), we may, subject to certain conditions and at our option, redeem the series B/C preferred stock, in whole or in part, within 120 days after the date of the change of control, for a cash redemption price per share of series B/C preferred stock equal to \$25.00 per share, plus any accrued and unpaid dividends to, but not including, the date of redemption.

Unless we have elected to redeem the series B/C preferred stock prior to a Change of Control, upon the occurrence of a Change of Control, each holder of the series B/C preferred stock will have the right to convert some or all of the shares of series B/C preferred stock held by such holder into a number of shares of our common stock per share of series B/C preferred stock to be converted equal to the lesser of: (A) the quotient obtained by dividing the sum of the \$25.00 liquidation preference plus the amount of any accrued and unpaid dividends thereon to, but not including, the conversion date by the Common Stock Price (as defined below); and (B) 1.6578, with respect to the series B preferred stock, or 1.1390, with respect to the series C preferred stock, subject to certain adjustments and subject, in each case, to provisions for the receipt of alternative consideration as described in the articles supplementary designating the terms of the series B/C preferred stock.

The “Common Stock Price” will be (i) if the consideration to be received in the Change of Control by the holders of our common stock is solely cash, the amount of cash consideration per share of our common stock or (ii) if the consideration to be received in the Change of Control by holders of our common stock is other than solely cash (x) the average of the closing sale prices per share of our common stock (or, if no closing sale price is reported, the average of the closing bid and ask prices or, if more than one in either case, the average of the average closing bid and the average closing ask prices) for the ten consecutive trading days immediately preceding, but not including, the effective date of the Change of Control as reported on the principal U.S. securities exchange on which our common stock is then traded, or (y) the average of the last quoted bid prices for our common stock in the over-the-counter market as reported by OTC Markets Group Inc. or similar organization

## **Table of Contents**

for the ten consecutive trading days immediately preceding, but not including, the effective date of the Change of Control, if our common stock is not then listed for trading on a U.S. securities exchange.

Each holder of the series B/C preferred stock is entitled to receive a liquidation preference of \$25.00 per share of series B/C preferred stock, plus any accumulated and unpaid distributions thereon (whether or not authorized or declared), before the holders of our common stock or other junior securities receive any distributions in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of our company.

Holders of the series B/C preferred stock will generally have no voting rights. However, if we do not pay dividends on the series B/C preferred stock for six or more quarterly periods, whether or not consecutive, holders of shares of the series B/C preferred stock and holders of all other classes or series of parity preferred stock with which the holders of series B/C preferred stock are entitled to vote together as a single class (voting together as a single class), will be entitled to vote for the election of two additional directors to serve on our board of directors until all unpaid dividends for past dividend periods with respect to the series B/C preferred stock have been paid. In addition, we may not authorize or issue any class or series of equity securities ranking senior to the series B/C preferred stock or amend our charter (whether by merger, consolidation, transfer or conveyance of substantially all of the company's assets or otherwise) so as to materially and adversely affect the rights, preferences, privileges or voting powers of the series B/C preferred stock without the affirmative vote of the holders of at least two-thirds of the outstanding shares of the affected series of the series B/C preferred stock and each other class or series of parity preferred stock with which the holders of the applicable series B/C preferred stock are entitled to vote together as a single class on such matter (voting together as a single class).

### **Power to Increase or Decrease Authorized Preferred Stock and Issue Additional Shares of Our Preferred Stock**

We believe that the power of our board of directors to amend our charter to increase or decrease the aggregate number of authorized shares of preferred stock, to authorize us to issue additional authorized but unissued shares of our preferred stock in one or more classes or series and to classify or reclassify unissued shares of our preferred stock and thereafter to authorize us to issue such classified or reclassified shares will provide us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs that might arise. The additional classes or series of preferred stock, as well as the additional authorized shares of preferred stock, will be available for issuance without further action by our stockholders, unless such action is required by applicable law, the terms of any class or series of preferred stock or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although our board of directors does not currently intend to do so, it could authorize us to issue a class or series of stock that could, depending upon the terms of the particular class or series, delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for our common stock or that our common stockholders otherwise believe to be in their best interests. See "Material Provisions of Maryland Law and of Our Charter and Bylaws—Anti-takeover Effect of Certain Provisions of Maryland Law and of Our Charter and Bylaws."

### **Restrictions on Ownership and Transfer**

To assist us in complying with certain federal income tax requirements applicable to REITs, we expect that each class or series of preferred stock offered pursuant to this prospectus will be subject to certain restrictions relating to the ownership and transfer of such class or series of preferred stock set forth in our charter, including the articles supplementary for each such class or series. The applicable prospectus supplement will specify any ownership limitations relating to such class or series. See "Restrictions on Ownership and Transfer" for a description of the restrictions on ownership and transfer applicable to shares of our common stock and to shares of our capital stock in the aggregate (including any and all classes or series of our preferred stock).

### **DESCRIPTION OF DEBT SECURITIES AND RELATED GUARANTEES**

The following description, together with the additional information we include in any applicable prospectus supplement, summarizes certain general terms and provisions of our operating partnership's debt securities and related guarantees by the Company, if any, that we may offer under this prospectus. When our operating partnership offers to sell a particular series of debt securities, we will describe the specific terms of the series in a supplement to this prospectus, including the terms of any related guarantees. We will also indicate in the prospectus supplement to what extent the general terms and provisions described in this prospectus apply to a particular series of debt securities. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

Debt securities may be our operating partnership's senior, senior subordinated or subordinated obligations and, unless otherwise specified in a supplement to this prospectus, the debt securities will be the direct, unsecured obligations of our operating partnership and may be issued in one or more series.

Unless otherwise specified in a prospectus supplement, the debt securities will be issued under an indenture among our operating partnership, as issuer, Rexford Industrial Realty, Inc., as guarantor, and U.S. Bank Trust Company, National Association, as trustee. We have summarized select portions of the indenture below. The summary is not complete. We have filed the indenture as an exhibit to the registration statement of which this prospectus is a part and you should read the indenture and debt securities carefully for provisions that may be important to you. Capitalized terms used in the summary and not defined in this prospectus have the meanings specified in the indenture.

As used in this "Description of Debt Securities and Related Guarantees," references to the "operating partnership," "we," "our" or "us" refer solely to Rexford Industrial Realty, L.P. and not to any of its subsidiaries and references to the "Company" or "guarantor" refer solely to Rexford Industrial Realty, Inc. and not to any of its subsidiaries, unless otherwise expressly stated or the context otherwise requires.

#### **General**

The terms of each series of debt securities will be established by the Company, as the sole general partner of our operating partnership, by or pursuant to a resolution of the board of directors of the Company and set forth or determined in the manner provided in such resolutions, in an officer's certificate or by a supplemental indenture. The particular terms of each series of debt securities will be described in a prospectus supplement relating to such series, including any pricing supplement or term sheet.

Unless otherwise specified in a prospectus supplement, the indenture will designate U.S. Bank Trust Company, National Association as the trustee for the indenture with respect to one or more series of our operating partnership's debt securities and related guarantees by the Company, if any. U.S. Bank Trust Company, National Association, or any other specified trustee, may resign or be removed with respect to one or more series of our debt securities, and a successor trustee may be appointed to act with respect to that series.

Unless otherwise specified in a supplement to this prospectus, the debt securities will be the direct, unsecured obligations of our operating partnership and may be fully and unconditionally guaranteed by the Company. Our operating partnership can issue an unlimited amount of debt securities under the indenture that may be in one or more series with the same or various maturities, at par, at a premium, or at a discount. ### **Transfer and Exchange**

Each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company, or the Depository or DTC, or a nominee of the Depository (we will refer to any debt security represented by a global debt security as a “book-entry debt security”), or a certificate issued in definitive registered form (we will refer to any debt security represented by a certificated security as a “certificated debt security”) as set forth in the applicable prospectus supplement. Except as otherwise set forth in this prospectus or the applicable prospectus supplement, book-entry debt securities will not be issuable in certificated form.

*Certificated Debt Securities.* You may transfer or exchange certificated debt securities at any office we maintain for this purpose in accordance with the terms of the indenture. No service charge will be made for any transfer or exchange of certificated debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

You may effect the transfer of certificated debt securities and the right to receive the principal of, and any premium and interest on, certificated debt securities only by surrendering the certificate representing those certificated debt securities and either reissuance by us or the trustee of the certificate to the new holder or the issuance by us or the trustee of a new certificate to the new holder.

*Global Debt Securities and Book-Entry System.* Each global debt security representing book-entry debt securities will be deposited with, or on behalf of, the Depository, and registered in the name of the Depository or a nominee of the Depository.

### **No Protection in the Event of a Change of Control**

Unless we state otherwise in the applicable prospectus supplement, the debt securities will not contain any provisions that may afford holders of the debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control) that could adversely affect holders of debt securities.

### **Covenants**

We will set forth in the applicable prospectus supplement any restrictive covenants applicable to any issue of debt securities.

### **Merger, Consolidation or Sale**

Our operating partnership and the Company may not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of its respective properties and assets to, any person (such person, a “successor person”), unless:

(1) our operating partnership or the Company, as the case may be, is the surviving entity or the successor person (if other than our operating partnership or the Company, as the case may be) is a corporation, partnership, trust or other entity organized and validly existing under the laws of any U.S. domestic jurisdiction and expressly assumes in the case of the operating partnership, payment of the principal of and premium, if any, and interest and any redemption price due on all of the debt securities and the due and punctual performance and observance of all of the covenants and conditions of the operating partnership in the indenture and the debt securities, or in the case of the Company, the payment of all amounts due under its guarantees of the debt securities and the due and punctual performance and observance of all of the covenants and conditions of the Company in the indenture and the guarantees, as the case may be;

(2) immediately after giving effect to the transaction, no Default or Event of Default has occurred and is continuing; and

(3) in the case of a consolidation by our operating partnership, if our operating partnership is not the successor person, then each guarantor of the debt securities, unless it has become the successor person, confirms that its guarantee will continue to apply to the obligations under the debt securities and the indenture to the same extent as prior to such merger, conveyance, transfer or lease, as applicable.

Our operating partnership or the Company, as the case may be, must deliver to the trustee prior to the consummation of the proposed transaction an officer’s certificate to the foregoing effect and an opinion of counsel stating that the proposed transaction and any supplemental indenture comply with the indenture.

In the event of any transaction described in and complying with the conditions listed in the immediately preceding paragraphs in which our operating partnership and/or the Company are not the continuing entity, the successor person formed or remaining shall succeed, and be substituted for, and may exercise every right and power of ours, and our operating partnership and/or the Company shall be discharged from our obligations under the debt securities and the indenture.

### **Events of Default**

The following events constitute Events of Default, unless otherwise provided by resolution of the board of directors, supplemental indenture or officer’s certificate:

(a) default in the payment of any interest on any debt security when it becomes due and payable, and continuance of such default for a period of 30 days (unless the entire amount of such payment is deposited by our operating partnership with the trustee or with a paying agent prior to 11:00 a.m., New York City time, on the 30th day of such period);

## Table of Contents

(b) default in the payment of principal of any debt security at maturity;

(c) default in the performance or breach of any covenant or warranty of our operating partnership under the debt security of that series or the indenture (other than defaults pursuant to paragraph (a) or (b) above or pursuant to a covenant or warranty that has been included in the indenture solely for the benefit of a series of securities other than that series), which default continues uncured for a period of 60 days after there has been given, by registered or certified mail, to our operating partnership by the trustee or to our operating partnership and the trustee by the holders of not less than a majority in principal amount of the outstanding debt securities of that series a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a notice of default;

(d) failure to pay any indebtedness (other than non-recourse indebtedness) for monies borrowed by the operating partnership, any guarantor or any of their respective significant subsidiaries in an outstanding principal amount in excess of \$50,000,000 at final maturity or upon acceleration after the expiration of any applicable grace period, which indebtedness (other than non-recourse indebtedness) is, or has become, the primary obligation of the operating partnership or any guarantor and is not discharged, or such default in payment or acceleration is not cured or rescinded, within 60 days after written notice to the operating partnership from the trustee (or to the operating partnership and the trustee from holders of at least twenty five percent (25%) in principal amount of the outstanding securities) (for purposes of this, the amount of indebtedness (other than non-recourse indebtedness) shall be measured not by the underlying debt amount, but only by that portion of the underlying debt amount which is recourse to the operating partnership or such guarantor);

(e) our operating partnership, any guarantor or any of their significant subsidiaries pursuant to or within the meaning of any bankruptcy law, (i) commences a voluntary case, (ii) consents to the entry of an order for relief against it in an involuntary case, (iii) consents to the appointment of a custodian of it or for all or substantially all of its property, (iv) makes a general assignment for the benefit of its creditors, or (v) generally is unable to pay its debts as the same become due;

(f) a court of competent jurisdiction enters an order or decree under any bankruptcy law that: (i) is for relief against our operating partnership, any guarantor or any of their significant subsidiaries in an involuntary case, (ii) appoints a custodian of our operating partnership, any guarantor or any of their significant subsidiaries or for all or substantially all of its property, or (iii) orders the liquidation of our operating partnership, any guarantor or any of their significant subsidiaries, and the order or decree remains unstayed and in effect for 60 days; or

(g) any other Event of Default provided with respect to debt securities of that series, which is specified in a resolution of the board of directors, a supplemental indenture to the indenture or an officer's certificate, in accordance with the applicable provisions of the indenture.

"Default" means any event which is, or after notice or passage of time or both would be, an Event of Default.

No Event of Default with respect to a particular series of debt securities (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an Event of Default with respect to any other series of debt securities. The occurrence of certain Events of Default or an acceleration under the indenture may constitute an event of default under certain of our or our subsidiaries' indebtedness outstanding from time to time.

If an Event of Default with respect to Securities of any Series at the time outstanding occurs and is continuing (other than an Event of Default referred to in provisions (d) or (e) above), then in every such case the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if any securities of that series are discount securities, such portion of the

## Table of Contents

principal amount as may be specified in the terms of such debt securities) of and accrued and unpaid interest, if any, on all of the debt securities of that series to be due and payable immediately, by a notice in writing to our operating partnership (and to the trustee if given by holders), and upon any such declaration such principal amount (or specified amount) and accrued and unpaid interest, if any, will become immediately due and payable. If an Event of Default specified in provisions (d) or (e) above will occur, the principal amount (or specified amount) of and accrued and unpaid interest, if any, on all outstanding debt securities will ipso facto become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of outstanding debt securities. At any time after a declaration of acceleration with respect to debt securities of any series has been made and before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of that series, by a notice in writing to our operating partnership and the trustee, may rescind and annul the acceleration if all Events of Default, other than the non-payment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived as provided in the indenture. We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of such discount securities upon the occurrence of an Event of Default.

The indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture unless the trustee receives indemnity satisfactory to it against any cost, liability or expense that might be incurred by it in exercising such right or power. Subject to certain rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series.

No holder of any debt security shall have any right to institute any proceeding, judicial or otherwise, with respect to the indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

- (a) such holder has previously given written notice to the trustee of a continuing Event of Default with respect to the debt securities;
- (b) the holders of at least a majority in principal amount of the outstanding debt securities have made written request to the trustee to institute proceedings in respect of such Event of Default in its own name as trustee;
- (c) such holder or holders have offered to the trustee indemnity or security reasonably satisfactory to the trustee against the costs, expenses and liabilities that might be incurred by the trustee in compliance with such request;
- (d) the trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and
- (e) no direction inconsistent with such written request has been given to the trustee during such 60-day period by the holders of a majority in principal amount of the outstanding debt securities.

Notwithstanding any other provision in the indenture, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of and interest, if any, on, that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

The indenture requires us, within 120 days after the end of our fiscal year, to furnish to the trustee a statement as to compliance with the indenture. If a Default or Event of Default occurs and is continuing with respect to the debt securities of any series and if it is known to a responsible officer of the trustee, the trustee

## Table of Contents

shall mail to each holder of the debt securities of that series notice of a Default or Event of Default within 90 days after it occurs. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any Default or Event of Default (except in payment on any debt securities of that series) with respect to debt securities of that series if the trustee determines in good faith that withholding notice is in the interest of the holders of those debt securities.

### **Defeasance of Debt Securities and Certain Covenants in Certain Circumstances**

*Legal Defeasance.* The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, we may be discharged from any and all obligations in respect of the debt securities of any series (subject to certain exceptions). We will be so discharged upon the deposit with the trustee, in trust, of money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, money and/or Foreign Government Obligations of the government that issued or caused to be issued such currency, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal of and interest on, if any, and any mandatory sinking fund payments in respect of, the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities.

This discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel stating that we have received from, or there has been published by, the United States Internal Revenue Service, or IRS, a ruling or, since the date of execution of the indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred.

*Defeasance of Certain Covenants.* The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, upon compliance with certain conditions:

- we may omit to comply with the covenant described under the heading “Merger, Consolidation or Sale” and certain other covenants set forth in the indenture, as well as any additional covenants that may be set forth in the applicable prospectus supplement, and
- any omission to comply with those covenants will not constitute a Default or an Event of Default with respect to the debt securities of that series, or covenant defeasance.

The conditions include:

- depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, money and/or Foreign Government Obligations of the government that issued or caused to be issued such currency, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal of and interest, if any, and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities, and
- delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

## Table of Contents

*Covenant Defeasance and Events of Default.* In the event we exercise our option to effect covenant defeasance with respect to any series of debt securities and the debt securities of that series are declared due and payable because of the occurrence of any Event of Default, the amount of money and/or U.S. government obligations or money and/or Foreign Government Obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the Event of Default. In such a case, we would remain liable for those payments.

“Foreign Government Obligations” means, with respect to debt securities of any series that are denominated in a currency other than U.S. dollars, direct obligations of, or obligations guaranteed by, the government that issued or caused to be issued such currency for the payment of which obligations its full faith and credit is pledged and which are not callable or redeemable at the option of the issuer thereof.

## **Satisfaction and Discharge**

The indenture will be discharged and will cease to be of further effect (except as to surviving rights or registration of transfer or exchange of the debt securities, as expressly provided for in the indenture) as to all outstanding debt securities when:

- either:
  - all the debt securities theretofore authenticated and delivered (except lost, stolen or destroyed debt securities which have been replaced or paid) have been delivered to the trustee for cancellation; or
  - all debt securities not theretofore delivered to the trustee for cancellation have become due and payable or will become due and payable at their maturity within one year, have been called for redemption or are to be called for redemption within one year, or are deemed paid and discharged pursuant to the legal defeasance provisions of the indenture, and our operating partnership has irrevocably deposited or caused to be irrevocably deposited with the trustee as trust funds in trust cash or noncallable U.S. government obligations in an amount sufficient to pay and discharge the entire indebtedness on such debt securities not theretofore delivered to the trustee for cancellation, for principal and interest to the date of such deposit (in the case of debt securities which have become due and payable) or to the maturity date or redemption date, as the case may be;
- our operating partnership has paid or caused to be paid all other sums payable under the indenture by our operating partnership; and
- our operating partnership has delivered to the trustee an officer’s certificate and an opinion of counsel, each stating that all conditions precedent provided for in the indenture relating to the satisfaction and discharge of the indenture have been complied with.

## **Modification and Waiver**

Our operating partnership and the trustee may modify and amend the indenture or the debt securities of any series without the consent of any holder of any debt security:

- to cure any ambiguity, defect or inconsistency,
- to comply with covenants in the indenture described above under the heading “Merger, Consolidation or Sale,”
- to provide for uncertificated securities in addition to or in place of certificated securities; provided that the uncertificated debt securities are issued in registered form for purposes of Section 163(f) of the Code,
- to surrender any of our operating partnership’s rights or powers under the indenture,

## Table of Contents

- to add covenants or events of default for the benefit of the holders of debt securities of any series,
- to comply with the applicable procedures of the applicable depositary,
- to make any change that does not adversely affect the rights of any holder of debt securities,
- to provide for the issuance of and establish the form and terms and conditions of debt securities of any series as permitted by the indenture,
- to effect the appointment of a successor trustee with respect to the debt securities of any series and to add to or change any of the provisions of the indenture to provide for or facilitate administration by more than one trustee,
- to comply with requirements of the Securities and Exchange Commission in order to effect or maintain the qualification of the indenture under the Trust Indenture Act,
- to reflect the release of a guarantor of the debt securities in accordance with the terms of the indenture, or
- to add guarantors with respect to any or all of the debt securities or to secure any or all of the debt securities or the guarantees.

Our operating partnership may also modify and amend the indenture with the consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modifications or amendments. Our operating partnership may not make any modification or amendment without the consent of the holders of each affected debt security then outstanding if that amendment will:

- reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver,
- reduce the rate of or extend the time for payment of interest (including default interest) on any debt security,
- reduce the principal or change the fixed maturity of, any debt security, or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation with respect to any series of debt securities,
- reduce the principal amount of discount securities payable upon acceleration of maturity,
- waive a Default or Event of Default in the payment of the principal of or interest, if any, on any debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration),
- make the principal of or interest, if any, on any debt security payable in any currency other than that stated in the debt security,
- make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal of and interest, if any, on those debt securities and to institute suit for the enforcement of any such payment and to waivers or amendments,
- waive a redemption payment with respect to any debt security, provided that such redemption is made at our operating partnership's option, or
- if the debt securities of that series are entitled to the benefit of a guarantee, release any guarantor of such series other than as provided in the indenture or modify the guarantee in any manner adverse to the holders.

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive

## **Table of Contents**

our compliance with provisions of the indenture. The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all of the debt securities of such series waive any past default under the indenture with respect to that series and its consequences, except a default in the payment of the principal of, or any premium or interest on, any debt security of that series; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration.

### **Regarding the Trustee**

Unless otherwise specified in a prospectus supplement, U.S. Bank Trust Company, National Association will initially act as the trustee, registrar and paying agent for the debt securities, subject to replacement at our operating partnership's option as provided in the indenture.

If an Event of Default occurs and is continuing, the trustee will be required to use the same degree of care and skill a prudent person would exercise or use under the circumstances in the conduct of its own affairs. The trustee will become obligated to exercise any of its powers under the indenture at the request of any of the holders of the required percentage under the indenture only after those holders have offered, and, if requested, provided the trustee indemnity satisfactory to it.

If the trustee becomes one of our creditors, it will be subject to limitations on its rights to obtain payment of claims or to realize on some property received for any such claim, as security or otherwise. The trustee is permitted to engage in other transactions with our operating partnership. If, however, it acquires any conflicting interest, it must eliminate that conflict or resign.

### **No Personal Liability of Directors, Officers, Employees or Stockholders**

No director, officer, employee, or stockholder will have any liability for any of our obligations or those of our operating partnership under the debt securities, the indenture, any guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of debt securities by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the debt securities. The waiver may not be effective to waive liabilities under the federal securities laws.

### **Governing Law**

The indenture, the debt securities and the guarantees will be governed by, and construed in accordance with, the laws of the State of New York.

### **RESTRICTIONS ON OWNERSHIP AND TRANSFER**

*The following summary with respect to restrictions on ownership and transfer of our stock sets forth certain general terms and provisions of our charter documents to which any prospectus supplement may relate. This summary does not purport to be complete and is subject to and qualified in its entirety by reference to our charter, as amended and supplemented from time to time, including any articles supplementary relating to any class or series of preferred stock offered pursuant to this prospectus. A copy of our existing charter is filed with the Securities and Exchange Commission and is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. Any amendment or supplement to our charter relating to a class or series of securities offered pursuant to this prospectus will be filed with the Securities and Exchange Commission and will be incorporated by reference as an exhibit to the applicable prospectus supplement. See “Where You Can Find More Information.”*

In order for us to qualify as a REIT under the Code, our stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. Also, not more than 50% of the value of the outstanding shares of our stock (after taking into account options to acquire shares of stock) may be owned, directly, indirectly or through application of certain attribution rules by five or fewer individuals (as defined in the Code to include certain entities) at any time during the last half of a taxable year (other than the first year for which an election to be a REIT has been made).

Our charter contains restrictions on the ownership and transfer of our stock that are intended to assist us in complying with these requirements and continuing to qualify as a REIT. The relevant sections of our charter provide that, subject to the exceptions described below, no person or entity may actually or beneficially own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Code, more than 9.8% (in value or in number of shares, whichever is more restrictive) of the outstanding shares of our common stock, our series B preferred stock or our series C preferred stock, excluding, in each case, any shares of such class of stock that are not treated as outstanding for federal income tax purposes, or more than 9.8% in value of the aggregate of the outstanding shares of all classes and series of our stock, excluding any shares of any class and series of our stock that are not treated as outstanding for federal income tax purposes. We refer to each of these restrictions as an “ownership limit” and collectively as the “ownership limits.” A person or entity that would have acquired actual, beneficial or constructive ownership of our stock but for the application of the ownership limits or any of the other restrictions on ownership and transfer of our stock discussed below is referred to as a “prohibited owner.”

The constructive ownership rules under the Code are complex and may cause stock owned actually or constructively by a group of related individuals and/or entities to be owned constructively by one individual or entity. As a result, the acquisition of less than 9.8% of our common stock (or the acquisition of an interest in an entity that owns, actually or constructively, our common stock) by an individual or entity, could, nevertheless cause that individual or entity, or another individual or entity, to own constructively in excess of 9.8% of our outstanding common stock and thereby violate the applicable ownership limit.

Our board of directors, in its sole and absolute discretion, may exempt (prospectively or retroactively) a person from any or all of the ownership limits if doing so would not result in us being “closely held” within the meaning of Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or otherwise failing to qualify as a REIT and our board of directors determines that:

- such exemption will not cause or permit any individual to actually or beneficially own more than 9.8% in value of the aggregate of the outstanding shares of all classes and series of our stock; and
- subject to certain exceptions, the person does not and will not own, actually or constructively, an interest in a tenant of ours (or a tenant of any entity owned in whole or in part by us) that would cause us to own, actually or constructively, more than a 9.9% interest (as set forth in Section 856(d)(2)(B) of the Code) in such tenant.

## Table of Contents

As a condition of the exception, our board of directors may require an opinion of counsel or Internal Revenue Service, or IRS, ruling, in either case in form and substance satisfactory to our board of directors, in its sole and absolute discretion, in order to determine or ensure our status as a REIT and representations and undertakings from the person seeking the exemption or excepted holder limit in order to make the determinations above. Our board of directors may impose such conditions or restrictions as it deems appropriate in connection with such an exception.

Our board of directors may, in its sole and absolute discretion, increase or decrease any or all of the ownership limits for one or more persons, except that a decreased ownership limit will not be effective for any person whose actual, beneficial or constructive ownership of our stock exceeds the decreased ownership limit at the time of the decrease until the person's actual, beneficial or constructive ownership of our stock equals or falls below the decreased ownership limit, although any further acquisition of shares of our stock or beneficial or constructive ownership of our stock will violate the decreased ownership limit. Our board of directors may not increase or decrease any ownership limit if, among other limitations, the new ownership limit would allow five or fewer persons to actually or beneficially own more than 49% in value of our outstanding stock, could cause us to be "closely held" under Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or could otherwise cause us to fail to qualify as a REIT.

Our charter further prohibits:

- any person from actually, beneficially or constructively owning shares of our stock that could result in our being "closely held" under Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or otherwise cause us to fail to qualify as a REIT (including, but not limited to, actual, beneficial or constructive ownership of shares of our stock that could result in us owning (actually or constructively) an interest in a tenant that is described in Section 856(d)(2)(B) of the Code if the income we derive from such tenant, taking into account our other income that would not qualify under the gross income requirements of Section 856(c) of the Code, would cause us to fail to satisfy any such gross income requirements imposed on REITS); and
- any person from transferring shares of our stock if such transfer would result in shares of our stock being beneficially owned by fewer than 100 persons (determined under the principles of Section 856(a)(5) of the Code).

Any person who acquires or attempts or intends to acquire actual, beneficial or constructive ownership of shares of our stock that will or may violate the ownership limits or any of the other restrictions on ownership and transfer of our stock described above must immediately give written notice to us or, in the case of a proposed or attempted transaction, provide us at least 15 days' prior written notice, and provide us with such other information as we may request in order to determine the effect of such transfer on our status as a REIT.

The ownership limits and other restrictions on ownership and transfer of our stock described above will not apply if our board of directors determines that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT or that compliance is no longer required in order for us to qualify as a REIT.

Pursuant to our charter, if any purported transfer of our stock or any other event would otherwise result in any person violating the ownership limits or such other limit established by our board of directors, or could result in our being "closely held" within the meaning of Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or otherwise failing to qualify as a REIT, then that number of shares causing the violation (rounded up to the nearest whole share) will be automatically transferred to, and held by, a trust for the exclusive benefit of one or more charitable organizations selected by us. The prohibited owner will have no rights in shares of our stock held by the trustee. The automatic transfer will be effective as of the close of business on the business day prior to the date of the violative transfer or other event that results in the transfer to the trust. Any dividend or other distribution paid to the prohibited owner, prior to our discovery that the shares had been automatically transferred to a trust as described above, must be repaid.

## Table of Contents

by the prohibited owner to the trustee upon demand. If the transfer to the trust as described above is not automatically effective, for any reason, to prevent violation of the applicable restriction on ownership and transfer of our stock, then that transfer of the number of shares that otherwise would cause any person to violate the above restrictions will be void. If any transfer of our stock would result in shares of our stock being beneficially owned by fewer than 100 persons (determined under the principles of Section 856(a)(5) of the Code), then any such purported transfer will be void and of no force or effect and the intended transferee will acquire no rights in the shares.

Shares of our stock transferred to the trustee are deemed offered for sale to us, or our designee, at a price per share equal to the lesser of (i) the price per share in the transaction that resulted in the transfer of the shares to the trust (or, in the event of a gift, devise or other such transaction, the last reported sale price on the day of the transfer or other event that resulted in the transfer of such shares to the trust) and (ii) the last reported sale price on the date we accept, or our designee accepts, such offer. We must reduce the amount payable to the prohibited owner by the amount of dividends and other distributions paid to the prohibited owner and owed by the prohibited owner to the trustee and pay the amount of such reduction to the trustee for the benefit of the charitable beneficiary. We have the right to accept such offer until the trustee has sold the shares of our stock held in the trust. Upon a sale to us, the interest of the charitable beneficiary in the shares sold terminates and the trustee must distribute the net proceeds of the sale to the prohibited owner and any dividends or other distributions held by the trustee with respect to such shares must be paid to the charitable beneficiary.

If we do not buy the shares, the trustee must, within 20 days of receiving notice from us of the transfer of shares to the trust, sell the shares to a person or persons designated by the trustee who could own the shares without violating the ownership limits or other restrictions on ownership and transfer of our stock. Upon such sale, the trustee must distribute to the prohibited owner an amount equal to the lesser of (i) the price paid by the prohibited owner for the shares (or, if the prohibited owner did not give value in connection with the transfer or other event that resulted in the transfer to the trust (e.g., a gift, devise or other such transaction), the last reported sale price on the day of the transfer or other event that resulted in the transfer of such shares to the trust) and (ii) the sales proceeds (net of commissions and other expenses of sale) received by the trustee for the shares. The trustee must reduce the amount payable to the prohibited owner by the amount of dividends and other distributions paid to the prohibited owner and owed by the prohibited owner to the trustee. Any net sales proceeds in excess of the amount payable to the prohibited owner will be immediately paid to the charitable beneficiary, together with any dividends or other distributions thereon. In addition, if prior to our discovery that shares of our stock have been transferred to the trustee, such shares of stock are sold by a prohibited owner, then such shares shall be deemed to have been sold on behalf of the trust and, to the extent that the prohibited owner received an amount for or in respect of such shares that exceeds the amount that such prohibited owner was entitled to receive, such excess amount must be paid to the trustee upon demand.

The trustee will be designated by us and will be unaffiliated with us and with any prohibited owner. Prior to the sale of any shares by the trust, the trustee will receive, in trust for the charitable beneficiary, all dividends and other distributions paid by us with respect to such shares, and may exercise all voting rights with respect to such shares for the exclusive benefit of the charitable beneficiary.

Subject to Maryland law, effective as of the date that the shares have been transferred to the trust, the trustee may, at the trustee's sole discretion:

- rescind as void any vote cast by a prohibited owner prior to our discovery that the shares have been transferred to the trust; and
- recast the vote in accordance with the desires of the trustee acting for the benefit of the charitable beneficiary of the trust.

However, if we have already taken irreversible corporate action, then the trustee may not rescind and recast the vote.

## Table of Contents

If our board of directors or a committee thereof determines that a proposed transfer or other event has taken place that violates the restrictions on ownership and transfer of our stock set forth in our charter, our board of directors or such committee may take such action as it deems advisable in its sole and absolute discretion to refuse to give effect to or to prevent such transfer, including, but not limited to, causing us to redeem shares of stock, refusing to give effect to the transfer on our books or instituting proceedings to enjoin the transfer.

Every owner of 5% or more (or such lower percentage as required by the Code or the Treasury Regulations promulgated thereunder) of the outstanding shares of our stock, within 30 days after the end of each taxable year, must give written notice to us stating the name and address of such owner, the number of shares of each class and series of our stock that the owner beneficially owns and a description of the manner in which the shares are held. Each such owner also must provide us with any additional information that we request in order to determine the effect, if any, of the person's actual or beneficial ownership on our status as a REIT and to ensure compliance with the ownership limits. In addition, any person that is an actual owner, beneficial owner or constructive owner of shares of our stock and any person (including the stockholder of record) who is holding shares of our stock for an actual owner, beneficial owner or constructive owner must, on request, disclose to us such information as we may request in order to determine our status as a REIT and comply with requirements of any taxing authority or governmental authority or to determine such compliance and to ensure compliance with the ownership limits.

Any certificates representing shares of our stock will bear a legend referring to the restrictions on ownership and transfer of our stock described above.

These restrictions on ownership and transfer of our stock could delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for our common stock that our stockholders believe to be in their best interest.

### **DESCRIPTION OF THE PARTNERSHIP AGREEMENT OF REXFORD INDUSTRIAL REALTY, L.P.**

*A summary of the material terms and provisions of the Eighth Amended and Restated Agreement of Limited Partnership of Rexford Industrial Realty, L.P., which we refer to as the “partnership agreement,” is set forth below. This summary is not complete and is subject to and qualified in its entirety by reference to the applicable provisions of Maryland law and the partnership agreement. For more detail, please refer to the partnership agreement itself, a copy of which is filed with the Securities and Exchange Commission. For purposes of this section, references to “we,” “our,” “us,” “our company” and the “general partner” refer to Rexford Industrial Realty, Inc., in our capacity as the general partner of our operating partnership. See “Where You Can Find More Information.”*

#### **General**

Substantially all of our assets are held by, and substantially all of our operations are conducted through, our operating partnership, either directly or through its subsidiaries. We are the sole general partner of our operating partnership, and, as of September 30, 2023, 213,435,271 common units of partnership interests in our operating partnership, or common units, were outstanding and we owned 96.6% of the outstanding common units, in each case, including common units issuable upon conversion of vested performance units and vested LTIP units of our operating partnership. In connection with the formation transactions completed in connection with our initial public offering, we became the general partner of our operating partnership and the prior investors in our portfolio prior to the formation transactions who elected to receive common units in our formation transactions and concurrent private placement were admitted as limited partners of our operating partnership. Our operating partnership is also authorized to issue a class of units of partnership interest designated as LTIP Units, a class of units of partnership interest designated as Performance Units, a class of units of partnership interest designated as 4.43937% Cumulative Redeemable Convertible Preferred Units, which we refer to as series 1 CPOP units, a class of units of partnership interest designated as 4.00% Cumulative Redeemable Convertible Preferred Units, which we refer to as series 2 CPOP units, a class of units of partnership interest designated as 3.00% Cumulative Redeemable Convertible Preferred Units, which we refer to as series 3 CPOP units, a class of units of partnership interest designated as 5.875% Series B Cumulative Redeemable Preferred Units, which we refer to as series B preferred units, and a class of units of partnership interest designated as 5.625% Series C Cumulative Redeemable Preferred Units, which we refer to as series C preferred units, each having the terms described below. We refer to the series 1 CPOP units, the series 2 CPOP units and the series 3 CPOP units as the CPOP units for purposes of describing the three series together. We refer to the series B preferred units and the series C preferred units as the series B/C preferred units for purposes of describing the two series together. The units of partnership interest in our operating partnership of any class or series are not listed on any exchange nor are they quoted on any national market system.

Provisions in the partnership agreement may delay or make more difficult unsolicited acquisitions of us or changes in our control. These provisions could discourage third parties from making proposals involving an unsolicited acquisition of us or change of our control, although some stockholders might consider such proposals, if made, desirable. These provisions also make it more difficult for third parties to alter the management structure of our operating partnership without the concurrence of our board of directors. These provisions include, among others:

- redemption rights of limited partners and certain assignees of common units;
- transfer restrictions on common units and other partnership interests;
- a requirement that we may not be removed as the general partner of our operating partnership without our consent;
- our ability in some cases to amend the partnership agreement and to cause our operating partnership to issue preferred partnership interests in our operating partnership with terms that we may determine, in either case, without the approval or consent of any limited partner; and

## Table of Contents

- the right of the limited partners to consent to certain transfers of our general partnership interest (whether by sale, disposition, statutory merger or consolidation, liquidation or otherwise).

### **Purpose, Business and Management**

Our operating partnership was formed for the purpose of conducting any business, enterprise or activity permitted by or under the Maryland Revised Uniform Limited Partnership Act (the “Act”). Our operating partnership may enter into any partnership, joint venture, business trust arrangement, limited liability company or other similar arrangement and may own interests in any other entity engaged in any business permitted by or under the Act, subject to any consent rights set forth in our partnership agreement.

In general, our board of directors manages the business and affairs of our operating partnership by directing our business and affairs, in our capacity as the sole general partner of our operating partnership. Except as otherwise expressly provided in the partnership agreement and subject to the rights of holders of any class or series of partnership interest, all management powers over the business and affairs of our operating partnership are exclusively vested in us, in our capacity as the sole general partner of our operating partnership. We may not be removed as the general partner of our operating partnership, with or without cause, without our consent, which we may give or withhold in our sole and absolute discretion.

### **Restrictions on General Partner’s Authority**

The partnership agreement prohibits us, in our capacity as general partner, from taking any action that would make it impossible to carry out the ordinary business of our operating partnership or performing any act that would subject a limited partner to liability as a general partner in any jurisdiction or any other liability except as provided under the partnership agreement or under the Act. We generally may not, without the prior consent of the partners of our operating partnership (including us), amend, modify or terminate the partnership agreement, except for certain amendments described below that require the approval of each affected partner. We may not, in our capacity as the general partner of our operating partnership, without the consent of a majority in interest of the limited partners (excluding us and any limited partner 50% or more of whose equity is owned, directly or indirectly, by us):

- take any action in contravention of an express prohibition or limitation of the partnership agreement;
- transfer all or any portion of our general partnership interest in our operating partnership or admit any person as a successor general partner, subject to the exceptions described in “—Transfers of Partnership Interests—Restrictions on Transfers by the General Partner”; or
- voluntarily withdraw as the general partner.

Without the consent of each affected limited partner or in connection with a transfer of all of our interests in our partnership in connection with a merger, consolidation or other combination of our assets with another entity, a sale of all or substantially all of our assets or a reclassification, recapitalization or change in our outstanding stock permitted without the consent of the limited partners as described in “—Transfers of Partnership Interests—Restrictions on Transfers by the General Partner,” or a permitted termination transaction, we may not enter into any contract, mortgage, loan or other agreement that expressly prohibits or restricts us or our operating partnership from performing our or its specific obligations in connection with a redemption of units or expressly prohibits or restricts a limited partner from exercising its redemption rights in full. In addition to any approval or consent required by any other provision of the partnership agreement, we may not, without the consent of each affected partner, amend the partnership agreement or take any other action that would:

- convert a limited partner interest into a general partner interest (other than as a result of our acquisition of that interest);
- adversely modify in any material respect the limited liability of a limited partner;

## **Table of Contents**

- alter the rights of any partner to receive the distributions to which such partner is entitled, or alter the allocations specified in the partnership agreement, except to the extent permitted by the partnership agreement including in connection with the creation or issuance of any new class or series of partnership interest or to effect or facilitate a permitted termination transaction;
- alter or modify the redemption rights of holders of common units (except as permitted under the partnership agreement to effect or facilitate a permitted termination transaction);
- alter or modify the provisions governing the transfer of our general partnership interest in our operating partnership (except as permitted under the partnership agreement to effect or facilitate a permitted termination transaction);
- remove certain provisions of the partnership agreement relating to the requirements for us to qualify as a REIT or permitting us to avoid paying tax under Sections 857 or 4981 of the Code; or
- amend the provisions of the partnership agreement requiring the consent of each affected partner before taking any of the actions described above or the related definitions specified in the partnership agreement (except as permitted under the partnership agreement to effect or facilitate a permitted termination transaction).

### **Additional Limited Partners**

We may cause our operating partnership to issue additional units in one or more classes or series or other partnership interests and to admit additional limited partners to our operating partnership from time to time, on such terms and conditions and for such capital contributions as we may establish in our sole and absolute discretion, without the approval or consent of any limited partner.

The partnership agreement currently authorizes our operating partnership to issue common units, LTIP Units, Performance Units, CPOP units and series B/C preferred units, except as may be specified in the terms of any class or series of units, and our operating partnership may issue additional partnership interests in one or more additional classes, or one or more series of any of such classes, with such designations, preferences, conversion and other rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption (including, without limitation, terms that may be senior or otherwise entitled to preference over existing units) as we may determine, in our sole and absolute discretion, without the approval of any limited partner or any other person. Without limiting the generality of the foregoing, we may specify, as to any such class or series of partnership interest, the allocations of items of partnership income, gain, loss, deduction and credit to each such class or series of partnership interest.

### **Ability to Engage in Other Businesses; Conflicts of Interest**

The partnership agreement provides that we may not conduct any business other than in connection with the ownership, acquisition and disposition of partnership interests, the management of the business and affairs of our operating partnership, our operation as a reporting company with a class (or classes) of securities registered under the Exchange Act, our operations as a REIT, the offering, sale, syndication, private placement or public offering of stock, bonds, securities or other interests, financing or refinancing of any type related to our operating partnership or its assets or activities and such activities as are incidental to those activities discussed above. In general, we must contribute any assets or funds that we acquire to our operating partnership whether as capital contributions, loans or otherwise, as appropriate, in exchange for additional partnership interests. We may, however, in our sole and absolute discretion, from time to time hold or acquire assets in our own name or otherwise other than through our operating partnership so long as we take commercially reasonable measures to ensure that the economic benefits and burdens of such property are otherwise vested in our operating partnership.

## [Table of Contents](#)

### **Distributions**

Our operating partnership will distribute such amounts, at such times, as we may in our sole and absolute discretion determine:

- first, with respect to any partnership interests that are entitled to any preference in distribution, including the series B/C preferred units and the CPOP units, in accordance with the rights of the holders of such class(es) of partnership interest, and, within each such class, among the holders of such class pro rata in proportion to their respective percentage interests of such class; and
- second, with respect to any partnership interests that are not entitled to any preference in distribution, including the common units and, except as described below with respect to liquidating distributions and as may be provided in any incentive award plan or any applicable award agreement, the LTIP Units and Performance Units, in accordance with the rights of the holders of such class(es) of partnership interest, and, within each such class, among the holders of each such class, pro rata in proportion to their respective percentage interests of such class.

### **Exculpation and Indemnification of General Partner**

The partnership agreement provides that we are not liable to our operating partnership or any partner for any action or omission taken in our capacity as general partner, for the debts or liabilities of our operating partnership or for the obligations of our operating partnership under the partnership agreement, except for liability for our fraud, willful misconduct or gross negligence, pursuant to any express indemnity we may give to our operating partnership or in connection with a redemption as described in “—Redemption Rights of Qualifying Parties.” The partnership agreement also provides that any obligation or liability in our capacity as the general partner of our operating partnership that may arise at any time under the partnership agreement or any other instrument, transaction or undertaking contemplated by the partnership agreement will be satisfied, if at all, out of our assets or the assets of our operating partnership only, and no such obligation or liability will be personally binding upon any of our directors, stockholders, officers, employees or agents.

In addition, the partnership agreement requires our operating partnership to indemnify us, our directors and officers, officers of our operating partnership and any other person designated by us against any and all losses, claims, damages, liabilities (whether joint or several), expenses (including, without limitation, attorneys’ fees and other legal fees and expenses), judgments, fines, settlements and other amounts arising from any and all claims, demands, actions, suits or proceedings, whether civil, criminal, administrative or investigative, that relate to the operations of our operating partnership, unless (i) an act or omission of the person was material to the matter giving rise to the action and either was committed in bad faith or was the result of active and deliberate dishonesty, (ii) in the case of a criminal proceeding, the person had reasonable cause to believe the act or omission was unlawful or (iii) such person actually received an improper personal benefit in violation or breach of any provision of the partnership agreement. Our operating partnership must also pay or reimburse the reasonable expenses of any such person in advance of a final disposition of the proceeding upon its receipt of a written affirmation of the person’s good faith belief that the standard of conduct necessary for indemnification has been met and a written undertaking by or on behalf of the person to repay any amounts paid or advanced if it is ultimately determined that the person did not meet the standard of conduct for indemnification. Our operating partnership is not required to indemnify or advance funds to any person with respect to any action initiated by the person seeking indemnification without our approval (except for any proceeding brought to enforce such person’s right to indemnification under the partnership agreement) or if the person is found to be liable to our operating partnership on any portion of any claim in the action.

### **Business Combinations and Dissolution of our Operating Partnership**

Subject to the limitations on the transfer of our interest in our operating partnership described in “—Transfers of Partnership Interests—Restrictions on Transfers by the General Partner,” we generally have the

## **Table of Contents**

exclusive power to cause our operating partnership to merge, reorganize, consolidate, sell all or substantially all of its assets or otherwise combine its assets with another entity. We may also elect to dissolve our operating partnership without the consent of any limited partner. However, in connection with the acquisition of properties from persons to whom our operating partnership issues common units or other partnership interests as part of the purchase price, in order to preserve such persons' tax deferral, our operating partnership may contractually agree, in general, not to sell or otherwise transfer the properties for a specified period of time, or in some instances, not to sell or otherwise transfer the properties without compensating the sellers of the properties for their loss of the tax deferral.

### **Redemption Rights of Qualifying Parties**

Beginning 14 months after first acquiring such common units, each limited partner and some assignees of limited partners will have the right, subject to the terms and conditions set forth in the partnership agreement, to require our operating partnership to redeem all or a portion of the common units held by such limited partner or assignee in exchange for a cash amount per common unit equal to the value of one share of our common stock, determined in accordance with and subject to adjustment under the partnership agreement. Our operating partnership's obligation to redeem common units does not arise and is not binding against our operating partnership until the sixth business day after we receive the holder's notice of redemption or, if earlier, the day we notify the holder seeking redemption that we have declined to acquire some or all of the common units tendered for redemption. If we do not elect to acquire the common units tendered for redemption in exchange for shares of our common stock (as described below), our operating partnership must deliver the cash redemption amount, subject to certain exceptions, on or before the seventh calendar day after we receive the holder's notice of redemption. Among other limitations, a limited partner or qualifying assignee may not require our operating partnership to redeem its common units if the exchange of such units for shares of our common stock would cause any person to violate the restrictions on ownership and transfer of our stock or violate certain limitations intended to prevent our operating partnership from being treated as a "publicly traded partnership" under the Code.

On or before the close of business on the fifth business day after a holder of common units gives notice of redemption to us, we may, in our sole and absolute discretion but subject to the restrictions on the ownership and transfer of our stock set forth in our charter and described in "Restrictions on Ownership and Transfer," elect to acquire some or all of the common units tendered for redemption from the tendering party in exchange for shares of our common stock, based on an exchange ratio of one share of common stock for each common unit, subject to adjustment as provided in the partnership agreement. The partnership agreement does not require us to register, qualify or list any shares of common stock issued in exchange for common units with the Securities and Exchange Commission, with any state securities commissioner, department or agency, under the Securities Act or the Exchange Act or with any stock exchange.

### **Transfers of Partnership Interests**

#### ***Restrictions on Transfers by Limited Partners***

Until the expiration of 14 months (or six months for holders of CPOP units) after the date on which a limited partner acquires a partnership interest, the limited partner generally may not directly or indirectly transfer all or any portion of such partnership interest without our consent, which we may give or withhold in our sole and absolute discretion, except for certain permitted transfers to certain affiliates, family members and charities, and certain pledges of partnership interests to lending institutions in connection with bona fide loans. After the expiration of such initial holding period, the limited partner will have the right to transfer all or any portion of its partnership interest without our consent to any person that is an "accredited investor," within meaning set forth in Rule 501 promulgated under the Securities Act, upon ten business days prior notice to us, subject to the satisfaction of conditions specified in the partnership agreement, including minimum transfer requirements and our right of first refusal.

## [Table of Contents](#)

### ***Restrictions on Transfers by the General Partner***

Except as described below, any transfer of all or any portion of our interest in our operating partnership, whether by sale, disposition, statutory merger or consolidation, liquidation or otherwise, must be approved by the consent of a majority in interest of the limited partners (excluding us and any limited partner 50% or more of whose equity is owned, directly or indirectly, by us). Subject to the rights of holders of any class or series of partnership interest, we may transfer all (but not less than all) of our general partnership interest without the consent of the limited partners in connection with a permitted termination transaction, which is a merger, consolidation or other combination of our assets with another entity, a sale of all or substantially all of our assets or a reclassification, recapitalization or change in any outstanding shares of our stock or other outstanding equity interests, if:

- in connection with such event, all of the limited partners will receive or have the right to elect to receive, for each common unit, the greatest amount of cash, securities or other property paid to a holder of one share of our common stock (subject to adjustment in accordance with the partnership agreement) in the transaction and, if a purchase, tender or exchange offer is made and accepted by holders of our common stock in connection with the event, each holder of common units receives, or has the right to elect to receive, the greatest amount of cash, securities or other property that the holder would have received if it had exercised its redemption right and received shares of our common stock in exchange for its common units immediately before the expiration of the purchase, tender or exchange offer and had accepted the purchase, tender or exchange offer; or
- substantially all of the assets of our operating partnership will be owned directly or indirectly by a surviving entity (which may be our operating partnership, another limited partnership or a limited liability company) in which the limited partners of our operating partnership holding common units immediately before the event will hold a percentage interest based on the relative fair market value of the net assets of our operating partnership and the other net assets of the surviving entity immediately before the event, which interest will be on terms that are at least as favorable as the terms of the common units in effect immediately before the event and as those applicable to any other limited partners or non-managing members of the surviving entity and will include a right to redeem interests in the surviving entity for the consideration described in the preceding bullet or cash on similar terms as those in effect with respect to the common units immediately before the event, or, if common equity securities of the person controlling the surviving entity are publicly traded, such common equity securities.

We may also transfer all (but not less than all) of our interest in our operating partnership to an affiliate of us without the consent of any limited partner, subject to the rights of holders of any class or series of partnership interest.

In addition, any transferee of our interest in our operating partnership must be admitted as a general partner of our operating partnership, assume, by operation of law or express agreement, all of our obligations as general partner under the partnership agreement, accept all of the terms and conditions of the partnership agreement and execute such instruments as may be necessary to effectuate the transferee's admission as a general partner.

We may not voluntarily withdraw as the general partner of our operating partnership without the consent of a majority in interest of the limited partners (excluding us and any limited partner 50% or more of whose equity is owned, directly or indirectly, by us) other than upon the transfer of our entire interest in our operating partnership and the admission of our successor as a general partner of our operating partnership.

### **LTIP Units**

Our operating partnership is authorized to issue a class of units of partnership interest designated as "LTIP Units." We may cause our operating partnership to issue LTIP Units to persons who provide services to or for the benefit of our operating partnership, for such consideration or for no consideration as we may determine to be

## **Table of Contents**

appropriate, and we may admit such persons as limited partners of our operating partnership, without the approval or consent of any limited partner. Further, we may cause our operating partnership to issue LTIP Units in one or more classes or series, with such terms as we may determine, without the approval or consent of any limited partner. LTIP Units may be subject to vesting, forfeiture and restrictions on transfer and receipt of distributions pursuant to the terms of any applicable equity-based plan and the terms of any award agreement relating to the issuance of the LTIP Units.

### ***Conversion Rights***

Vested LTIP Units are convertible at the option of each limited partner and some assignees of limited partners (in each case, that hold vested LTIP Units) into common units, upon notice to us and our operating partnership, to the extent that the capital account balance of the LTIP unitholder with respect to all of his or her LTIP Units is at least equal to our capital account balance with respect to an equal number of common units. We may cause our operating partnership to convert vested LTIP Units eligible for conversion into an equal number of common units at any time, upon at least 10 and not more than 60 days' notice to the holder of the LTIP Units.

If we or our operating partnership is party to a transaction, including a merger, consolidation, sale of all or substantially all of our assets or other business combination, as a result of which common units are exchanged for or converted into the right, or holders of common units are otherwise entitled, to receive cash, securities or other property (or any combination thereof), we must cause our operating partnership to convert any vested LTIP Units then eligible for conversion into common units immediately before the transaction, taking into account any special allocations of income that would be made as a result of the transaction. Our operating partnership must use commercially reasonable efforts to cause each limited partner (other than a party to such a transaction or an affiliate of such a party) holding LTIP Units that will be converted into common units in such a transaction to be afforded the right to receive the same kind and amount of cash, securities and other property (or any combination thereof) for such common units that each holder of common units receives in the transaction.

### ***Transfer***

Unless an applicable equity-based plan or the terms of an award agreement specify additional restrictions on transfer of LTIP Units, LTIP Units are transferable to the same extent as common units, as described above in “—Transfers of Partnership Interests.”

### ***Voting Rights***

Limited partners holding LTIP Units are entitled to vote together as a class with limited partners holding common units and Performance Units on all matters on which limited partners holding common units are entitled to vote or consent, and may cast one vote for each LTIP Unit so held.

### ***Adjustment of LTIP Units***

If our operating partnership takes certain actions, including making a distribution of units on all outstanding common units, combining or subdividing the outstanding common units into a different number of common units or reclassifying the outstanding common units, we must adjust the number of outstanding LTIP Units or subdivide or combine outstanding LTIP Units to maintain a one-for-one conversion ratio and economic equivalence between common units and LTIP Units.

### ***Performance Units***

Our operating partnership is authorized to issue a class of units of partnership interest designated as “Performance Units.” We may cause our operating partnership to issue Performance Units to persons who provide services to or for the benefit of our operating partnership, for such consideration or for no consideration

## **Table of Contents**

as we may determine to be appropriate, and we may admit such persons as limited partners of our operating partnership, without the approval or consent of any limited partner. Further, we may cause our operating partnership to issue Performance Units in one or more classes or series, with such terms as we may determine, without the approval or consent of any limited partner. Performance Units may be subject to vesting, forfeiture and restrictions on transfer and receipt of distributions pursuant to the terms of any applicable equity-based plan and the terms of any award agreement relating to the issuance of the Performance Units.

### ***Conversion Rights***

Vested Performance Units are convertible at the option of each limited partner and some assignees of limited partners (in each case, that hold vested Performance Units) into common units, upon notice to us and our operating partnership, to the extent that the capital account balance of the Performance Unit unitholder with respect to all of his or her Performance Units is at least equal to our capital account balance with respect to an equal number of common units. We may cause our operating partnership to convert vested Performance Units eligible for conversion into an equal number of common units at any time, upon at least 10 and not more than 60 days' notice to the holder of the Performance Units.

If we or our operating partnership is party to a transaction, including a merger, consolidation, sale of all or substantially all of our assets or other business combination, as a result of which common units are exchanged for or converted into the right, or holders of common units are otherwise entitled, to receive cash, securities or other property (or any combination thereof), we must cause our operating partnership to convert any vested Performance Units then eligible for conversion into common units immediately before the transaction, taking into account any special allocations of income that would be made as a result of the transaction. Our operating partnership must use commercially reasonable efforts to cause each limited partner (other than a party to such a transaction or an affiliate of such a party) holding Performance Units that will be converted into common units in such a transaction to be afforded the right to receive the same kind and amount of cash, securities and other property (or any combination thereof) for such common units that each holder of common units receives in the transaction.

### ***Transfer***

Unless an applicable equity-based plan or the terms of an award agreement specify additional restrictions on transfer of Performance Units, Performance Units are transferable to the same extent as common units, as described above in “—Transfers of Partnership Interests.”

### ***Voting Rights***

Limited partners holding Performance Units are entitled to vote together as a class with limited partners holding common units and LTIP Units on all matters on which limited partners holding common units are entitled to vote or consent, and may cast one vote for each Performance Unit so held.

### ***Adjustment of Performance Units***

If our operating partnership takes certain actions, including making a distribution of units on all outstanding common units, combining or subdividing the outstanding common units into a different number of common units or reclassifying the outstanding common units, we must adjust the number of outstanding Performance Units or subdivide or combine outstanding Performance Units to maintain a one-for-one conversion ratio and economic equivalence between common units and Performance Units.

### **CPOP Units**

Our operating partnership is authorized to issue 593,960 series 1 CPOP units, 906,374 series 2 CPOP units and 164,998 series 3 CPOP units. As of September 30, 2023, there are 593,960 series 1 CPOP units, 906,374

## **Table of Contents**

series 2 CPOP units and 164,998 series 3 CPOP units issued and outstanding. CPOP units rank senior to the common units, LTIP Units and Performance Units and on parity with the series B/C preferred units. When and as authorized by us in our capacity as general partner, holders of series 1 CPOP units are entitled to receive cumulative cash distributions at the rate of 4.43937% per annum of the \$45.50952 per series 1 CPOP unit liquidation preference, holders of series 2 CPOP units are entitled to cumulative cash distributions at the rate of 4.00% per annum of the \$45.00 liquidation preference per series 2 CPOP unit, and holders of series 3 CPOP units are entitled to receive cumulative cash distributions at the rate of 3.00% per annum of the \$72.72825 liquidation preference per series 3 CPOP unit, in each case, payable quarterly in arrears on or about the last day of March, June, September and December of each year. Holders of CPOP units are also entitled to receive a liquidation preference equal to \$45.50952 per series 1 CPOP unit, \$45.00 per series 2 CPOP unit or \$72.72825 per series 3 CPOP unit, in each case plus any accumulated and unpaid distributions thereon (whether or not authorized or declared), before the holders of the operating partnership's common units, LTIP Units, Performance Units or other junior securities receive any distributions in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of our operating partnership (but, in the case of distributions upon the liquidation, dissolution or winding up of the affairs of our operating partnership, only to the extent consistent with a liquidation in accordance with positive capital account balances). The CPOP units are not listed on any exchange nor are they quoted on any national market system.

### ***Conversion Rights***

The series 1 CPOP units are convertible (i) at the option of the holder any time from time to time, or (ii) at the option of the operating partnership, at any time on or after April 10, 2024, in each case, into common units on a one-for-one basis, subject to adjustment to eliminate fractional units or to the extent that there are any accrued and unpaid distributions on the series 1 CPOP units. The series 2 CPOP units are convertible (i) at the option of the holder any time from time to time or (ii) at the option of the operating partnership, at any time on or after March 5, 2025, in each case, into 0.7722 common units per series 2 CPOP unit, subject to adjustment to eliminate fractional units or to the extent that there are any accrued and unpaid distributions on the series 2 CPOP units. The series 3 CPOP units are convertible (i) at the option of the holder from any time from time to time or (ii) at the option of the operating partnership, at any time on or after March 17, 2027, in each case, into common units on a one-for-one basis, subject to adjustment to eliminate fractional units or to the extent that there are any accrued and unpaid distributions on the series 3 CPOP units.

### ***Transfer***

CPOP units are transferrable to the same extent as common units, as described above in “—Transfers of Partnership Interests—Restrictions on Transfers by the General Partner.”

### ***Voting Rights***

Generally, the CPOP units are entitled to limited voting rights and in most cases vote on an as-converted basis with the holders of common units on matters on which all limited partners are entitled to vote. So long as any series 1 CPOP units remain outstanding, the consent of the limited partners holding a majority in interest of the series 1 CPOP units, other than any limited partner 50% or more of whose equity is owned, directly or indirectly, by the Company, will be required to amend, alter or repeal the terms of the series 1 CPOP units so as to materially and adversely affect any right, preference or privilege of the series 1 CPOP units. So long as any series 2 CPOP units remain outstanding, the consent of the limited partners holding a majority in interest of the series 2 CPOP units, other than any limited partner 50% or more of whose equity is owned, directly or indirectly, by the Company, will be required to (i) amend, alter or repeal the terms of the series 2 CPOP units so as to materially and adversely affect any right, preference or privilege of the series 2 CPOP units and (ii) subject to certain exceptions, complete certain of the following termination transactions (a) a merger, consolidation or other combination of the Company or the operating partnership's assets with another entity, (b) a sale of all or substantially all of the Company or the operating partnership's assets not in the ordinary course of the operating

partnership's business or (c) a reclassification, recapitalization or change of any outstanding shares of the Company's stock or other outstanding equity interests. So long as any series 3 CPOP units remain outstanding, the consent of the limited partners holding a majority in interest of the series 3 CPOP units, other than any limited partner 50% or more of whose equity is owned, directly or indirectly, by the Company, will be required to (i) amend, alter or repeal the terms of the series 3 CPOP units so as to materially and adversely affect any right, preference or privilege of the series 3 CPOP units.

### **Series B/C Preferred Units**

Our operating partnership is authorized to issue 3,000,000 series B preferred units and 3,450,000 series C preferred units. As of September 30, 2023, there are 3,000,000 series B preferred units and 3,450,000 series C preferred units issued and outstanding and we owned 100% of the outstanding series B/C preferred units. Series B/C preferred units rank senior to the common units, LTIP Units and Performance Units and on parity with the CPOP units. Holders of series B preferred units are entitled to receive preferential cash distributions in an amount equal to 5.875% per annum on the stated value of \$25.00 per series B preferred unit, or \$1.46875 per annum per series B preferred unit, and holders of series C preferred units are entitled to receive preferential cash distributions in an amount equal to 5.625% per annum on the stated value of \$25.00 per series C preferred unit, or \$1.40625 per annum per series C preferred unit. Holders of series B/C preferred units are also entitled to receive a liquidation preference in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of our operating partnership that are substantially similar to those of the series B/C preferred stock (but, in the case of distributions upon the liquidation, dissolution or winding up of the affairs of our operating partnership, only to the extent consistent with a liquidation in accordance with positive capital account balances). Series B/C preferred units are also subject to redemption by our operating partnership in connection with our reacquisition of shares of series B/C preferred stock. See "Description of Preferred Stock—Series B Preferred Stock and Series C Preferred Stock." The Series B/C preferred units are not listed on any exchange nor are they quoted on any national market system.

### ***Conversion Rights***

Series B/C preferred units will be converted into common units in the event of a conversion of series B/C preferred stock, as applicable, at the option of holders of shares of series B/C preferred stock pursuant to the articles supplementary designating the terms of the series B/C preferred stock, as described above in "Description of Preferred Stock—Series B Preferred Stock and Series C Preferred Stock."

### ***Transfer***

Series B/C preferred units are transferrable to the same extent as common units, as described above in "—Transfers of Partnership Interests—Restrictions on Transfers by the General Partner."

### ***Voting Rights***

The general partner will not have any voting or consent rights in respect of its partnership interest represented by the series B/C preferred units.

### **MATERIAL PROVISIONS OF MARYLAND LAW AND OF OUR CHARTER AND BYLAWS**

*The following summary of certain provisions of Maryland law and of our charter and bylaws does not purport to be complete and is subject to and qualified in its entirety by reference to Maryland law and our charter and bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus is part. See “Where You Can Find More Information.”*

#### **Our Board of Directors**

Our charter and bylaws provide that the number of directors of our company may be established, increased or decreased only by a majority of our entire board of directors but may not be fewer than the minimum number required by the MGCL nor, unless our bylaws are amended, more than 15.

We have elected by a provision of our charter to be subject to a provision of Maryland law requiring that, except as may be provided by our board of directors in setting the terms of any class or series of stock, any vacancy on our board of directors may be filled only by a majority of the remaining directors, even if the remaining directors do not constitute a quorum. Any director so elected will serve for the remainder of the full term of the directorship in which the vacancy occurred and until a successor is duly elected and qualifies.

Each of our directors is elected by our stockholders to serve until the next annual meeting of stockholders and until his or her successor is duly elected and qualifies. Holders of shares of our common stock will have no right to cumulative voting in the election of directors. Directors are elected by the affirmative vote of a majority of all the votes cast “for” and “against” the election of a nominee at any meeting of stockholders duly called and at which a quorum is present; provided, however, that directors are elected by a plurality of the votes cast in the election of directors if there is a contested election. Our corporate governance guidelines provide that a nominee for director in an uncontested election not elected by the vote required in the bylaws and who is an incumbent director shall promptly tender his or her resignation to the board of directors for consideration.

#### **Removal of Directors**

Our charter provides that, subject to the rights of holders of one or more classes or series of preferred stock to elect or remove one or more directors, a director may be removed only for cause (as defined in our charter) and then only by the affirmative vote of at least two-thirds of the votes entitled to be cast generally in the election of directors. This provision, when coupled with the exclusive power of our board of directors to fill vacant directorships, may preclude stockholders from removing incumbent directors except for cause and by a substantial affirmative vote and filling the vacancies created by such removal with their own nominees.

#### **Business Combinations**

Under the MGCL, certain “business combinations” (including a merger, consolidation, statutory share exchange or, in certain circumstances specified under the statute, an asset transfer or issuance or reclassification of equity securities) between a Maryland corporation and any interested stockholder, or an affiliate of such an interested stockholder, are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. Maryland law defines an interested stockholder as:

- any person who beneficially owns, directly or indirectly, 10% or more of the voting power of the corporation’s outstanding voting stock; or
- an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then outstanding voting stock of the corporation.

A person is not an interested stockholder under the statute if the board of directors approved in advance the transaction by which the person otherwise would have become an interested stockholder. In approving a transaction, however, a board of directors may provide that its approval is subject to compliance, at or after the time of the approval, with any terms and conditions determined by it.

## Table of Contents

After such five-year period, any such business combination must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least:

- 80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and
- two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom (or with whose affiliate) the business combination is to be effected or held by an affiliate or associate of the interested stockholder.

These supermajority approval requirements do not apply if, among other conditions, the corporation's common stockholders receive a minimum price (as defined in the MGCL) for their shares and the consideration is received in cash or in the same form as previously paid by the interested stockholder for its shares.

These provisions of the MGCL do not apply, however, to business combinations that are approved or exempted by a corporation's board of directors prior to the time that the interested stockholder becomes an interested stockholder. Our board of directors has, by resolution, elected to opt out of the business combination provisions of the MGCL. We cannot provide you any assurance, however, that our board of directors will not opt to be subject to such business combination provision at any time in the future. Notwithstanding the foregoing, an alteration or repeal of this resolution will not have any effect on any business combinations that have been consummated or upon any agreements existing at the time of such modification or repeal.

### **Control Share Acquisitions**

The MGCL provides that holders of "control shares" of a Maryland corporation acquired in a "control share acquisition" have no voting rights with respect to their control shares except to the extent approved by the stockholders by the affirmative vote of at least two-thirds of the votes entitled to be cast in the election of directors, generally, excluding shares of stock in a corporation in respect of which any of the following persons is entitled to exercise or direct the exercise of the voting power in the election of directors: (1) the person who made or proposes to make a control share acquisition, (2) an officer of the corporation or (3) an employee of the corporation who is also a director of the corporation. "Control shares" are voting shares of stock that, if aggregated with all other such shares of stock previously acquired by the acquirer or in respect of which the acquirer is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would cause the acquirer to be entitled to exercise voting power in electing directors within one of the following ranges of voting power:

- one-tenth or more but less than one-third;
- one-third or more but less than a majority; or
- a majority or more of all voting power.

Control shares do not include shares that the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval or shares acquired directly from the corporation. A "control share acquisition" means the acquisition, directly or indirectly, of ownership of, or the power to direct the exercise of voting power with respect to, issued and outstanding control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition, upon satisfaction of certain conditions (including an undertaking to pay expenses and making an "acquiring person statement" as described in the MGCL), may compel the corporation to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the control shares. If no request for a special meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights of control shares are not approved at the meeting or if the acquiring person does not deliver an "acquiring person statement" as required by the statute, then, subject to certain conditions and limitations, the

## Table of Contents

corporation may redeem any or all of the control shares (except those for which voting rights have previously been approved) for fair value determined, without regard to the absence of voting rights for the control shares, as of the date of any meeting of stockholders at which the voting rights of such shares are considered and not approved or, if no such meeting is held, as of the date of the last control acquisition by the acquirer. If voting rights for control shares are approved at a stockholders meeting and the acquirer becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of such appraisal rights may not be less than the highest price per share paid by the acquirer in the control share acquisition.

The control share acquisition statute does not apply to: (1) shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (2) acquisitions approved or exempted by the charter or bylaws of the corporation.

Our bylaws contain a provision exempting from the control share acquisition statute any and all acquisitions by any person of shares of our stock. We cannot provide you any assurance, however, that either our board of directors or stockholders will not amend or eliminate this provision at any time in the future.

### **Subtitle 8**

Subtitle 8 of Title 3 of the MGCL, or Subtitle 8, permits a Maryland corporation with a class of equity securities registered under the Exchange Act and at least three independent directors to elect to be subject, by provision in its charter or bylaws or a resolution of its board of directors and notwithstanding any contrary provision in the charter or bylaws, to any or all of the following five provisions:

- a classified board;
- a two-thirds vote requirement for removing a director;
- a requirement that the number of directors be fixed only by the board of directors;
- a requirement that a vacancy on the board be filled only by the remaining directors and for the remainder of the full term of the class of directors in which the vacancy occurred; or
- a majority requirement for the calling of a stockholder-requested special meeting of stockholders.

We have elected by a provision in our charter to be subject to the provisions of Subtitle 8 relating to the filling of vacancies on our board of directors. Through provisions in our charter and bylaws unrelated to Subtitle 8, we already (1) require a two-thirds vote for the removal of any director from the board, which removal will be allowed only for cause, (2) vest in the board the exclusive power to fix the number of directorships, subject to limitations set forth in our charter and bylaws, and (3) require, unless called by the chair of our board of directors, either of our presidents, either of our chief executive officers or our board of directors, the request of stockholders entitled to cast not less than a majority of all votes entitled to be cast on a matter at such meeting to call a special meeting to consider and vote on any matter that may properly be considered at a meeting of stockholders. We have not elected to create a classified board. In the future, our board of directors may elect, without stockholder approval, to create a classified board or elect to be subject to one or more of the other provisions of Subtitle 8.

### **Amendments to Our Charter and Bylaws**

Other than amendments to certain provisions of our charter described below and amendments permitted to be made without stockholder approval under Maryland law or by a specific provision in the charter, our charter may be amended only if such amendment is declared advisable by our board of directors and approved by the affirmative vote of stockholders entitled to cast a majority of all of the votes entitled to be cast on the matter. The provisions of our charter relating to the removal of directors or the vote required to amend such provisions may

## Table of Contents

be amended only if such amendment is declared advisable by our board of directors and approved by the affirmative vote of stockholders entitled to cast not less than two-thirds of all of the votes entitled to be cast on the matter. Our board of directors has the power to adopt, alter or repeal any provision of our bylaws or to make new bylaws. Our bylaws permit our common stockholders to amend the bylaws by the affirmative vote of the holders of a majority of the outstanding shares of common stock pursuant to a proposal submitted by a stockholder that satisfies the ownership and other eligibility requirements of Rule 14a-8 under the Exchange Act for the periods and as of the dates specified therein. A stockholder proposal submitted under our bylaws may not (i) alter, amend or repeal provisions relating to indemnification of directors and officers of the Company, (ii) alter, amend, or repeal the amendment section of our bylaws or (iii) adopt, alter, amend or repeal any provision of the bylaws in a manner that would be inconsistent with (i) or (ii), in each case, without the approval of our board of directors.

### **Exclusive Forum**

Our bylaws provide that, unless we consent in writing to the selection of an alternative forum, the sole and exclusive forum for (a) any Internal Corporate Claim, as such term is defined in Section 1-101(q) of the MGCL, (b) any derivative action or proceeding brought on our behalf, (c) any action asserting a claim of breach of any duty owed by us or by any director or officer or other employee to us or to our stockholders, other than actions arising under federal securities laws, (d) any action asserting a claim against us or any director or officer or other employee arising pursuant to any provision of the MGCL or our charter or bylaws or (e) any action asserting a claim against us or any director or officer or other employee that is governed by the internal affairs doctrine shall be the Circuit Court for Baltimore City, Maryland, or, if that court does not have jurisdiction, the United States District Court for the District of Maryland, Northern Division. Further, our bylaws provide that, unless we consent in writing to the selection of an alternative forum, the federal district courts of the U.S. shall, to the fullest extent permitted by law, be the sole and exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act.

### **Meetings of Stockholders**

Under our bylaws, annual meetings of stockholders must be held each year at a date, time and place determined by our board of directors. Special meetings of stockholders may be called by the chair of our board of directors, either of our chief executive officers, either of our presidents and our board of directors. Subject to the provisions of our bylaws, a special meeting of stockholders to act on any matter that may properly be considered at a meeting of stockholders must be called by our secretary upon the written request of stockholders entitled to cast a majority of all of the votes entitled to be cast on the matter at such meeting who have requested the special meeting in accordance with the procedures specified in our bylaws and provided the information and certifications required by our bylaws. Only matters set forth in the notice of a special meeting of stockholders may be considered and acted upon at such a meeting.

### **Advance Notice of Director Nominations and New Business**

Our bylaws provide that:

- with respect to an annual meeting of stockholders, nominations of individuals for election to the board of directors and the proposal of business to be considered by stockholders at the annual meeting may be made only:
  - pursuant to our notice of the meeting;
  - by or at the direction of our board of directors; or
  - by a stockholder present in person or by proxy at the annual meeting who was a stockholder of record at the record date set by our board of directors for the purpose of determining stockholders entitled to vote at the annual meeting, at the time of giving of the notice required by our bylaws

## [Table of Contents](#)

and at the time of the annual meeting, who is entitled to vote at the meeting in the election of each individual so nominated or on such other business and who has provided the information and certifications required by the advance notice procedures set forth in our bylaws.

- with respect to special meetings of stockholders, only the business specified in our notice of meeting may be brought before the meeting of stockholders, and nominations of individuals for election to our board of directors may be made only:
  - by or at the direction of our board of directors; or
  - provided that the meeting has been called for the purpose of electing directors, by a stockholder present in person or by proxy at the special meeting who is a stockholder of record at the record date set by the board of directors for the purpose of determining stockholders entitled to vote at the special meeting, at the time of giving of the notice required by our bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated and who has provided the information and certifications required by the advance notice procedures set forth in our bylaws.

The purpose of requiring stockholders to give advance notice of nominations and other proposals is to afford our board of directors the opportunity to consider the qualifications of the proposed nominees or the advisability of the other proposals and, to the extent considered necessary by our board of directors, to inform stockholders and make recommendations regarding the nominations or other proposals. The advance notice procedures also permit a more orderly procedure for conducting our stockholder meetings.

### **Anti-takeover Effect of Certain Provisions of Maryland Law and of Our Charter and Bylaws**

The restrictions on ownership and transfer of our stock, the provisions of our charter regarding the removal of directors, the exclusive power of our board of directors to fill vacancies on the board and the advance notice provisions of our bylaws could delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for our common stock or otherwise be in the best interests of our common stockholders. Likewise, if our board of directors were to opt in to the business combination provisions of the MGCL or the provisions of Subtitle 8 of Title 3 of the MGCL providing for a classified board of directors, or if the provision in our bylaws opting out of the control share acquisition provisions of the MGCL was amended or rescinded, these provisions of the MGCL could have similar anti-takeover effects.

### **Indemnification and Limitation of Directors' and Officers' Liability**

Maryland law permits a Maryland corporation to include in its charter a provision eliminating the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from actual receipt of an improper benefit or profit in money, property or services or active and deliberate dishonesty that is established by a final judgment and is material to the cause of action. Our charter contains a provision that eliminates such liability to the maximum extent permitted by Maryland law.

The MGCL requires a Maryland corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made a party by reason of his or her service in that capacity. The MGCL permits a Maryland corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or are threatened to be made a party by reason of their service in those or other capacities unless it is established that:

- the act or omission of the director or officer was material to the matter giving rise to the proceeding and:
  - was committed in bad faith; or
  - was the result of active and deliberate dishonesty;

## Table of Contents

- the director or officer actually received an improper personal benefit in money, property or services; or
- in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

However, under the MGCL, a Maryland corporation may not indemnify a director or officer for an adverse judgment in a suit by or on behalf of the corporation or if the director or officer was adjudged liable on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. In addition, the MGCL permits a Maryland corporation to advance reasonable expenses to a director or officer, without requiring a preliminary determination of the director's or officer's ultimate entitlement to indemnification, upon the corporation's receipt of:

- a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation; and
- a written undertaking by the director or officer or on the director's or officer's behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the director or officer did not meet the standard of conduct.

Our charter authorizes us to obligate our company and our bylaws obligate us, to the fullest extent permitted by Maryland law in effect from time to time, to indemnify and to pay or reimburse reasonable expenses in advance of final disposition of a proceeding, without requiring a preliminary determination of the director's or officer's ultimate entitlement to indemnification, to:

- any present or former director or officer who is made or threatened to be made a party to or witness in the proceeding by reason of his or her service in that capacity; or
- any individual who, while serving as our director or officer and at our request, serves or has served as a director, officer, partner, trustee, member or manager of another corporation, real estate investment trust, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise and who is made or threatened to be made a party to or witness in the proceeding by reason of his or her service in that capacity.

Our charter and bylaws also permit us, with the approval of our board of directors, to indemnify and advance expenses to any person who served a predecessor of ours in any of the capacities described above and to any employee or agent of our company or a predecessor of our company.

The partnership agreement also provides that we, as general partner, and our directors, officers, employees, agents and designees are indemnified to the extent provided therein. See "Description of the Partnership Agreement of Rexford Industrial Realty, L.P.—Exculpation and Indemnification of General Partner."

Insofar as the foregoing provisions permit indemnification of directors, officers or persons controlling us for liability arising under the Securities Act, we have been informed that in the opinion of the Securities and Exchange Commission, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

## **Restrictions on Ownership and Transfer**

Subject to certain exceptions, our charter provides that no person or entity may actually or beneficially own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Code, more than 9.8% (in value or number of shares, whichever is more restrictive) of the outstanding shares of our common stock or more than 9.8% in value of the aggregate outstanding shares of our stock. For a fuller description of this and other restrictions on ownership and transfer of our stock, see "Restrictions on Ownership and Transfer."

## [Table of Contents](#)

### **REIT Qualification**

Our charter provides that our board of directors may revoke or otherwise terminate our REIT election, without approval of our stockholders, if it determines that it is no longer in our best interests to continue to be qualified as a REIT. Our charter also provides that our board of directors may determine that compliance with one or more of the restrictions on ownership and transfer of our stock is no longer required in order for us to qualify as a REIT.

### **U.S. FEDERAL INCOME TAX CONSIDERATIONS**

The following is a general summary of certain material U.S. federal income tax considerations regarding our election to be taxed as a REIT and the acquisition, ownership and disposition of our capital stock or our operating partnership's debt securities. Supplemental U.S. federal income tax considerations relevant to the ownership of certain securities offered by this prospectus may be provided in the prospectus supplement that relates to those securities. For purposes of this discussion, references to "we," "our" and "us" mean only Rexford Industrial Realty, Inc. and do not include any of its subsidiaries, except as otherwise indicated. This summary is for general information only and is not tax advice. The information in this summary is based on:

- the Internal Revenue Code of 1986, as amended (the "Code");
- current, temporary and proposed Treasury regulations promulgated under the Code (the "Treasury Regulations");
- the legislative history of the Code;
- administrative interpretations and practices of the Internal Revenue Service (the "IRS"); and
- court decisions;

in each case, as of the date of this prospectus. In addition, the administrative interpretations and practices of the IRS include its practices and policies as expressed in private letter rulings that are not binding on the IRS except with respect to the particular taxpayers who requested and received those rulings. The sections of the Code and the corresponding Treasury Regulations that relate to qualification and taxation as a REIT are highly technical and complex. The following discussion sets forth certain material aspects of the sections of the Code that govern the U.S. federal income tax treatment of a REIT and holders of its capital stock and holders of our operating partnership's debt securities. This summary is qualified in its entirety by the applicable Code provisions, Treasury Regulations promulgated under the Code, and administrative and judicial interpretations thereof. Potential tax reforms may result in significant changes to the rules governing U.S. federal income taxation. New legislation, Treasury Regulations, administrative interpretations and practices and/or court decisions may significantly and adversely affect our ability to qualify as a REIT, the U.S. federal income tax consequences of such qualification, or the U.S. federal income tax consequences of an investment in us, including those described in this discussion. Moreover, the law relating to the tax treatment of other entities, or an investment in other entities, could change, making an investment in such other entities more attractive relative to an investment in a REIT. Any such changes could apply retroactively to transactions preceding the date of the change. We have not requested and do not intend to request any rulings from the IRS that we qualify as a REIT, and the statements in this prospectus are not binding on the IRS or any court. Thus, we can provide no assurance that the tax considerations contained in this discussion will not be challenged by the IRS or will be sustained by a court if challenged by the IRS. This summary does not discuss any state, local or non-U.S. tax consequences, or any tax consequences arising under any U.S. federal tax laws other than U.S. federal income tax laws, associated with the acquisition, ownership or disposition of our capital stock or our operating partnership's debt securities, or our election to be taxed as a REIT.

**You are urged to consult your tax advisor regarding the tax consequences to you of:**

- **the acquisition, ownership and sale or other disposition of our capital stock or our operating partnership's debt securities, including the U.S. federal, state, local, non-U.S. and other tax consequences;**
- **our election to be taxed as a REIT for U.S. federal income tax purposes; and**
- **potential changes in applicable tax laws.**

### **Taxation of Our Company**

#### ***General***

We elected to be taxed as a REIT under Sections 856 through 860 of the Code commencing with our taxable year ended December 31, 2013. We believe that we have been organized and have operated in a manner that has allowed us to qualify for taxation as a REIT under the Code commencing with such taxable year, and we intend to continue to be organized and operate in this manner. However, qualification and taxation as a REIT depend upon our ability to meet the various qualification tests imposed under the Code, including through actual operating results, asset composition, distribution levels and diversity of stock ownership. Accordingly, no assurance can be given that we have been organized and have operated, or will continue to be organized and operate, in a manner so as to qualify or remain qualified as a REIT. See “—Failure to Qualify” for potential tax consequences if we fail to qualify as a REIT.

Latham & Watkins LLP has acted as our tax counsel in connection with our filing this prospectus and our election to be taxed as a REIT. Latham & Watkins LLP has rendered an opinion to us, as of the date of this prospectus, to the effect that, commencing with our taxable year ended December 31, 2013, we have been organized and have operated in conformity with the requirements for qualification and taxation as a REIT under the Code, and our current and proposed method of operation will enable us to continue to meet the requirements for qualification and taxation as a REIT under the Code. It must be emphasized that this opinion was based on various assumptions and representations as to factual matters, including representations made by us in a factual certificate provided by one or more of our officers. In addition, this opinion was based upon our factual representations set forth in this prospectus. Moreover, our qualification and taxation as a REIT depend upon our ability to meet the various qualification tests imposed under the Code, which are discussed below, including through actual operating results, asset composition, distribution levels and diversity of stock ownership, the results of which have not been and will not be reviewed by Latham & Watkins LLP. Accordingly, no assurance can be given that our actual results of operations for any particular taxable year have satisfied or will satisfy those requirements. Further, the anticipated U.S. federal income tax treatment described herein may be changed, perhaps retroactively, by legislative, administrative or judicial action at any time. Latham & Watkins LLP has no obligation to update its opinion subsequent to the date of such opinion.

Provided we qualify for taxation as a REIT, we generally will not be required to pay U.S. federal corporate income taxes on our REIT taxable income that is currently distributed to our stockholders. This treatment substantially eliminates the “double taxation” that ordinarily results from investment in a C corporation. A C corporation is a corporation that generally is required to pay tax at the corporate level. Double taxation means taxation once at the corporate level when income is earned and once again at the stockholder level when the income is distributed. We will, however, be required to pay U.S. federal income tax as follows:

- First, we will be required to pay regular U.S. federal corporate income tax on any undistributed REIT taxable income, including undistributed capital gain.
- Second, if we have (1) net income from the sale or other disposition of “foreclosure property” held primarily for sale to customers in the ordinary course of business or (2) other nonqualifying income from foreclosure property, we will be required to pay regular U.S. federal corporate income tax on this income. To the extent that income from foreclosure property is otherwise qualifying income for purposes of the 75% gross income test, this tax is not applicable. Subject to certain other requirements, foreclosure property generally is defined as property we acquired through foreclosure or after a default on a loan secured by the property or a lease of the property.
- Third, we will be required to pay a 100% tax on any net income from prohibited transactions. Prohibited transactions are, in general, sales or other taxable dispositions of property, other than foreclosure property, held as inventory or primarily for sale to customers in the ordinary course of business. Fourth, if we fail to satisfy the 75% gross income test or the 95% gross income test, as described below, but have otherwise maintained our qualification as a REIT because certain other

## Table of Contents

requirements are met, we will be required to pay a tax equal to (1) the greater of (A) the amount by which we fail to satisfy the 75% gross income test and (B) the amount by which we fail to satisfy the 95% gross income test, multiplied by (2) a fraction intended to reflect our profitability.

- Fifth, if we fail to satisfy any of the asset tests (other than a de minimis failure of the 5% or 10% asset tests), as described below, due to reasonable cause and not due to willful neglect, and we nonetheless maintain our REIT qualification because of specified cure provisions, we will be required to pay a tax equal to the greater of \$50,000 or the U.S. federal corporate income tax rate multiplied by the net income generated by the nonqualifying assets that caused us to fail such test.
- Sixth, if we fail to satisfy any provision of the Code that would result in our failure to qualify as a REIT (other than a violation of the gross income tests or certain violations of the asset tests, as described below) and the violation is due to reasonable cause and not due to willful neglect, we may retain our REIT qualification but we will be required to pay a penalty of \$50,000 for each such failure.
- Seventh, we will be required to pay a 4% excise tax to the extent we fail to distribute during each calendar year at least the sum of (1) 85% of our ordinary income for the year, (2) 95% of our capital gain net income for the year, and (3) any undistributed taxable income from prior periods.
- Eighth, if we acquire any asset from a corporation that is or has been a C corporation in a transaction in which our tax basis in the asset is less than the fair market value of the asset, in each case determined as of the date on which we acquired the asset, and we subsequently recognize gain on the disposition of the asset during the five-year period beginning on the date on which we acquired the asset, then we generally will be required to pay regular U.S. federal corporate income tax on this gain to the extent of the excess of (1) the fair market value of the asset over (2) our adjusted tax basis in the asset, in each case determined as of the date on which we acquired the asset. The results described in this paragraph with respect to the recognition of gain assume that the C corporation will refrain from making an election to receive different treatment under applicable Treasury Regulations on its tax return for the year in which we acquire the asset from the C corporation. Under applicable Treasury Regulations, any gain from the sale of property we acquired in an exchange under Section 1031 (a like-kind exchange) or Section 1033 (an involuntary conversion) of the Code generally is excluded from the application of this built-in gains tax. See “—Tax Liabilities and Attributes Inherited in Connection with Acquisitions.”
- Ninth, our subsidiaries that are C corporations and are not qualified REIT subsidiaries, including our “taxable REIT subsidiaries” described below, generally will be required to pay regular U.S. federal corporate income tax on their earnings.
- Tenth, we will be required to pay a 100% tax on any “redetermined rents,” “redetermined deductions,” “excess interest” or “redetermined TRS service income,” as described below under “—Income Tests—Penalty Tax.” In general, redetermined rents are rents from real property that are overstated as a result of services furnished to any of our tenants by a taxable REIT subsidiary of ours. Redetermined deductions and excess interest generally represent amounts that are deducted by a taxable REIT subsidiary of ours for amounts paid to us that are in excess of the amounts that would have been deducted based on arm’s length negotiations. Redetermined TRS service income generally represents income of a taxable REIT subsidiary that is understated as a result of services provided to us or on our behalf.
- Eleventh, we may elect to retain and pay income tax on our net capital gain. In that case, a stockholder would include its proportionate share of our undistributed capital gain (to the extent we make a timely designation of such gain to the stockholder) in its income, would be deemed to have paid the tax that we paid on such gain, and would be allowed a credit for its proportionate share of the tax deemed to have been paid, and an adjustment would be made to increase the tax basis of the stockholder in our capital stock.
- Twelfth, if we fail to comply with the requirement to send annual letters to our stockholders holding at least a certain percentage of our stock, as determined under applicable Treasury Regulations,

## **Table of Contents**

requesting information regarding the actual ownership of our stock, and the failure is not due to reasonable cause or is due to willful neglect, we will be subject to a \$25,000 penalty, or if the failure is intentional, a \$50,000 penalty.

We and our subsidiaries may be subject to a variety of taxes other than U.S. federal income tax, including payroll taxes and state and local income, property and other taxes on our assets and operations.

### ***Requirements for Qualification as a REIT***

The Code defines a REIT as a corporation, trust or association:

- (1) that is managed by one or more trustees or directors;
- (2) that issues transferable shares or transferable certificates to evidence its beneficial ownership;
- (3) that would be taxable as a domestic corporation, but for Sections 856 through 860 of the Code;
- (4) that is not a financial institution or an insurance company within the meaning of certain provisions of the Code;
- (5) that is beneficially owned by 100 or more persons;
- (6) not more than 50% in value of the outstanding stock of which is owned, actually or constructively, by five or fewer individuals, including certain specified entities, during the last half of each taxable year; and
- (7) that meets other tests, described below, regarding the nature of its income and assets and the amount of its distributions.

The Code provides that conditions (1) to (4), inclusive, must be met during the entire taxable year and that condition (5) must be met during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months. Conditions (5) and (6) do not apply until after the first taxable year for which an election is made to be taxed as a REIT. For purposes of condition (6), the term “individual” includes a supplemental unemployment compensation benefit plan, a private foundation or a portion of a trust permanently set aside or used exclusively for charitable purposes, but generally does not include a qualified pension plan or profit sharing trust.

We believe that we have been organized and have operated in a manner that has allowed us, and will continue to allow us, to satisfy conditions (1) through (7), inclusive, during the relevant time periods. In addition, our charter provides for restrictions regarding ownership and transfer of our shares that are intended to assist us in continuing to satisfy the share ownership requirements described in conditions (5) and (6) above. A description of the share ownership and transfer restrictions relating to our stock is contained in the discussion in this prospectus under the heading “Restrictions on Ownership and Transfer.” These restrictions, however, do not ensure that we have previously satisfied, and may not ensure that we will, in all cases, be able to continue to satisfy, the share ownership requirements described in conditions (5) and (6) above. If we fail to satisfy these share ownership requirements, then except as provided in the next sentence, our status as a REIT will terminate. If, however, we comply with the rules contained in applicable Treasury Regulations that require us to ascertain the actual ownership of our shares and we do not know, or would not have known through the exercise of reasonable diligence, that we failed to meet the requirement described in condition (6) above, we will be treated as having met this requirement. See “—Failure to Qualify.”

In addition, we may not maintain our status as a REIT unless our taxable year is the calendar year. We have and will continue to have a calendar taxable year.

### ***Ownership of Interests in Partnerships, Limited Liability Companies and Qualified REIT Subsidiaries***

In the case of a REIT that is a partner in a partnership (for purposes of this discussion, references to “partnership” include a limited liability company treated as a partnership for U.S. federal income tax purposes,

## **Table of Contents**

and references to “partner” include a member in such a limited liability company), Treasury Regulations provide that the REIT will be deemed to own its proportionate share of the assets of the partnership based on its interest in partnership capital, subject to special rules relating to the 10% asset test described below. Also, the REIT will be deemed to be entitled to its proportionate share of the income of that entity. The assets and gross income of the partnership retain the same character in the hands of the REIT for purposes of Section 856 of the Code, including satisfying the gross income tests and the asset tests. Thus, our pro rata share of the assets and items of income of our operating partnership, including our operating partnership’s share of these items of any partnership or disregarded entity for U.S. federal income tax purposes in which it owns an interest, is treated as our assets and items of income for purposes of applying the requirements described in this discussion, including the gross income and asset tests described below. A brief summary of the rules governing the U.S. federal income taxation of partnerships is set forth below in “—Tax Aspects of Our Operating Partnership, the Subsidiary Partnerships and the Limited Liability Companies.”

We have control of our operating partnership and its subsidiary partnerships and intend to operate them in a manner consistent with the requirements for our qualification as a REIT. If we become a limited partner or non-managing member in any partnership and such entity takes or expects to take actions that could jeopardize our status as a REIT or require us to pay tax, we may be forced to dispose of our interest in such entity. In addition, it is possible that a partnership could take an action which could cause us to fail a gross income or asset test, and that we would not become aware of such action in time to dispose of our interest in the partnership or take other corrective action on a timely basis. In that case, we could fail to qualify as a REIT unless we were entitled to relief, as described below.

We may from time to time own and operate certain properties through wholly-owned subsidiaries that we intend to be treated as “qualified REIT subsidiaries” under the Code. A corporation (or other entity treated as a corporation for U.S. federal income tax purposes) will qualify as our qualified REIT subsidiary if we own 100% of the corporation’s outstanding stock and do not elect with the subsidiary to treat it as a “taxable REIT subsidiary,” as described below. A qualified REIT subsidiary is not treated as a separate corporation, and all assets, liabilities and items of income, gain, loss, deduction and credit of a qualified REIT subsidiary are treated as assets, liabilities and items of income, gain, loss, deduction and credit of the parent REIT for all purposes under the Code, including all REIT qualification tests. Thus, in applying the U.S. federal income tax requirements described in this discussion, any qualified REIT subsidiaries we own are ignored, and all assets, liabilities and items of income, gain, loss, deduction and credit of such corporations are treated as our assets, liabilities and items of income, gain, loss, deduction and credit. A qualified REIT subsidiary is not subject to U.S. federal income tax, and our ownership of the stock of a qualified REIT subsidiary will not violate the restrictions on ownership of securities, as described below under “—Asset Tests.”

### ***Ownership of Interests in Subsidiary REITs***

We own and may acquire direct or indirect interests in one or more entities that have elected to be taxed as REITs under the Code (each, a “Subsidiary REIT”). A Subsidiary REIT is subject to the various REIT qualification requirements and other limitations described herein that are applicable to us. If a Subsidiary REIT were to fail to qualify as a REIT, then (i) that Subsidiary REIT would become subject to U.S. federal income tax and (ii) the Subsidiary REIT’s failure to qualify could have an adverse effect on our ability to comply with the REIT income and asset tests, and thus could impair our ability to qualify as a REIT unless we could avail ourselves of certain relief provisions.

### ***Ownership of Interests in Taxable REIT Subsidiaries***

We currently own an interest in one taxable REIT subsidiary and we may acquire securities in additional taxable REIT subsidiaries in the future. A taxable REIT subsidiary is a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) other than a REIT in which a REIT directly or indirectly holds stock, and that has made a joint election with such REIT to be treated as a taxable REIT subsidiary. If a taxable

## Table of Contents

REIT subsidiary owns more than 35% of the total voting power or value of the outstanding securities of another corporation, such other corporation will also be treated as a taxable REIT subsidiary. Other than certain activities relating to lodging and health care facilities, a taxable REIT subsidiary may generally engage in any business, including the provision of customary or non-customary services to tenants of its parent REIT. A taxable REIT subsidiary is subject to U.S. federal income tax as a regular C corporation. A REIT is not treated as holding the assets of a taxable REIT subsidiary or as receiving any income that the taxable REIT subsidiary earns. Rather, the stock issued by the taxable REIT subsidiary is an asset in the hands of the REIT, and the REIT generally recognizes as income the dividends, if any, that it receives from the taxable REIT subsidiary. A REIT's ownership of securities of a taxable REIT subsidiary is not subject to the 5% or 10% asset test described below. See “—Asset Tests.” Taxpayers are subject to a limitation on their ability to deduct net business interest generally equal to 30% of adjusted taxable income, subject to certain exceptions. See “—Annual Distribution Requirements.” While not certain, this provision may limit the ability of our taxable REIT subsidiaries to deduct interest, which could increase their taxable income.

### **Income Tests**

We must satisfy two gross income requirements annually to maintain our qualification as a REIT. First, in each taxable year we must derive directly or indirectly at least 75% of our gross income (excluding gross income from prohibited transactions, certain hedging transactions, and certain foreign currency gains) from investments relating to real property or mortgages on real property, including “rents from real property,” dividends from other REITs and, in certain circumstances, interest, or certain types of temporary investments. Second, in each taxable year we must derive at least 95% of our gross income (excluding gross income from prohibited transactions, certain hedging transactions, and certain foreign currency gains) from the real property investments described above or dividends, interest and gain from the sale or disposition of stock or securities, or from any combination of the foregoing. For these purposes, the term “interest” generally does not include any amount received or accrued, directly or indirectly, if the determination of all or some of the amount depends in any way on the income or profits of any person. However, an amount received or accrued generally will not be excluded from the term “interest” solely by reason of being based on a fixed percentage or percentages of receipts or sales.

Rents we receive from a tenant will qualify as “rents from real property” for the purpose of satisfying the gross income requirements for a REIT described above only if all of the following conditions are met:

- The amount of rent is not based in whole or in part on the income or profits of any person. However, an amount we receive or accrue generally will not be excluded from the term “rents from real property” solely because it is based on a fixed percentage or percentages of receipts or sales;
- Neither we nor an actual or constructive owner of 10% or more of our capital stock actually or constructively owns 10% or more of the interests in the assets or net profits of a non-corporate tenant, or, if the tenant is a corporation, 10% or more of the total combined voting power of all classes of stock entitled to vote or 10% or more of the total value of all classes of stock of the tenant. Rents we receive from such a tenant that is a taxable REIT subsidiary of ours, however, will not be excluded from the definition of “rents from real property” as a result of this condition if at least 90% of the space at the property to which the rents relate is leased to third parties, and the rents paid by the taxable REIT subsidiary are substantially comparable to rents paid by our other tenants for comparable space. Whether rents paid by a taxable REIT subsidiary are substantially comparable to rents paid by other tenants is determined at the time the lease with the taxable REIT subsidiary is entered into, extended, and modified, if such modification increases the rents due under such lease. Notwithstanding the foregoing, however, if a lease with a “controlled taxable REIT subsidiary” is modified and such modification results in an increase in the rents payable by such taxable REIT subsidiary, any such increase will not qualify as “rents from real property.” For purposes of this rule, a “controlled taxable REIT subsidiary” is a taxable REIT subsidiary in which the parent REIT owns stock possessing more than 50% of the voting power or more than 50% of the total value of the outstanding stock of such taxable REIT subsidiary;

## Table of Contents

- Rent attributable to personal property, leased in connection with a lease of real property, is not greater than 15% of the total rent received under the lease. If this condition is not met, then the portion of the rent attributable to personal property will not qualify as “rents from real property.” To the extent that rent attributable to personal property, leased in connection with a lease of real property, exceeds 15% of the total rent received under the lease, we may transfer a portion of such personal property to a taxable REIT subsidiary; and

We generally may not operate or manage the property or furnish or render services to our tenants, subject to a 1% de minimis exception and except as provided below. We may, however, perform services that are “usually or customarily rendered” in connection with the rental of space for occupancy only and are not otherwise considered “rendered to the occupant” of the property. Examples of these services include the provision of light, heat, or other utilities, trash removal and general maintenance of common areas. In addition, we may employ an independent contractor from whom we derive no revenue to provide customary services to our tenants, or a taxable REIT subsidiary (which may be wholly or partially owned by us) to provide both customary and non-customary services to our tenants, without causing the rent we receive from those tenants to fail to qualify as “rents from real property.”

We generally do not intend, and as the general partner of our operating partnership, we do not intend to permit our operating partnership, to take actions we believe will cause us to fail to satisfy the rental conditions described above. However, we may intentionally fail to satisfy some of these conditions to the extent we determine, based on the advice of our tax counsel, that the failure will not jeopardize our tax status as a REIT. In addition, with respect to the limitation on the rental of personal property, we generally have not obtained appraisals of the real property and personal property leased to tenants. Accordingly, there can be no assurance that the IRS will not disagree with our determinations of value.

Income we receive that is attributable to the rental of parking spaces at the properties generally will constitute rents from real property for purposes of the gross income tests if certain services provided with respect to the parking spaces are performed by independent contractors from whom we derive no revenue, either directly or indirectly, or by a taxable REIT subsidiary, and certain other conditions are met. We believe that the income we receive that is attributable to parking spaces will meet these tests and, accordingly, will constitute rents from real property for purposes of the gross income tests.

From time to time, we may enter into hedging transactions with respect to one or more of our assets or liabilities. Our hedging activities may include entering into interest rate swaps, caps, and floors, options to purchase these items, and futures and forward contracts. Income from a hedging transaction, including gain from the sale or disposition of such a transaction, that is clearly identified as a hedging transaction as specified in the Code will not constitute gross income under, and thus will be exempt from, the 75% and 95% gross income tests. The term “hedging transaction,” as used above, generally means (A) any transaction we enter into in the normal course of our business primarily to manage risk of (1) interest rate changes or fluctuations with respect to borrowings made or to be made by us to acquire or carry real estate assets, or (2) currency fluctuations with respect to an item of qualifying income under the 75% or 95% gross income test or any property which generates such income and (B) new transactions entered into to hedge the income or loss from prior hedging transactions, where the property or indebtedness which was the subject of the prior hedging transaction was extinguished or disposed of. To the extent that we do not properly identify such transactions as hedges or we hedge with other types of financial instruments, the income from those transactions is not likely to be treated as qualifying income for purposes of the gross income tests. We intend to structure any hedging transactions in a manner that does not jeopardize our status as a REIT.

To the extent our taxable REIT subsidiaries pay dividends or interest, we generally will derive our allocable share of such dividend or interest income through our interest in our operating partnership. Such dividend or interest income will qualify under the 95%, but not the 75%, gross income test (except that our allocable share of such interest would also qualify under the 75% gross income test to the extent the interest is paid on a loan that is adequately secured by real property).

## **Table of Contents**

We will monitor the amount of the dividend and other income from our taxable REIT subsidiaries and will take actions intended to keep this income, and any other nonqualifying income, within the limitations of the gross income tests. Although we expect these actions will be sufficient to prevent a violation of the gross income tests, we cannot guarantee that such actions will in all cases prevent such a violation.

If we fail to satisfy one or both of the 75% or 95% gross income tests for any taxable year, we may nevertheless qualify as a REIT for the year if we are entitled to relief under certain provisions of the Code. We generally may make use of the relief provisions if:

- following our identification of the failure to meet the 75% or 95% gross income tests for any taxable year, we file a schedule with the IRS setting forth each item of our gross income for purposes of the 75% or 95% gross income tests for such taxable year in accordance with Treasury Regulations to be issued; and
- our failure to meet these tests was due to reasonable cause and not due to willful neglect.

It is not possible, however, to state whether in all circumstances we would be entitled to the benefit of these relief provisions. For example, if we fail to satisfy the gross income tests because nonqualifying income that we intentionally accrue or receive exceeds the limits on nonqualifying income, the IRS could conclude that our failure to satisfy the tests was not due to reasonable cause. If these relief provisions do not apply to a particular set of circumstances, we will not qualify as a REIT. See “—Failure to Qualify” below. As discussed above in “—General,” even if these relief provisions apply, and we retain our status as a REIT, a tax would be imposed with respect to our nonqualifying income. We may not always be able to comply with the gross income tests for REIT qualification despite periodic monitoring of our income.

### ***Prohibited Transaction Income***

Any gain that we realize on the sale of property (other than any foreclosure property) held as inventory or otherwise held primarily for sale to customers in the ordinary course of business, including our share of any such gain realized by our operating partnership, either directly or through its subsidiary partnerships, will be treated as income from a prohibited transaction that is subject to a 100% penalty tax, unless certain safe harbor exceptions apply. This prohibited transaction income may also adversely affect our ability to satisfy the gross income tests for qualification as a REIT. Under existing law, whether property is held as inventory or primarily for sale to customers in the ordinary course of a trade or business is a question of fact that depends on all the facts and circumstances surrounding the particular transaction. As the general partner of our operating partnership, we intend to cause our operating partnership to hold its properties for investment with a view to long-term appreciation, to engage in the business of acquiring, developing and owning its properties and to make occasional sales of the properties as are consistent with our investment objectives. We do not intend, and do not intend to permit our operating partnership or its subsidiary partnerships, to enter into any sales that are prohibited transactions. However, the IRS may successfully contend that some or all of the sales made by our operating partnership or its subsidiary partnerships are prohibited transactions. We would be required to pay the 100% penalty tax on our allocable share of the gains resulting from any such sales. The 100% penalty tax will not apply to gains from the sale of assets that are held through a taxable REIT subsidiary, but such income will be subject to regular U.S. federal corporate income tax.

### ***Penalty Tax***

Any redetermined rents, redetermined deductions, excess interest or redetermined TRS service income we generate will be subject to a 100% penalty tax. In general, redetermined rents are rents from real property that are overstated as a result of any services furnished to any of our tenants by a taxable REIT subsidiary of ours, redetermined deductions and excess interest represent any amounts that are deducted by a taxable REIT subsidiary of ours for amounts paid to us that are in excess of the amounts that would have been deducted based on arm's length negotiations, and redetermined TRS service income is income of a taxable REIT subsidiary that

## Table of Contents

is understated as a result of services provided to us or on our behalf. Rents we receive will not constitute redetermined rents if they qualify for certain safe harbor provisions contained in the Code.

Currently, our taxable REIT subsidiary does not provide any services to our tenants or conduct other material activities. However, a taxable REIT subsidiary of ours may in the future provide services to certain of our tenants and pay rent to us. We intend to set any fees paid to our taxable REIT subsidiaries for such services, and any rent payable to us by our taxable REIT subsidiaries, at arm's length rates, although the amounts paid may not satisfy the safe harbor provisions referenced above. These determinations are inherently factual, and the IRS has broad discretion to assert that amounts paid between related parties should be reallocated to clearly reflect their respective incomes. If the IRS successfully made such an assertion, we would be required to pay a 100% penalty tax on any overstated rents paid to us, or any excess deductions or understated income of our taxable REIT subsidiaries.

### **Asset Tests**

At the close of each calendar quarter of our taxable year, we must also satisfy certain tests relating to the nature and diversification of our assets. First, at least 75% of the value of our total assets must be represented by real estate assets, cash, cash items and U.S. government securities. For purposes of this test, the term "real estate assets" generally means real property (including interests in real property and interests in mortgages on real property or on both real property and, to a limited extent, personal property), shares (or transferable certificates of beneficial interest) in other REITs, any stock or debt instrument attributable to the investment of the proceeds of a stock offering or a public offering of debt with a term of at least five years (but only for the one-year period beginning on the date the REIT receives such proceeds), debt instruments of publicly offered REITs, and personal property leased in connection with a lease of real property for which the rent attributable to personal property is not greater than 15% of the total rent received under the lease.

Second, not more than 25% of the value of our total assets may be represented by securities (including securities of taxable REIT subsidiaries), other than those securities includable in the 75% asset test.

Third, of the investments included in the 25% asset class, and except for certain investments in other REITs, our qualified REIT subsidiaries and taxable REIT subsidiaries, the value of any one issuer's securities may not exceed 5% of the value of our total assets, and we may not own more than 10% of the total vote or value of the outstanding securities of any one issuer. Certain types of securities we may own are disregarded as securities solely for purposes of the 10% value test, including, but not limited to, securities satisfying the "straight debt" safe harbor, securities issued by a partnership that itself would satisfy the 75% income test if it were a REIT, any loan to an individual or an estate, any obligation to pay rents from real property and any security issued by a REIT. In addition, solely for purposes of the 10% value test, the determination of our interest in the assets of a partnership in which we own an interest will be based on our proportionate interest in any securities issued by the partnership, excluding for this purpose certain securities described in the Code. From time to time we may own securities (including debt securities) of issuers that do not qualify as a REIT, a qualified REIT subsidiary or a taxable REIT subsidiary. We intend that our ownership of any such securities will be structured in a manner that allows us to comply with the asset tests described above.

Fourth, not more than 20% (25% for taxable years beginning before January 1, 2018) of the value of our total assets may be represented by the securities of one or more taxable REIT subsidiaries. Our operating partnership owns 100% of the securities of a corporation that has elected, together with us, to be treated as our taxable REIT subsidiary. So long as this corporation qualifies as our taxable REIT subsidiary, we will not be subject to the 5% asset test, the 10% voting power limitation or the 10% value limitation with respect to our ownership of its securities. We may acquire securities in other taxable REIT subsidiaries in the future. We believe that the aggregate value of our taxable REIT subsidiaries has not exceeded, and in the future will not exceed, 20% (25% for taxable years beginning before January 1, 2018) of the aggregate value of our gross assets. We generally do not obtain independent appraisals to support these conclusions. In addition, there can be no assurance that the IRS will not disagree with our determinations of value.

## Table of Contents

Fifth, not more than 25% of the value of our total assets may be represented by debt instruments of publicly offered REITs to the extent those debt instruments would not be real estate assets but for the inclusion of debt instruments of publicly offered REITs in the meaning of real estate assets, as described above (e.g., a debt instrument issued by a publicly offered REIT that is not secured by a mortgage on real property).

The asset tests must be satisfied at the close of each calendar quarter of our taxable year in which we (directly or through any partnership or qualified REIT subsidiary) acquire securities in the applicable issuer, and also at the close of each calendar quarter in which we increase our ownership of securities of such issuer (including as a result of an increase in our interest in any partnership that owns such securities). For example, our indirect ownership of securities of each issuer will increase as a result of our capital contributions to our operating partnership or as limited partners exercise any redemption/exchange rights. Also, after initially meeting the asset tests at the close of any quarter, we will not lose our status as a REIT for failure to satisfy the asset tests at the end of a later quarter solely by reason of changes in asset values. If we fail to satisfy an asset test because we acquire securities or other property during a quarter (including as a result of an increase in our interest in any partnership), we may cure this failure by disposing of sufficient nonqualifying assets within 30 days after the close of that quarter. We believe that we have maintained, and we intend to maintain, adequate records of the value of our assets to ensure compliance with the asset tests. If we fail to cure any noncompliance with the asset tests within the 30-day cure period, we would cease to qualify as a REIT unless we are eligible for certain relief provisions discussed below.

Certain relief provisions may be available to us if we discover a failure to satisfy the asset tests described above after the 30-day cure period. Under these provisions, we will be deemed to have met the 5% and 10% asset tests if the value of our nonqualifying assets (i) does not exceed the lesser of (a) 1% of the total value of our assets at the end of the applicable quarter or (b) \$10,000,000, and (ii) we dispose of the nonqualifying assets or otherwise satisfy such tests within (a) six months after the last day of the quarter in which the failure to satisfy the asset tests is discovered or (b) the period of time prescribed by Treasury Regulations to be issued. For violations of any of the asset tests due to reasonable cause and not due to willful neglect and that are, in the case of the 5% and 10% asset tests, in excess of the *de minimis* exception described above, we may avoid disqualification as a REIT after the 30-day cure period by taking steps including (i) the disposition of sufficient nonqualifying assets, or the taking of other actions, which allow us to meet the asset tests within (a) six months after the last day of the quarter in which the failure to satisfy the asset tests is discovered or (b) the period of time prescribed by Treasury Regulations to be issued, (ii) paying a tax equal to the greater of (a) \$50,000 or (b) the U.S. federal corporate income tax rate multiplied by the net income generated by the nonqualifying assets, and (iii) disclosing certain information to the IRS.

Although we believe we have satisfied the asset tests described above and plan to take steps to ensure that we satisfy such tests for any quarter with respect to which retesting is to occur, there can be no assurance that we will always be successful, or will not require a reduction in our operating partnership's overall interest in an issuer (including in a taxable REIT subsidiary). If we fail to cure any noncompliance with the asset tests in a timely manner, and the relief provisions described above are not available, we would cease to qualify as a REIT.

### ***Annual Distribution Requirements***

To maintain our qualification as a REIT, we are required to distribute dividends, other than capital gain dividends, to our stockholders each year in an amount at least equal to the sum of:

- 90% of our REIT taxable income; and
- 90% of our after-tax net income, if any, from foreclosure property; minus
- the excess of the sum of certain items of non-cash income over 5% of our REIT taxable income.

For these purposes, our "REIT taxable income" is computed without regard to the dividends paid deduction and our net capital gain. In addition, for purposes of this test, non-cash income generally means income

## Table of Contents

attributable to leveled stepped rents, original issue discount, cancellation of indebtedness, or a like-kind exchange that is later determined to be taxable.

In addition, our REIT taxable income will be reduced by any taxes we are required to pay on any gain we recognize from the disposition of any asset we acquired from a corporation that is or has been a C corporation in a transaction in which our tax basis in the asset is less than the fair market value of the asset, in each case determined as of the date on which we acquired the asset, within the five-year period following our acquisition of such asset, as described above under “—General.”

Except as provided below, a taxpayer’s deduction for net business interest expense will generally be limited to 30% of its taxable income, as adjusted for certain items of income, gain, deduction or loss. Any business interest deduction that is disallowed due to this limitation may be carried forward to future taxable years, subject to special rules applicable to partnerships. If we or any of our subsidiary partnerships (including our operating partnership) are subject to this interest expense limitation, our REIT taxable income for a taxable year may be increased. Taxpayers that conduct certain real estate businesses may elect not to have this interest expense limitation apply to them, provided that they use an alternative depreciation system to depreciate certain property. We believe that we or any of our subsidiary partnerships that are subject to this interest expense limitation will be eligible to make this election. If such election is made, although we or such subsidiary partnership, as applicable, would not be subject to the interest expense limitation described above, depreciation deductions may be reduced and, as a result, our REIT taxable income for a taxable year may be increased.

We generally must pay, or be treated as paying, the distributions described above in the taxable year to which they relate. At our election, a distribution will be treated as paid in a taxable year if it is declared before we timely file our tax return for such year and paid on or before the first regular dividend payment after such declaration, provided such payment is made during the 12-month period following the close of such year. These distributions are treated as received by our stockholders in the year in which they are paid. This is so even though these distributions relate to the prior year for purposes of the 90% distribution requirement. In order to be taken into account for purposes of our distribution requirement, except as provided below, the amount distributed must not be preferential—i.e., every stockholder of the class of stock to which a distribution is made must be treated the same as every other stockholder of that class, and no class of stock may be treated other than according to its dividend rights as a class. This preferential dividend limitation will not apply to distributions made by us, provided we qualify as a “publicly offered REIT.” We believe that we are, and expect we will continue to be, a publicly offered REIT. However, Subsidiary REITs we may own from time to time may not be publicly offered REITs. To the extent that we do not distribute all of our net capital gain, or distribute at least 90%, but less than 100%, of our REIT taxable income, as adjusted, we will be required to pay regular U.S. federal corporate income tax on the undistributed amount. We believe that we have made, and we intend to continue to make, timely distributions sufficient to satisfy these annual distribution requirements and to minimize our corporate tax obligations. In this regard, the partnership agreement of our operating partnership authorizes us, as the general partner of our operating partnership, to take such steps as may be necessary to cause our operating partnership to distribute to its partners an amount sufficient to permit us to meet these distribution requirements and to minimize our corporate tax obligation.

We expect that our REIT taxable income will be less than our cash flow because of depreciation and other non-cash charges included in computing REIT taxable income. Accordingly, we anticipate that we generally will have sufficient cash or liquid assets to enable us to satisfy the distribution requirements described above. However, from time to time, we may not have sufficient cash or other liquid assets to meet these distribution requirements due to timing differences between the actual receipt of income and actual payment of deductible expenses, and the inclusion of income and deduction of expenses in determining our taxable income. In addition, we may decide to retain our cash, rather than distribute it, in order to repay debt or for other reasons. If these timing differences occur, we may borrow funds to pay dividends or pay dividends in the form of taxable stock distributions in order to meet the distribution requirements, while preserving our cash.

## **Table of Contents**

Under certain circumstances, we may be able to rectify an inadvertent failure to meet the 90% distribution requirement for a year by paying “deficiency dividends” to our stockholders in a later year, which may be included in our deduction for dividends paid for the earlier year. In that case, we may be able to avoid being taxed on amounts distributed as deficiency dividends, subject to the 4% excise tax described below. However, we will be required to pay interest to the IRS based upon the amount of any deduction claimed for deficiency dividends. While the payment of a deficiency dividend will apply to a prior year for purposes of our REIT distribution requirements, it will be treated as an additional distribution to our stockholders in the year such dividend is paid.

Furthermore, we will be required to pay a 4% excise tax to the extent we fail to distribute during each calendar year at least the sum of 85% of our ordinary income for such year, 95% of our capital gain net income for the year and any undistributed taxable income from prior periods. Any ordinary income and net capital gain on which U.S. federal corporate income tax is imposed for any year is treated as an amount distributed during that year for purposes of calculating this excise tax.

For purposes of the 90% distribution requirement and excise tax described above, dividends declared during the last three months of the taxable year, payable to stockholders of record on a specified date during such period and paid during January of the following year, will be treated as paid by us and received by our stockholders on December 31 of the year in which they are declared.

### ***Like-Kind Exchanges***

We may dispose of real property that is not held primarily for sale in transactions intended to qualify as like-kind exchanges under the Code. Such like-kind exchanges are intended to result in the deferral of gain for U.S. federal income tax purposes. The failure of any such transaction to qualify as a like-kind exchange could require us to pay U.S. federal income tax, possibly including the 100% prohibited transaction tax, or deficiency dividends, depending on the facts and circumstances surrounding the particular transaction.

### ***Tax Liabilities and Attributes Inherited in Connection with Acquisitions***

From time to time, we or our operating partnership may acquire other corporations or entities and, in connection with such acquisitions, we may succeed to the historical tax attributes and liabilities of such entities.

For example, if we acquire a C corporation and subsequently dispose of its assets within five years of the acquisition, we could be required to pay the built-in gain tax described above under “—General.” In addition, in order to qualify as a REIT, at the end of any taxable year, we must not have any earnings and profits accumulated in a non-REIT year. As a result, if we acquire a C corporation, we must distribute the corporation’s earnings and profits accumulated prior to the acquisition before the end of the taxable year in which we acquire the corporation. We also could be required to pay the acquired entity’s unpaid taxes even though such liabilities arose prior to the time we acquired the entity.

Moreover, we or one of our subsidiaries may from time to time acquire other REITs through a merger or acquisition. If any such REIT failed to qualify as a REIT for any of its taxable years, such REIT would be liable for (and we or our subsidiary, as applicable, as the surviving corporation in the merger or acquisition, would be obligated to pay) regular U.S. federal corporate income tax on its taxable income for such taxable years. In addition, if such REIT was a C corporation at the time of the merger or acquisition, the tax consequences described in the preceding paragraph generally would apply. If such REIT failed to qualify as a REIT for any of its taxable years, but qualified as a REIT at the time of such merger or acquisition, and we acquired such REIT’s assets in a transaction in which our tax basis in the assets of such REIT is determined, in whole or in part, by reference to such REIT’s tax basis in such assets, we generally would be subject to tax on the built-in gain on each asset of such REIT as described above if we were to dispose of the asset in a taxable transaction during the five-year period following such REIT’s requalification as a REIT, subject to certain exceptions. Moreover, even

## **Table of Contents**

if such REIT qualified as a REIT at all relevant times, we would similarly be liable for other unpaid taxes (if any) of such REIT (such as the 100% tax on gains from any sales treated as “prohibited transactions” as described above under “—Prohibited Transaction Income”).

Furthermore, after our acquisition of another corporation or entity, the asset and income tests will apply to all of our assets, including the assets we acquire from such corporation or entity, and to all of our income, including the income derived from the assets we acquire from such corporation or entity. As a result, the nature of the assets that we acquire from such corporation or entity and the income we derive from those assets may have an effect on our tax status as a REIT.

### ***Failure to Qualify***

If we discover a violation of a provision of the Code that would result in our failure to qualify as a REIT, certain specified cure provisions may be available to us. Except with respect to violations of the gross income tests and asset tests (for which the cure provisions are described above), and provided the violation is due to reasonable cause and not due to willful neglect, these cure provisions generally impose a \$50,000 penalty for each violation in lieu of a loss of REIT status. If we fail to satisfy the requirements for taxation as a REIT in any taxable year, and the relief provisions do not apply, we will be required to pay regular U.S. federal corporate income tax, including any applicable alternative minimum tax on our taxable income. Distributions to stockholders in any year in which we fail to qualify as a REIT will not be deductible by us. As a result, we anticipate that our failure to qualify as a REIT would reduce the cash available for distribution by us to our stockholders. In addition, if we fail to qualify as a REIT, we will not be required to distribute any amounts to our stockholders and all distributions to stockholders will be taxable as regular corporate dividends to the extent of our current and accumulated earnings and profits. In such event, corporate stockholders may be eligible for the dividends-received deduction. In addition, non-corporate stockholders, including individuals, may be eligible for the preferential tax rates on qualified dividend income. Non-corporate stockholders, including individuals, generally may deduct up to 20% of dividends from a REIT, other than capital gain dividends and dividends treated as qualified dividend income, for taxable years beginning before January 1, 2026 for purposes of determining their U.S. federal income tax (but not for purposes of the 3.8% Medicare tax), subject to certain holding period requirements and other limitations. If we fail to qualify as a REIT, such stockholders may not claim this deduction with respect to dividends paid by us. Unless entitled to relief under specific statutory provisions, we would also be ineligible to elect to be treated as a REIT for the four taxable years following the year for which we lose our qualification. It is not possible to state whether in all circumstances we would be entitled to this statutory relief.

## **Tax Aspects of Our Operating Partnership, the Subsidiary Partnerships and the Limited Liability Companies**

### ***General***

All of our investments are held indirectly through our operating partnership. In addition, our operating partnership holds certain of its investments indirectly through subsidiary partnerships and limited liability companies that we believe are and will continue to be treated as disregarded entities or partnerships for U.S. federal income tax purposes. In general, entities that are treated as partnerships or disregarded entities for U.S. federal income tax purposes are “pass-through” entities which are not required to pay U.S. federal income tax. Rather, partners of such partnerships are allocated their shares of the items of income, gain, loss, deduction and credit of the partnership, and are potentially required to pay tax on this income, without regard to whether they receive a distribution from the partnership. We will include in our income our share of these partnership items for purposes of the various gross income tests, the computation of our REIT taxable income, and the REIT distribution requirements. Moreover, for purposes of the asset tests, we will include our pro rata share of assets held by our operating partnership, including its share of the assets of its subsidiary partnerships, based on our capital interests in each such entity. See “—Taxation of Our Company—Ownership of Interests in Partnerships, Limited Liability Companies and Qualified REIT Subsidiaries.” A disregarded entity is not treated as a separate

## Table of Contents

entity for U.S. federal income tax purposes, and all assets, liabilities and items of income, gain, loss, deduction and credit of a disregarded entity are treated as assets, liabilities and items of income, gain, loss, deduction and credit of its parent that is not a disregarded entity (e.g., our operating partnership) for all purposes under the Code, including all REIT qualification tests.

### **Entity Classification**

Our interests in our operating partnership and the subsidiary partnerships and limited liability companies involve special tax considerations, including the possibility that the IRS might challenge the status of these entities as disregarded entities or partnerships for U.S. federal income tax purposes. For example, an entity that would otherwise be treated as a partnership for U.S. federal income tax purposes may nonetheless be taxable as a corporation if it is a “publicly traded partnership” and certain other requirements are met. A partnership would be treated as a publicly traded partnership if its interests are traded on an established securities market or are readily tradable on a secondary market or a substantial equivalent thereof, within the meaning of applicable Treasury Regulations.

Interests in a partnership are not treated as readily tradable on a secondary market, or the substantial equivalent thereof, if the partnership satisfies one or more safe harbors set forth in Treasury Regulations under the Code. One such safe harbor relates to the amount of trading of interests in the partnership. Interests in a partnership would not be viewed as readily tradable on a secondary market or the substantial equivalent thereof if the sum of the percentage interests in capital or profits of the partnership transferred during any taxable year of the partnership does not exceed 2% of the total interests in the partnership’s capital or profits, subject to certain exceptions. For purposes of this 2% trading safe harbor, our interests in our operating partnership are excluded from the determination of the percentage interests in capital or profits of our operating partnership. In addition, this 2% trading safe harbor does not apply to transfers by a limited partner in one or more transactions during any 30-day period representing in the aggregate more than 2% of the total interests in our operating partnership’s capital or profits. We, as the general partner of our operating partnership, have the authority to take any steps we determine to prevent any trading of interests in our operating partnership that would cause our operating partnership to become a publicly traded partnership, including any steps necessary to ensure compliance with this 2% trading safe harbor. While we expect to satisfy this 2% trading safe harbor for certain of our taxable years, we have not satisfied this safe harbor (or any other safe harbor) for all of our prior years, and may fail to satisfy it (and the other safe harbors) in the future.

If our operating partnership or any of our other partnerships were to be treated as a publicly traded partnership, it would be taxable as a corporation unless it qualified for the statutory “90% qualifying income exception.” Under that exception, a publicly traded partnership is not subject to corporate-level tax if 90% or more of its gross income consists of dividends, interest, “rents from real property” (as that term is defined for purposes of the rules applicable to REITs, with certain modifications), gain from the sale or other disposition of real property, and certain other types of qualifying income. We believe our operating partnership has satisfied the 90% qualifying income exception in every taxable year, and expect it to continue to satisfy that exception in the future. However, if our operating partnership (or to the extent applicable any of our other partnerships) did not qualify for this exception or was otherwise taxable as a corporation, it would be required to pay an entity-level tax on its income. In this situation, the character of our assets and items of gross income would change and could prevent us from satisfying the REIT asset tests and possibly the REIT income tests. See “—Taxation of Our Company—Asset Tests” and “—Income Tests.” This, in turn, could prevent us from qualifying as a REIT. See “—Taxation of Our Company—Failure to Qualify” for a discussion of the effect of our failure to meet these tests. In addition, a change in the tax status of our operating partnership or a subsidiary treated as a partnership or disregarded entity to a corporation might be treated as a taxable event. If so, we might incur a tax liability without any related cash payment.

We believe our operating partnership and each of the subsidiary partnerships and limited liability companies will be classified as partnerships or disregarded entities for federal income tax purposes, and we do not anticipate

## **Table of Contents**

that our operating partnership or any subsidiary partnership or limited liability company will be treated as a publicly traded partnership that is taxable as a corporation.

### ***Allocations of Items of Income, Gain, Loss and Deduction***

A partnership agreement (or, in the case of a limited liability company treated as a partnership for U.S. federal income tax purposes, the limited liability company agreement) generally will determine the allocation of income and loss among partners. These allocations, however, will be disregarded for tax purposes if they do not comply with the provisions of Section 704(b) of the Code and the Treasury Regulations thereunder. Generally, Section 704(b) of the Code and the Treasury Regulations thereunder require that partnership allocations respect the economic arrangement of the partners. If an allocation of partnership income or loss does not comply with the requirements of Section 704(b) of the Code and the Treasury Regulations thereunder, the item subject to the allocation will be reallocated in accordance with the partners' interests in the partnership. This reallocation will be determined by taking into account all of the facts and circumstances relating to the economic arrangement of the partners with respect to such item. The allocations of taxable income and loss of our operating partnership and any subsidiaries that are treated as partnerships for U.S. federal income tax purposes are intended to comply with the requirements of Section 704(b) of the Code and the Treasury Regulations thereunder.

### ***Tax Allocations With Respect to the Properties***

Under Section 704(c) of the Code, items of income, gain, loss and deduction attributable to appreciated or depreciated property that is contributed to a partnership in exchange for an interest in the partnership must be allocated in a manner so that the contributing partner is charged with the unrealized gain or benefits from the unrealized loss associated with the property at the time of the contribution. The amount of the unrealized gain or unrealized loss generally is equal to the difference between the fair market value or book value and the adjusted tax basis of the contributed property at the time of contribution (this difference is referred to as a book-tax difference), as adjusted from time to time. These allocations are solely for U.S. federal income tax purposes and do not affect the book capital accounts or other economic or legal arrangements among the partners.

Our operating partnership may, from time to time, acquire interests in property in exchange for interests in our operating partnership. In that case, the tax basis of these property interests generally will carry over to our operating partnership, notwithstanding their different book (*i.e.*, fair market) value. The partnership agreement requires that, if our operating partnership is treated as a partnership for U.S. federal income tax purposes, income and loss allocations with respect to these properties be made in a manner consistent with Section 704(c) of the Code. Treasury Regulations issued under Section 704(c) of the Code provide partnerships with a choice of several methods of accounting for book-tax differences. Depending on the method we choose in connection with any particular contribution, the carryover basis of each of the contributed interests in the properties in the hands of our operating partnership (1) could cause us to be allocated lower amounts of depreciation deductions for tax purposes than would be allocated to us if any of the contributed properties were to have a tax basis equal to its respective fair market value at the time of the contribution and (2) could cause us to be allocated taxable gain in the event of a sale of such contributed interests or properties in excess of the economic or book income allocated to us as a result of such sale, with a corresponding benefit to the other partners in our operating partnership. An allocation described in clause (2) above might cause us or the other partners to recognize taxable income in excess of cash proceeds in the event of a sale or other disposition of property, which might adversely affect our ability to comply with the REIT distribution requirements. See “—Taxation of Our Company—Requirements for Qualification as a REIT” and “—Taxation of Our Company—Annual Distribution Requirements.”

Any property acquired by our operating partnership in a taxable transaction will initially have a tax basis equal to its fair market value, and Section 704(c) of the Code generally will not apply.

### **Partnership Audit Rules**

Under current tax law, subject to certain exceptions, any audit adjustment to items of income, gain, loss, deduction, or credit of a partnership (and any partner's distributive share thereof) is determined, and taxes, interest, or penalties attributable thereto are assessed and collected, at the partnership level. It is possible that these rules could result in partnerships in which we directly or indirectly invest, including our operating partnership, being required to pay additional taxes, interest and penalties as a result of an audit adjustment, and we, as a direct or indirect partner of these partnerships, could be required to bear the economic burden of those taxes, interest, and penalties even though we, as a REIT, may not otherwise have been required to pay additional corporate-level taxes as a result of the related audit adjustment. Investors are urged to consult their tax advisors with respect to these changes and their potential impact on their investment in our capital stock or our operating partnership's debt securities.

### **Material U.S. Federal Income Tax Consequences to Holders of Our Capital Stock and Our Operating Partnership's Debt Securities**

The following discussion is a summary of the material U.S. federal income tax consequences to you of purchasing, owning and disposing of our capital stock or our operating partnership's debt securities. This discussion is limited to holders who hold our capital stock or our operating partnership's debt securities as "capital assets" within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all U.S. federal income tax consequences relevant to a holder's particular circumstances, including the alternative minimum tax. In addition, except where specifically noted, it does not address consequences relevant to holders subject to special rules, including, without limitation:

- U.S. expatriates and former citizens or long-term residents of the United States;
- U.S. holders (as defined below) whose functional currency is not the U.S. dollar;
- persons holding our capital stock or our operating partnership's debt securities as part of a hedge, straddle or other risk reduction strategy or as part of a conversion transaction or other integrated investment;
- banks, insurance companies, and other financial institutions;
- REITs or regulated investment companies;
- brokers, dealers or traders in securities;
- "controlled foreign corporations," "passive foreign investment companies," and corporations that accumulate earnings to avoid U.S. federal income tax;
- S corporations, partnerships or other entities or arrangements treated as partnerships for U.S. federal income tax purposes (and investors therein);
- tax-exempt organizations or governmental organizations;
- persons subject to special tax accounting rules as a result of any item of gross income with respect to our capital stock or our operating partnership's debt securities being taken into account in an applicable financial statement;
- persons deemed to sell our capital stock or our operating partnership's debt securities under the constructive sale provisions of the Code;
- tax-qualified retirement plans; and
- persons who hold or receive our capital stock or our operating partnership's debt securities pursuant to the exercise of any employee stock option or otherwise as compensation.

### **APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF OUR CAPITAL STOCK OR OUR OPERATING PARTNERSHIP'S DEBT SECURITIES ARISING UNDER OTHER U.S. FEDERAL TAX LAWS (INCLUDING ESTATE AND GIFT TAX LAWS), UNDER THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE TAX TREATY.**

For purposes of this discussion, a “U.S. holder” is a beneficial owner of our capital stock or our operating partnership’s debt securities that, for U.S. federal income tax purposes, is or is treated as:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized under the laws of the United States, any state thereof, or the District of Columbia;
- an estate the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (1) is subject to the primary supervision of a U.S. court and the control of one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code) or (2) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

For purposes of this discussion, a “non-U.S. holder” is any beneficial owner of our capital stock or our operating partnership’s debt securities that is neither a U.S. holder nor an entity treated as a partnership for U.S. federal income tax purposes.

If an entity treated as a partnership for U.S. federal income tax purposes holds our capital stock or our operating partnership’s debt securities, the tax treatment of a partner in the partnership will depend on the status of the partner, the activities of the partnership and certain determinations made at the partner level. Accordingly, partnerships holding our capital stock or our operating partnership’s debt securities and the partners in such partnerships should consult their tax advisors regarding the U.S. federal income tax consequences to them.

### **Taxation of Taxable U.S. Holders of Our Capital Stock**

#### ***Distributions Generally***

Distributions out of our current or accumulated earnings and profits will be treated as dividends and, other than with respect to capital gain dividends and certain amounts which have previously been subject to corporate level tax, as discussed below, will be taxable to our taxable U.S. holders as ordinary income when actually or constructively received. See “—Tax Rates” below. As long as we qualify as a REIT, these distributions will not be eligible for the dividends-received deduction in the case of U.S. holders that are corporations or, except to the extent described in “—Tax Rates” below, the preferential rates on qualified dividend income applicable to non-corporate U.S. holders, including individuals. For purposes of determining whether distributions to holders of our capital stock are out of our current or accumulated earnings and profits, our earnings and profits will be allocated first to our outstanding preferred stock, if any, and then to our outstanding common stock.

To the extent that we make distributions on a class of our capital stock in excess of our current and accumulated earnings and profits allocable to such stock, these distributions will be treated first as a tax-free return of capital to a U.S. holder to the extent of the U.S. holder’s adjusted tax basis in such shares of stock. This treatment will reduce the U.S. holder’s adjusted tax basis in such shares of stock by such amount, but not below zero. Distributions in excess of our current and accumulated earnings and profits and in excess of a U.S. holder’s adjusted tax basis in its shares will be taxable as capital gain. Such gain will be taxable as long-term capital gain if the shares have been held for more than one year. Dividends we declare in October, November, or December of any year and which are payable to a holder of record on a specified date in any of these months will be treated as both paid by us and received by the holder on December 31 of that year, provided we actually pay the dividend on or before January 31 of the following year. U.S. holders may not include in their own income tax returns any of our net operating losses or capital losses.

## Table of Contents

U.S. holders that receive taxable stock distributions, including distributions partially payable in our capital stock and partially payable in cash, would be required to include the full amount of the distribution (*i.e.*, the cash and the stock portion) as a dividend (subject to limited exceptions) to the extent of our current and accumulated earnings and profits for U.S. federal income tax purposes, as described above. The amount of any distribution payable in our capital stock generally is equal to the amount of cash that could have been received instead of the capital stock. Depending on the circumstances of a U.S. holder, the tax on the distribution may exceed the amount of the distribution received in cash, in which case such U.S. holder would have to pay the tax using cash from other sources. If a U.S. holder sells the capital stock it received in connection with a taxable stock distribution in order to pay this tax and the proceeds of such sale are less than the amount required to be included in income with respect to the stock portion of the distribution, such U.S. holder could have a capital loss with respect to the stock sale that could not be used to offset such income. A U.S. holder that receives capital stock pursuant to such distribution generally has a tax basis in such capital stock equal to the amount of cash that could have been received instead of such capital stock as described above, and has a holding period in such common stock that begins on the day immediately following the payment date for the distribution.

### ***Capital Gain Dividends***

Dividends that we properly designate as capital gain dividends will generally be taxable to our taxable U.S. holders as a gain from the sale or disposition of a capital asset held for more than one year, to the extent that such gain does not exceed our actual net capital gain for the taxable year, and may not exceed our dividends paid for the taxable year, including dividends paid the following year that are treated as paid in the current year. U.S. holders that are corporations may, however, be required to treat up to 20% of certain capital gain dividends as ordinary income. If we properly designate any portion of a dividend as a capital gain dividend, then, except as otherwise required by law, we presently intend to allocate a portion of the total capital gain dividends paid or made available to holders of all classes of our capital stock for the year to the holders of each class of our capital stock in proportion to the amount that our total dividends, as determined for U.S. federal income tax purposes, paid or made available to the holders of each such class of our capital stock for the year bears to the total dividends, as determined for U.S. federal income tax purposes, paid or made available to holders of all classes of our capital stock for the year. In addition, except as otherwise required by law, we will make a similar allocation with respect to any undistributed long-term capital gains which are to be included in our stockholders' long-term capital gains, based on the allocation of the capital gain amount which would have resulted if those undistributed long-term capital gains had been distributed as "capital gain dividends" by us to our stockholders.

### ***Retention of Net Capital Gains***

We may elect to retain, rather than distribute as a capital gain dividend, all or a portion of our net capital gains. If we make this election, we would pay tax on our retained net capital gains. In addition, to the extent we so elect, our earnings and profits (determined for U.S. federal income tax purposes) would be adjusted accordingly, and a U.S. holder generally would:

- include its pro rata share of our undistributed capital gain in computing its long-term capital gains in its U.S. federal income tax return for its taxable year in which the last day of our taxable year falls, subject to certain limitations as to the amount that is includable;
- be deemed to have paid its share of the capital gains tax imposed on us on the designated amounts included in the U.S. holder's income as long-term capital gain;
- receive a credit or refund for the amount of tax deemed paid by it;
- increase the adjusted tax basis of its capital stock by the difference between the amount of includable gains and the tax deemed to have been paid by it; and
- in the case of a U.S. holder that is a corporation, appropriately adjust its earnings and profits for the retained capital gains in accordance with Treasury Regulations to be promulgated by the IRS.

## [Table of Contents](#)

### **Passive Activity Losses and Investment Interest Limitations**

Distributions we make and gain arising from the sale or exchange of our capital stock by a U.S. holder will not be treated as passive activity income. As a result, U.S. holders generally will not be able to apply any “passive losses” against this income or gain. A U.S. holder generally may elect to treat capital gain dividends, capital gains from the disposition of our capital stock and income designated as qualified dividend income, described in “—Tax Rates” below, as investment income for purposes of computing the investment interest limitation, but in such case, the holder will be taxed at ordinary income rates on such amount. Other distributions made by us, to the extent they do not constitute a return of capital, generally will be treated as investment income for purposes of computing the investment interest limitation.

### **Dispositions of Our Capital Stock**

Except as described below under “—Taxation of Taxable U.S. Holders of Our Capital Stock—Redemption or Repurchase by Us,” if a U.S. holder sells or disposes of shares of our capital stock, it will recognize gain or loss for U.S. federal income tax purposes in an amount equal to the difference between the amount of cash and the fair market value of any property received on the sale or other disposition and the holder’s adjusted tax basis in the shares. This gain or loss, except as provided below, will be long-term capital gain or loss if the holder has held such capital stock for more than one year. However, if a U.S. holder recognizes a loss upon the sale or other disposition of capital stock that it has held for six months or less, after applying certain holding period rules, the loss recognized will be treated as a long-term capital loss to the extent the U.S. holder received distributions from us which were required to be treated as long-term capital gains. The deductibility of capital losses is subject to limitations.

#### **Redemption or Repurchase by Us**

A redemption or repurchase of shares of our capital stock will be treated under Section 302 of the Code as a distribution (and taxable as a dividend to the extent of our current and accumulated earnings and profits as described above under “—Distributions Generally”) unless the redemption or repurchase satisfies one of the tests set forth in Section 302(b) of the Code and is therefore treated as a sale or exchange of the redeemed or repurchased shares. The redemption or repurchase generally will be treated as a sale or exchange if it:

- is “substantially disproportionate” with respect to the U.S. holder,
- results in a “complete redemption” of the U.S. holder’s stock interest in us, or
- is “not essentially equivalent to a dividend” with respect to the U.S. holder,

all within the meaning of Section 302(b) of the Code.

In determining whether any of these tests has been met, shares of our capital stock, including common stock and other equity interests in us, considered to be owned by the U.S. holder by reason of certain constructive ownership rules set forth in the Code, as well as shares of our capital stock actually owned by the U.S. holder, generally must be taken into account. Because the determination as to whether any of the alternative tests of Section 302(b) of the Code will be satisfied with respect to the U.S. holder depends upon the facts and circumstances at the time that the determination must be made, U.S. holders are advised to consult their tax advisors to determine such tax treatment.

If a redemption or repurchase of shares of our capital stock is treated as a distribution, the amount of the distribution will be measured by the amount of cash and the fair market value of any property received. See “—Distributions Generally.” A U.S. holder’s adjusted tax basis in the redeemed or repurchased shares generally will be transferred to the holder’s remaining shares of our capital stock, if any. If a U.S. holder owns no other shares of our capital stock, under certain circumstances, such basis may be transferred to a related person or it may be lost entirely. Prospective investors should consult their tax advisors regarding the U.S. federal income tax consequences of a redemption or repurchase of our capital stock.

## **Table of Contents**

If a redemption or repurchase of shares of our capital stock is not treated as a distribution, it will be treated as a taxable sale or exchange in the manner described under “—Dispositions of Our Capital Stock.”

### **Tax Rates**

The maximum tax rate for non-corporate taxpayers for (1) long-term capital gains, including certain “capital gain dividends,” generally is 20% (although depending on the characteristics of the assets which produced these gains and on designations which we may make, certain capital gain dividends may be taxed at a 25% rate) and (2) “qualified dividend income” generally is 20%. In general, dividends payable by REITs are not eligible for the reduced tax rate on qualified dividend income, except to the extent that certain holding period requirements have been met and the REIT’s dividends are attributable to dividends received from taxable corporations (such as its taxable REIT subsidiaries) or to income that was subject to tax at the corporate/REIT level (for example, if the REIT distributed taxable income that it retained and paid tax on in the prior taxable year). Capital gain dividends will only be eligible for the rates described above to the extent that they are properly designated by the REIT as “capital gain dividends.” U.S. holders that are corporations may be required to treat up to 20% of some capital gain dividends as ordinary income. In addition, non-corporate U.S. holders, including individuals, generally may deduct up to 20% of dividends from a REIT, other than capital gain dividends and dividends treated as qualified dividend income, for taxable years beginning before January 1, 2026 for purposes of determining their U.S. federal income tax (but not for purposes of the 3.8% Medicare tax), subject to certain holding period requirements and other limitations.

### **Taxation of Tax-Exempt Holders of Our Capital Stock**

Dividend income from us and gain arising upon a sale of shares of our capital stock generally should not be unrelated business taxable income (“UBTI”) to a tax-exempt holder, except as described below. This income or gain will be UBTI, however, to the extent a tax-exempt holder holds its shares as “debt-financed property” within the meaning of the Code. Generally, “debt-financed property” is property the acquisition or holding of which was financed through a borrowing by the tax-exempt holder.

For tax-exempt holders that are social clubs, voluntary employee benefit associations, or supplemental unemployment benefit trusts exempt from U.S. federal income taxation under Sections 501(c)(7), (c)(9) or (c)(17) of the Code, respectively, income from an investment in our shares will constitute UBTI unless the organization is able to properly claim a deduction for amounts set aside or placed in reserve for specific purposes so as to offset the income generated by its investment in our shares. These prospective investors should consult their tax advisors concerning these “set aside” and reserve requirements.

Notwithstanding the above, however, a portion of the dividends paid by a “pension-held REIT” may be treated as UBTI as to certain trusts that hold more than 10%, by value, of the interests in the REIT. A REIT will not be a “pension-held REIT” if it is able to satisfy the “not closely held” requirement without relying on the “look-through” exception with respect to certain trusts or if such REIT is not “predominantly held” by “qualified trusts.” As a result of restrictions on ownership and transfer of our stock contained in our charter, we do not expect to be classified as a “pension-held REIT,” and as a result, the tax treatment described above should be inapplicable to our holders. However, because our common stock is (and, we anticipate, will continue to be) publicly traded, we cannot guarantee that this will always be the case.

### **Taxation of Non-U.S. Holders of Our Capital Stock**

The following discussion addresses the rules governing U.S. federal income taxation of the acquisition, ownership and disposition of our capital stock by non-U.S. holders. These rules are complex, and no attempt is made herein to provide more than a brief summary of such rules. Accordingly, the discussion does not address all aspects of U.S. federal income taxation and does not address other federal, state, local or non-U.S. tax consequences that may be relevant to a non-U.S. holder in light of its particular circumstances. We

## **Table of Contents**

urge non-U.S. holders to consult their tax advisors to determine the impact of U.S. federal, state, local and non-U.S. income and other tax laws and any applicable tax treaty on the acquisition, ownership and disposition of shares of our capital stock, including any reporting requirements.

### **Distributions Generally**

Distributions (including any taxable stock distributions) that are neither attributable to gains from sales or exchanges by us of United States real property interests (“USRPIs”) nor designated by us as capital gain dividends (except as described below) will be treated as dividends of ordinary income to the extent that they are made out of our current or accumulated earnings and profits. Such distributions ordinarily will be subject to withholding of U.S. federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty, unless the distributions are treated as effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such dividends are attributable). Under certain treaties, however, lower withholding rates generally applicable to dividends do not apply to dividends from a REIT. Certain certification and disclosure requirements must be satisfied for a non-U.S. holder to be exempt from withholding under the effectively connected income exemption. Dividends that are treated as effectively connected with a U.S. trade or business generally will not be subject to withholding but will be subject to U.S. federal income tax on a net basis at the regular rates, in the same manner as dividends paid to U.S. holders are subject to U.S. federal income tax. Any such dividends received by a non-U.S. holder that is a corporation may also be subject to an additional branch profits tax at a 30% rate (applicable after deducting U.S. federal income taxes paid on such effectively connected income) or such lower rate as may be specified by an applicable income tax treaty.

Except as otherwise provided below, we expect to withhold U.S. federal income tax at the rate of 30% on any distributions made to a non-U.S. holder unless:

- a lower treaty rate applies and the non-U.S. holder furnishes an IRS Form W-8BEN or W-8BEN-E (or other applicable documentation) evidencing eligibility for that reduced treaty rate; or
- the non-U.S. holder furnishes an IRS Form W-8ECI (or other applicable documentation) claiming that the distribution is income effectively connected with the non-U.S. holder’s trade or business.

Distributions in excess of our current and accumulated earnings and profits will not be taxable to a non-U.S. holder to the extent that such distributions do not exceed the adjusted tax basis of the stockholder’s capital stock, but rather will reduce the adjusted tax basis of such stock. To the extent that such distributions exceed the non-U.S. holder’s adjusted tax basis in such capital stock, they generally will give rise to gain from the sale or exchange of such stock, the tax treatment of which is described below. However, such excess distributions may be treated as dividend income for certain non-U.S. holders. For withholding purposes, we expect to treat all distributions as made out of our current or accumulated earnings and profits. However, amounts withheld may be refundable if it is subsequently determined that the distribution was, in fact, in excess of our current and accumulated earnings and profits, provided that certain conditions are met.

### ***Capital Gain Dividends and Distributions Attributable to a Sale or Exchange of United States Real Property Interests***

Distributions to a non-U.S. holder that we properly designate as capital gain dividends, other than those arising from the disposition of a USRPI, generally should not be subject to U.S. federal income taxation, unless:

- the investment in our capital stock is treated as effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such dividends are attributable), in which case the non-U.S. holder will be subject to the same treatment as U.S. holders with respect to such gain, except that a non-U.S. holder that is a corporation may also be subject to a branch profits tax of up to 30%, as discussed above; or

## Table of Contents

- the non-U.S. holder is a nonresident alien individual who is present in the United States for 183 days or more during the taxable year and certain other conditions are met, in which case the non-U.S. holder will be subject to U.S. federal income tax at a rate of 30% on the non-U.S. holder's capital gains (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S. source capital losses of such non-U.S. holder (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses.

Pursuant to the Foreign Investment in Real Property Tax Act, which is referred to as "FIRPTA," distributions to a non-U.S. holder that are attributable to gain from sales or exchanges by us of USRPIs, whether or not designated as capital gain dividends, will cause the non-U.S. holder to be treated as recognizing such gain as income effectively connected with a U.S. trade or business. Non-U.S. holders generally would be taxed at the regular rates applicable to U.S. holders, subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals. We also will be required to withhold and to remit to the IRS 21% of any distribution to non-U.S. holders to the extent attributable to gain from sales or exchanges by us of USRPIs. Distributions subject to FIRPTA may also be subject to a 30% branch profits tax in the hands of a non-U.S. holder that is a corporation. The amount withheld is creditable against the non-U.S. holder's U.S. federal income tax liability. However, any distribution with respect to any class of stock that is "regularly traded," as defined by applicable Treasury Regulations, on an established securities market located in the United States is not subject to FIRPTA, and therefore, not subject to the 21% U.S. withholding tax described above, if the non-U.S. holder did not own more than 10% of such class of stock at any time during the one-year period ending on the date of the distribution. Instead, such distributions generally will be treated as ordinary dividend distributions and subject to withholding in the manner described above with respect to ordinary dividends. In addition, distributions to certain non-U.S. publicly traded shareholders that meet certain record-keeping and other requirements ("qualified shareholders") are exempt from FIRPTA, except to the extent owners of such qualified shareholders that are not also qualified shareholders own, actually or constructively, more than 10% of our capital stock. Furthermore, distributions to "qualified foreign pension funds" or entities all of the interests of which are held by "qualified foreign pension funds" are exempt from FIRPTA. Non-U.S. holders should consult their tax advisors regarding the application of these rules.

### ***Retention of Net Capital Gains***

Although the law is not clear on the matter, it appears that amounts we designate as retained net capital gains in respect of our capital stock should be treated with respect to non-U.S. holders as actual distributions of capital gain dividends. Under this approach, the non-U.S. holders may be able to offset as a credit against their U.S. federal income tax liability their proportionate share of the tax paid by us on such retained net capital gains and to receive from the IRS a refund to the extent their proportionate share of such tax paid by us exceeds their actual U.S. federal income tax liability. If we were to designate any portion of our net capital gain as retained net capital gain, non-U.S. holders should consult their tax advisors regarding the taxation of such retained net capital gain.

### ***Sale of Our Capital Stock***

Except as described below under "—Redemption or Repurchase by Us," gain recognized by a non-U.S. holder upon the sale, exchange or other taxable disposition of our capital stock generally will not be subject to U.S. federal income tax unless such stock constitutes a USRPI. In general, stock of a domestic corporation that constitutes a United States real property holding corporation ("USRPHC") will constitute a USRPI. We believe that we are a USRPHC. Our capital stock will not, however, constitute a USRPI so long as we are a "domestically controlled qualified investment entity." A "domestically controlled qualified investment entity" includes a REIT in which at all times during a five-year testing period less than 50% in value of its stock is held directly or indirectly by non-United States persons, subject to certain rules. For purposes of determining whether a REIT is a "domestically controlled qualified investment entity," a person who at all applicable times

## Table of Contents

holds less than 5% of a class of stock that is “regularly traded” is treated as a United States person unless the REIT has actual knowledge that such person is not a United States person. Proposed Treasury Regulations, if finalized, would provide additional guidance for determining whether a REIT is a domestically controlled qualified investment entity and clarify, among other things, that ownership by non-U.S. persons (other than persons treated as United States persons as described in the preceding sentence) will be determined by looking through pass-through entities and certain U.S. corporations. We believe, but cannot guarantee, that we are a “domestically controlled qualified investment entity.” Because our common stock is (and, we anticipate, will continue to be) publicly traded, no assurance can be given that we will continue to be a “domestically controlled qualified investment entity.”

Even if we do not qualify as a “domestically controlled qualified investment entity” at the time a non-U.S. holder sells our capital stock, gain realized from the sale or other taxable disposition by a non-U.S. holder of such class of stock would not be subject to U.S. federal income tax under FIRPTA as a sale of a USRPI if:

- (1) such class of stock is “regularly traded,” as defined by applicable Treasury Regulations, on an established securities market such as the NYSE; and
- (2) such non-U.S. holder owned, actually and constructively, 10% or less of such class of stock throughout the shorter of the five-year period ending on the date of the sale or other taxable disposition or the non-U.S. holder’s holding period.

In addition, dispositions of our capital stock by qualified shareholders are exempt from FIRPTA, except to the extent owners of such qualified shareholders that are not also qualified shareholders own, actually or constructively, more than 10% of our capital stock. Furthermore, dispositions of our capital stock by “qualified foreign pension funds” or entities all of the interests of which are held by “qualified foreign pension funds” are exempt from FIRPTA. Non-U.S. holders should consult their tax advisors regarding the application of these rules.

Notwithstanding the foregoing, gain from the sale, exchange or other taxable disposition of our capital stock not otherwise subject to FIRPTA will be taxable to a non-U.S. holder if either (a) the investment in our capital stock is treated as effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such gain is attributable), in which case the non-U.S. holder will be subject to the same treatment as U.S. holders with respect to such gain, except that a non-U.S. holder that is a corporation may also be subject to the 30% branch profits tax (or such lower rate as may be specified by an applicable income tax treaty) on such gain, as adjusted for certain items, or (b) the non-U.S. holder is a nonresident alien individual who is present in the United States for 183 days or more during the taxable year and certain other conditions are met, in which case the non-U.S. holder will be subject to a 30% tax on the non-U.S. holder’s capital gains (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S. source capital losses of the non-U.S. holder (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses. In addition, even if we are a domestically controlled qualified investment entity, upon disposition of our capital stock, a non-U.S. holder may be treated as having gain from the sale or other taxable disposition of a USRPI if the non-U.S. holder (1) disposes of such stock within a 30-day period preceding the ex-dividend date of a distribution, any portion of which, but for the disposition, would have been treated as gain from the sale or exchange of a USRPI and (2) acquires, or enters into a contract or option to acquire, or is deemed to acquire, other shares of that stock during the 61-day period beginning with the first day of the 30-day period described in clause (1), unless such stock is “regularly traded” and the non-U.S. holder did not own more than 10% of the stock at any time during the one-year period ending on the date of the distribution described in clause (1).

## **Table of Contents**

If gain on the sale, exchange or other taxable disposition of our capital stock were subject to taxation under FIRPTA, the non-U.S. holder would be required to file a U.S. federal income tax return and would be subject to regular U.S. federal income tax with respect to such gain in the same manner as a taxable U.S. holder (subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals). In addition, if the sale, exchange or other taxable disposition of our capital stock were subject to taxation under FIRPTA, and if shares of the applicable class of our capital stock were not “regularly traded” on an established securities market, the purchaser of such capital stock generally would be required to withhold and remit to the IRS 15% of the purchase price.

### ***Redemption or Repurchase by Us***

A redemption or repurchase of shares of our capital stock will be treated under Section 302 of the Code as a distribution (and taxable as a dividend to the extent of our current and accumulated earnings and profits) unless the redemption or repurchase satisfies one of the tests set forth in Section 302(b) of the Code and is therefore treated as a sale or exchange of the redeemed or repurchased shares. See “—Taxation of Taxable U.S. Holders of Our Capital Stock—Redemption or Repurchase by Us.” Qualified shareholders and their owners may be subject to different rules, and should consult their tax advisors regarding the application of such rules. If the redemption or repurchase of shares is treated as a distribution, the amount of the distribution will be measured by the amount of cash and the fair market value of any property received. See “—Taxation of Non-U.S. Holders of Our Capital Stock—Distributions Generally.” If the redemption or repurchase of shares is not treated as a distribution, it will be treated as a taxable sale or exchange in the manner described under “—Taxation of Non-U.S. Holders of Our Capital Stock—Sale of Our Capital Stock.”

### **Taxation of Holders of Our Operating Partnership’s Debt Securities**

The following summary describes the material U.S. federal income tax consequences of acquiring, owning and disposing of debt securities issued by our operating partnership. This discussion assumes the debt securities will be issued with less than a statutory *de minimis* amount of original issue discount for U.S. federal income tax purposes. In addition, this discussion is limited to persons purchasing the debt securities for cash at original issue and at their original “issue price” within the meaning of Section 1273 of the Code (*i.e.*, the first price at which a substantial amount of the debt securities is sold to the public for cash).

#### ***U.S. Holders***

*Payments of Interest.* Interest on a debt security generally will be taxable to a U.S. holder as ordinary income at the time such interest is received or accrued, in accordance with such U.S. holder’s method of accounting for U.S. federal income tax purposes.

*Sale or Other Taxable Disposition.* A U.S. holder will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a debt security. The amount of such gain or loss generally will be equal to the difference between the amount received for the debt security in cash or other property valued at fair market value (less amounts attributable to any accrued but unpaid interest, which will be taxable as interest to the extent not previously included in income) and the U.S. holder’s adjusted tax basis in the debt security. A U.S. holder’s adjusted tax basis in a debt security generally will be equal to the amount the U.S. holder paid for the debt security. Any gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if the U.S. holder has held the debt security for more than one year at the time of such sale or other taxable disposition. Otherwise, such gain or loss will be short-term capital gain or loss. Long-term capital gains recognized by certain non-corporate U.S. holders, including individuals, generally will be taxable at reduced rates. The deductibility of capital losses is subject to limitations.

### **Non-U.S. Holders**

*Payments of Interest.* Interest paid on a debt security to a non-U.S. holder that is not effectively connected with the non-U.S. holder's conduct of a trade or business within the United States generally will not be subject to U.S. federal income tax or withholding, provided that:

- the non-U.S. holder does not, actually or constructively, own 10% or more of our operating partnership's capital or profits;
- the non-U.S. holder is not a controlled foreign corporation related to our operating partnership through actual or constructive stock ownership; and
- either (1) the non-U.S. holder certifies in a statement provided to the applicable withholding agent under penalties of perjury that it is not a United States person and provides its name and address; (2) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds the debt security on behalf of the non-U.S. holder certifies to the applicable withholding agent under penalties of perjury that it, or the financial institution between it and the non-U.S. holder, has received from the non-U.S. holder a statement under penalties of perjury that such holder is not a United States person and provides the applicable withholding agent with a copy of such statement; or (3) the non-U.S. holder holds its debt security directly through a "qualified intermediary" (within the meaning of the applicable Treasury Regulations) and certain conditions are satisfied.

If a non-U.S. holder does not satisfy the requirements above, such non-U.S. holder will be subject to withholding tax of 30%, subject to a reduction in or an exemption from withholding on such interest as a result of an applicable tax treaty. To claim such entitlement, the non-U.S. holder must provide the applicable withholding agent with a properly executed IRS Form W-8BEN or W-8BEN-E (or other applicable documentation) claiming a reduction in or exemption from withholding tax under the benefit of an income tax treaty between the United States and the country in which the non-U.S. holder resides or is established.

If interest paid to a non-U.S. holder is effectively connected with the non-U.S. holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such interest is attributable), the non-U.S. holder will be exempt from the U.S. federal withholding tax described above. To claim the exemption, the non-U.S. holder must furnish to the applicable withholding agent a valid IRS Form W-8ECI, certifying that interest paid on a debt security is not subject to withholding tax because it is effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States.

Any such effectively connected interest generally will be subject to U.S. federal income tax at the regular rates. A non-U.S. holder that is a corporation may also be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected interest, as adjusted for certain items.

The certifications described above must be provided to the applicable withholding agent prior to the payment of interest and must be updated periodically. Non-U.S. holders that do not timely provide the applicable withholding agent with the required certification, but that qualify for a reduced rate under an applicable income tax treaty, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS. Non-U.S. holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

*Sale or Other Taxable Disposition.* A non-U.S. holder will not be subject to U.S. federal income tax on any gain realized upon the sale, exchange, redemption, retirement or other taxable disposition of a debt security (such amount excludes any amount allocable to accrued and unpaid interest, which generally will be treated as interest).

## Table of Contents

and may be subject to the rules discussed above in “—Taxation of Holders of Our Operating Partnership’s Debt Securities—Non-U.S. Holders—Payments of Interest”) unless:

- the gain is effectively connected with the non-U.S. holder’s conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such gain is attributable); or
- the non-U.S. holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met.

Gain described in the first bullet point above generally will be subject to U.S. federal income tax on a net income basis at the regular rates. A non-U.S. holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected gain, as adjusted for certain items.

A non-U.S. holder described in the second bullet point above will be subject to U.S. federal income tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on gain realized upon the sale or other taxable disposition of a debt security, which may be offset by U.S. source capital losses of the non-U.S. holder (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses.

Non-U.S. holders should consult their tax advisors regarding any applicable income tax treaties that may provide for different rules.

## **Information Reporting and Backup Withholding**

### ***U.S. Holders***

A U.S. holder may be subject to information reporting and backup withholding when such holder receives payments on our capital stock or our operating partnership’s debt securities or proceeds from the sale or other taxable disposition of such stock or debt securities (including a redemption or retirement of a debt security). Certain U.S. holders are exempt from backup withholding, including corporations and certain tax-exempt organizations. A U.S. holder will be subject to backup withholding if such holder is not otherwise exempt and:

- the holder fails to furnish the holder’s taxpayer identification number, which for an individual is ordinarily his or her social security number;
- the holder furnishes an incorrect taxpayer identification number;
- the applicable withholding agent is notified by the IRS that the holder previously failed to properly report payments of interest or dividends; or
- the holder fails to certify under penalties of perjury that the holder has furnished a correct taxpayer identification number and that the IRS has not notified the holder that the holder is subject to backup withholding.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a U.S. holder’s U.S. federal income tax liability, provided the required information is timely furnished to the IRS. U.S. holders should consult their tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption.

### ***Non-U.S. Holders***

Payments of dividends on our capital stock or interest on our operating partnership’s debt securities generally will not be subject to backup withholding, provided the applicable withholding agent does not have

## Table of Contents

actual knowledge or reason to know the holder is a United States person and the holder either certifies its non-U.S. status, such as by furnishing a valid IRS Form W-8BEN, W-8BEN-E or W-8ECI, or otherwise establishes an exemption. However, information returns are required to be filed with the IRS in connection with any distributions on our capital stock or interest on our operating partnership's debt securities paid to the non-U.S. holder, regardless of whether such distributions constitute a dividend or whether any tax was actually withheld. In addition, proceeds of the sale or other taxable disposition of such stock or debt securities (including a retirement or redemption of a debt security) within the United States or conducted through certain U.S.-related brokers generally will not be subject to backup withholding or information reporting, if the applicable withholding agent receives the certification described above and does not have actual knowledge or reason to know that such holder is a United States person, or the holder otherwise establishes an exemption. Proceeds of a disposition of such stock or debt securities conducted through a non-U.S. office of a non-U.S. broker generally will not be subject to backup withholding or information reporting.

Copies of information returns that are filed with the IRS may also be made available under the provisions of an applicable treaty or agreement to the tax authorities of the country in which the non-U.S. holder resides or is established.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a non-U.S. holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

### **Medicare Contribution Tax on Unearned Income**

Certain U.S. holders that are individuals, estates or trusts are required to pay an additional 3.8% tax on, among other things, dividends on stock, interest on debt obligations and capital gains from the sale or other disposition of stock or debt obligations, subject to certain limitations. U.S. holders should consult their tax advisors regarding the effect, if any, of these rules on their ownership and disposition of our capital stock or our operating partnership's debt securities.

### **Additional Withholding Tax on Payments Made to Foreign Accounts**

Withholding taxes may be imposed under Sections 1471 to 1474 of the Code (such sections commonly referred to as the Foreign Account Tax Compliance Act ("FATCA")) on certain types of payments made to "non-U.S. financial institutions" and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on dividends on our capital stock, interest on our operating partnership's debt securities, or (subject to the proposed Treasury Regulations discussed below) gross proceeds from the sale or other disposition of our capital stock or our operating partnership's debt securities, in each case paid to a "foreign financial institution" or to a "non-financial foreign entity" (each as defined in the Code), unless (1) the foreign financial institution undertakes certain diligence and reporting obligations, (2) the non-financial foreign entity either certifies it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each substantial United States owner, or (3) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in clause (1) above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain "specified United States persons" or "United States owned foreign entities" (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on certain payments to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of dividends on our capital stock or interest on our operating partnership's debt

## Table of Contents

securities. While withholding under FATCA would have applied also to payments of gross proceeds from the sale or other disposition of stock or debt securities on or after January 1, 2019, proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued. Because we may not know the extent to which a distribution is a dividend for U.S. federal income tax purposes at the time it is made, for purposes of these withholding rules we may treat the entire distribution as a dividend. Prospective investors should consult their tax advisors regarding the potential application of withholding under FATCA to their investment in our capital stock or our operating partnership's debt securities.

### **Other Tax Consequences**

State, local and non-U.S. income tax laws may differ substantially from the corresponding U.S. federal income tax laws, and this discussion does not purport to describe any aspect of the tax laws of any state, local or non-U.S. jurisdiction, or any U.S. federal tax other than income tax. You should consult your tax advisor regarding the effect of state, local and non-U.S. tax laws with respect to our tax treatment as a REIT and on an investment in our capital stock or our operating partnership's debt securities.

### **Item 15. of Directors and Officers**

#### ***Indemnification***

Maryland law permits a Maryland corporation to include in its charter a provision eliminating the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active and deliberate dishonesty that is established by a final judgment and is material to the cause of action. Our charter contains a provision that eliminates our directors' and officers' liability to the maximum extent permitted by Maryland law.

Maryland law requires a Maryland corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made a party by reason of his or her service in that capacity. Maryland law permits a Maryland corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or threatened to be made a party by reason of their service in those or other capacities unless it is established that: (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (i) was committed in bad faith or (ii) was the result of active and deliberate dishonesty; (b) the director or officer actually received an improper personal benefit in money, property or services; or (c) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. However, under Maryland law, a Maryland corporation may not indemnify a director or officer for an adverse judgment in a suit by or on behalf of the corporation or if the director or officer was adjudged liable on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. In addition, Maryland law permits a Maryland corporation to advance reasonable expenses to a director or officer, without requiring a preliminary determination of the director's or officer's ultimate entitlement to indemnification, upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

## Table of Contents

Our charter authorizes us to obligate ourselves and our bylaws obligate us, to the maximum extent permitted by Maryland law, in effect from time to time, to indemnify and to pay or reimburse reasonable expenses in advance of final disposition of a proceeding, without requiring a preliminary determination of the director's or officer's ultimate entitlement to indemnification, to any present or former director or officer or any individual who, while a director or officer of our company and at our request, serves or has served as a director, officer, partner, trustee, member or manager of another corporation, real estate investment trust, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise, and who is made or threatened to be made a party to or witness in the proceeding by reason of his or her service in that capacity from and against any claim or liability to which that individual may become subject or which that individual may incur by reason of his or her service in any of the foregoing capacities and to pay or reimburse his or her reasonable expenses in advance of final disposition of a proceeding. Our charter and bylaws also permit us to indemnify and advance expenses to any individual who served a predecessor of our company in any of the capacities described above and any employees or agents of our company or a predecessor of our company.

We have entered into indemnification agreements with each of our executive officers and directors whereby we have agreed to indemnify such executive officers and directors to the fullest extent permitted by Maryland law against all expenses and liabilities, subject to limited exceptions. These indemnification agreements also provide that, upon an application for indemnity by an executive officer or director to a court of appropriate jurisdiction, such court may order us to indemnify such executive officer or director.

In addition, our directors and officers are indemnified for specified liabilities and expenses pursuant to the partnership agreement of Rexford Industrial Realty, L.P., the partnership of which we serve as sole general partner.

Re: Registration Statement on Form S-3

Ladies and Gentlemen:

We have served as Maryland counsel to Rexford Industrial Realty, Inc., a Maryland corporation (the “Company”), and Rexford Industrial Realty, L.P., a Maryland limited partnership (the “Operating Partnership”), in connection with certain matters of Maryland law arising out of the registration of the offering and sale from time to time of the following securities having an indeterminate aggregate initial offering price (collectively, the “Securities”): (a) shares of the Company’s common stock, \$0.01 par value per share (the “Common Stock”); (b) shares of the Company’s preferred stock, \$0.01 par value per share (the “Preferred Stock”); (c) depositary shares representing interests in shares of Preferred Stock (the “Depositary Shares”); (d) warrants to purchase shares of Common Stock, shares of Preferred Stock or Depositary Shares (“Warrants”); (e) rights to purchase shares of Common Stock or other Securities (“Rights”); (f) units consisting of two or more other Securities, in any combination (“Units”); (g) debt securities (“Debt Securities”) offered by the Operating Partnership and (h) guarantees by the Company (“Guarantees”) of Debt Securities, covered by the above-referenced Registration Statement, and all amendments thereto (collectively, the “Registration Statement”), filed by the Company with the United States Securities and Exchange Commission (the “Commission”) under the Securities Act of 1933, as amended (the “Securities Act”).

In connection with our representation of the Company and the Operating Partnership, and as a basis for the opinion hereinafter set forth, we have examined originals, or copies certified or otherwise identified to our satisfaction, of the following documents (hereinafter collectively referred to as the “Documents”):

1. The Registration Statement and the Prospectus included therein, substantially in the form in which they were transmitted to the Commission for filing under the Securities Act;

3. The Fifth Amended and Restated Bylaws of the Company (the “Bylaws”), certified as of the date hereof by an officer of the Company;

6. Certificates of the SDAT as to the good standing of the Company and the Operating Partnership, each dated as of a recent date;

7. Rexford Industrial Realty, Inc.  
 11620 Wilshire Boulevard, Suite 1000  
 Los Angeles, CA 90025

Re: Registration Statement on Form S-3

To the addressees set forth above:

We have acted as tax counsel to Rexford Industrial Realty, Inc., a Maryland corporation (the “**Company**”), in connection with its filing on the date hereof of a registration statement on Form S-3 (such registration statement, as amended through the date hereof together with the prospectus included therein, the “**Registration Statement**”) with the Securities and Exchange Commission (the “**Commission**”) under the Securities Act of 1933, as amended (the “**Act**”), relating to the registration of the securities set forth in the prospectus contained in the Registration Statement.

You have requested our opinion concerning certain of the federal income tax considerations relating to the Company. This opinion is based on various facts and assumptions, including the facts set forth in the Registration Statement concerning the business, assets and governing documents of the Company and its subsidiaries. We have also been furnished with, and with your consent have relied upon, certain representations made by the Company and its subsidiaries with respect to certain factual matters through a certificate of an officer of the Company, dated as of the date hereof (the “**Officer’s Certificate**”).

In our capacity as tax counsel to the Company, we have made such legal and factual examinations and inquiries, including an examination of originals or copies certified or otherwise identified to our satisfaction of such documents, corporate records and other instruments as we have deemed necessary or appropriate for purposes of this opinion. For the purposes of our opinion, we have not made an independent investigation or audit of all of the facts set forth in the above referenced documents or in the Officer’s Certificate. In addition, in rendering this opinion we have assumed the truth and accuracy of all representations and statements made to us that are

LATHAM & WATKINS LLP

qualified as to knowledge or belief, without regard to such qualification. No facts have come to our attention that would cause us to question the truth and accuracy of such representations and statements. In our examination, we have assumed the authenticity of all documents submitted to us as originals, the genuineness of all signatures thereon, the legal capacity of natural persons executing such documents and the conformity to authentic original documents of all documents submitted to us as copies.

We are opining herein only as to the federal income tax laws of the United States, and we express no opinion with respect to the applicability thereto, or the effect thereon, of other federal laws or the laws of any state or other jurisdiction, or as to any matters of municipal law or the laws of any other local agencies within any state.

Based on such facts, and subject to the qualifications, assumptions, representations and limitations set forth herein, it is our opinion that:

1. Commencing with its taxable year ended December 31, 2013, the Company has been organized and has operated in conformity with the requirements for qualification and taxation as a real estate investment trust (a “**REIT**”) under Sections 856-860 of the Internal Revenue Code of 1986, as amended (the “**Code**”), and its current and proposed method of operation will enable it to continue to meet the requirements for qualification and taxation as a REIT under Sections 856-860 of the Code; and
2. The statements set forth in the Registration Statement under the caption “U.S. Federal Income Tax Considerations,” insofar as they purport to describe or summarize certain provisions of the statutes or regulations referred to therein, are accurate descriptions or summaries in all material respects.

No opinion is expressed as to any matter not discussed herein.

This opinion is rendered to you as of the date of this letter, and we undertake no obligation to update this opinion subsequent to the date hereof. This opinion is based on various statutory provisions, regulations promulgated thereunder and interpretations thereof by the Internal Revenue Service and the courts having jurisdiction over such matters, all of which are subject to change either prospectively or retroactively. Any such change may affect the conclusions stated herein. Also, any variation or difference in the facts from those set forth in the Registration Statement or the Officer’s Certificate may affect the conclusions stated herein. As described in the Registration Statement, the Company’s qualification and taxation as a REIT depend upon the Company’s ability to meet the various qualification tests imposed under the Code, including through actual annual operating results, asset composition, distribution levels and diversity of stock ownership, the results of which have not been and will not be reviewed by Latham & Watkins LLP. Accordingly, no assurance can be given that the actual results of the Company’s operation for any particular taxable year will satisfy such requirements. In addition, the opinion set forth above does not foreclose the possibility that the Company may have to pay a deficiency dividend, or an excise or penalty tax, which could be significant in amount, in order to maintain its REIT qualification.

**LATHAM & WATKINS LLP**

This opinion is rendered solely for your benefit in connection with the transaction described above. This opinion may not be relied upon by you for any other purpose, or furnished to, assigned to, quoted to or relied upon by any other person, firm or other entity for any purpose, without our prior written consent, which may be granted or withheld in our sole discretion, provided that this opinion may be relied upon by persons entitled to rely on it pursuant to applicable provisions of federal securities law.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement and to the reference to our firm name in the Registration Statement under the captions "U.S. Federal Income Tax Considerations" and "Legal Matters." In giving this consent, we do not hereby admit that we are within the category of persons whose consent is required under Section 7 of the Act or the rules or regulations of the Commission promulgated thereunder.

Sincerely,

/s/ LATHAM & WATKINS LLP

**ARTICLES OF ASSOCIATION**  
**OF**  
**U. S. BANK TRUST COMPANY, NATIONAL ASSOCIATION**

For the purpose of organizing an association (the "Association) to perform any lawful activities of national banks, the undersigned enter into the following Articles of Association:

**FIRST.** The title of this Association shall be U. S. Bank Trust Company, National Association.

**SECOND.** The main office of the Association shall be in the city of Portland, county of Multnomah, state of Oregon. The business of the Association will be limited to fiduciary powers and the support of activities incidental to the exercise of those powers. The Association may not expand or alter its business beyond that stated in this article without the prior approval of the Comptroller of the Currency.

**THIRD.** The board of directors of the Association shall consist of not less than five nor more than twenty-five persons, the exact number to be fixed and determined from time to time by resolution of a majority of the full board of directors or by resolution of a majority of the shareholders at any annual or special meeting thereof. Each director shall own common or preferred stock of the Association or of a holding company owning the Association, with an aggregate par, fair market, or equity value of not less than \$1,000, as of either (i) the date of purchase, (ii) the date the person became a director, or (iii) the date of that person's most recent election to the board of directors, whichever is more recent. Any combination of common or preferred stock of the Association or holding company may be used.

Any vacancy in the board of directors may be filled by action of a majority of the remaining directors between meetings of shareholders. The board of directors may increase the number of directors up to the maximum permitted by law. Terms of directors, including directors selected to fill vacancies, shall expire at the next regular meeting of shareholders at which directors are elected, unless the directors resign or are removed from office. Despite the expiration of a director's term, the director shall continue to serve until his or her successor is elected and qualified or until there is a decrease in the number of directors and his or her position is eliminated.

Honorary or advisory members of the board of directors, without voting power or power of final decision in matters concerning the business of the Association, may be appointed by resolution of a majority of the full board of directors, or by resolution of shareholders at any annual or special meeting. Honorary or advisory directors shall not be counted to determine the number of directors of the Association or the presence of a quorum in connection with any board action, and shall not be required to own qualifying shares.

**FOURTH.** There shall be an annual meeting of the shareholders to elect directors and transact whatever other business may be brought before the meeting. It shall be held at the main office or any other convenient place the board of directors may designate, on the day of each year specified therefor in the Bylaws, or if that day falls on a legal holiday in the state in which the Association is located, on the next following banking day. If no election is held on the day fixed or in the event of a legal holiday on the following banking day, an election may be held on any subsequent day within 60 days of the day fixed, to be designated by the board of directors, or, if the directors fail to fix the day, by shareholders representing two-thirds of the shares issued and outstanding. In all cases, at least 10 days' advance notice of the meeting shall be given to the shareholders by first-class mail.

In all elections of directors, the number of votes each common shareholder may cast will be determined by multiplying the number of shares he or she owns by the number of directors to be elected. Those votes may be cumulated and cast for a single candidate or may be distributed among two or more candidates in the manner selected by the shareholder. On all other questions, each common shareholder shall be entitled to one vote for each share of stock held by him or her.

A director may resign at any time by delivering written notice to the board of directors, its chairperson, or to the Association, which resignation shall be effective when the notice is delivered unless the notice specifies a later effective date.

A director may be removed by the shareholders at a meeting called to remove him or her, when notice of the meeting stating that the purpose or one of the purposes is to remove him or her is provided, if there is a failure to fulfill one of the affirmative requirements for qualification, or for cause; provided, however, that a director may not be removed if the number of votes sufficient to elect him or her under cumulative voting is voted against his or her removal.

**FIFTH.** The authorized amount of capital stock of the Association shall be 1,000,000 shares of common stock of the par value of ten dollars (\$10) each; but said capital stock may be increased or decreased from time to time, according to the provisions of the laws of the United States. The Association shall have only one class of capital stock.

No holder of shares of the capital stock of any class of the Association shall have any preemptive or preferential right of subscription to any shares of any class of stock of the Association, whether now or hereafter authorized, or to any obligations convertible into stock of the Association, issued, or sold, nor any right of subscription to any thereof other than such, if any, as the board of directors, in its discretion, may from time to time determine and at such price as the board of directors may from time to time fix.

Transfers of the Association's stock are subject to the prior written approval of a federal depository institution regulatory agency. If no other agency approval is required, the approval of the Comptroller of the Currency must be obtained prior to any such transfers.

Unless otherwise specified in the Articles of Association or required by law, (1) all matters requiring shareholder action, including amendments to the Articles of Association must be approved by shareholders owning a majority voting interest in the outstanding voting stock, and (2) each shareholder shall be entitled to one vote per share.

Unless otherwise specified in the Articles of Association or required by law, all shares of voting stock shall be voted together as a class, on any matters requiring shareholder approval.

Unless otherwise provided in the Bylaws, the record date for determining shareholders entitled to notice of and to vote at any meeting is the close of business on the day before the first notice is mailed or otherwise sent to the shareholders, provided that in no event may a record date be more than 70 days before the meeting.

The Association, at any time and from time to time, may authorize and issue debt obligations, whether subordinated, without the approval of the shareholders. Obligations classified as debt, whether subordinated, which may be issued by the Association without the approval of shareholders, do not carry voting rights on any issue, including an increase or decrease in the aggregate number of the securities, or the exchange or reclassification of all or part of securities into securities of another class or series.

**SIXTH.** The board of directors shall appoint one of its members president of this Association and one of its members chairperson of the board and shall have the power to appoint one or more vice presidents, a secretary who shall keep minutes of the directors' and shareholders' meetings and be responsible for authenticating the records of the Association, and such other officers and employees as may be required to transact the business of this Association. A duly appointed officer may appoint one or more officers or assistant officers if authorized by the board of directors in accordance with the Bylaws.

The board of directors shall have the power to:

- (1) Define the duties of the officers, employees, and agents of the Association.
- (2) Delegate the performance of its duties, but not the responsibility for its duties, to the officers, employees, and agents of the Association.
- (3) Fix the compensation and enter employment contracts with its officers and employees upon reasonable terms and conditions consistent with applicable law.
- (4) Dismiss officers and employees.
- (5) Require bonds from officers and employees and to fix the penalty thereof.
- (6) Ratify written policies authorized by the Association's management or committees of the board.
- (7) Regulate the manner any increase or decrease of the capital of the Association shall be made; provided that nothing herein shall restrict the power of shareholders to increase or decrease the capital of the Association in accordance with law, and nothing shall raise or lower from two-thirds the percentage required for shareholder approval to increase or reduce the capital.

- (8) Manage and administer the business and affairs of the Association.
- (9) Adopt initial Bylaws, not inconsistent with law or the Articles of Association, for managing the business and regulating the affairs of the Association.
- (10) Amend or repeal Bylaws, except to the extent that the Articles of Association reserve this power in whole or in part to the shareholders.
- (11) Make contracts.
- (12) Generally perform all acts that are legal for a board of directors to perform.

**SEVENTH.** The board of directors shall have the power to change the location of the main office to any authorized branch within the limits of the city of Portland, Oregon, without the approval of the shareholders, or with a vote of shareholders owning two-thirds of the stock of the Association for a location outside such limits and upon receipt of a certificate of approval from the Comptroller of the Currency, to any other location within or outside the limits of the city of Portland, Oregon, but not more than thirty miles beyond such limits. The board of directors shall have the power to establish or change the location of any office or offices of the Association to any other location permitted under applicable law, without approval of shareholders, subject to approval by the Comptroller of the Currency.

**EIGHTH.** The corporate existence of this Association shall continue until termination according to the laws of the United States.

**NINTH.** The board of directors of the Association, or any shareholder owning, in the aggregate, not less than 25 percent of the stock of the Association, may call a special meeting of shareholders at any time. Unless otherwise provided by the Bylaws or the laws of the United States, or waived by shareholders, a notice of the time, place, and purpose of every annual and special meeting of the shareholders shall be given by first-class mail, postage prepaid, mailed at least 10, and no more than 60, days prior to the date of the meeting to each shareholder of record at his/her address as shown upon the books of the Association. Unless otherwise provided by the Bylaws, any action requiring approval of shareholders must be effected at a duly called annual or special meeting.

**TENTH.** These Articles of Association may be amended at any regular or special meeting of the shareholders by the affirmative vote of the holders of a majority of the stock of the Association, unless the vote of the holders of a greater amount of stock is required by law, and in that case by the vote of the holders of such greater amount; provided, that the scope of the Association's activities and services may not be expanded without the prior written approval of the Comptroller of the Currency. The Association's board of directors may propose one or more amendments to the Articles of Association for submission to the shareholders.

In witness whereof, we have hereunto set our hands this 11<sup>th</sup> of June, 1997.

Each director shall own such qualifying equity interest in his or her own right and meet any minimum threshold ownership required by applicable law.

Section 2.5. Organization Meeting. The newly elected Board shall meet for the purpose of organizing the new Board and electing and appointing such officers of the Association as may be appropriate. Such meeting shall be held on the day of the election or as soon thereafter as practicable, and, in any event, within thirty days thereafter, at such time and place as the Chairman or President may designate. If, at the time fixed for such meeting, there shall not be a quorum present, the directors present may adjourn the meeting until a quorum is obtained.

Section 2.6. Regular Meetings. The regular meetings of the Board shall be held, without notice, as the Chairman or President may designate and deem suitable.

Section 2.7. Special Meetings. Special meetings of the Board may be called at any time, at any place and for any purpose by the Chairman of the Board or the President of the Association, or upon the request of a majority of the entire Board. Notice of every special meeting of the Board shall be given to the directors at their usual places of business, or at such other addresses as shall have been furnished by them for the purpose. Such notice shall be given at least twelve hours (three hours if meeting is to be conducted by conference telephone) before the meeting by telephone or by being personally delivered, mailed, or electronically delivered. Such notice need not include a statement of the business to be transacted at, or the purpose of, any such meeting.

Section 2.8. Quorum and Necessary Vote. A majority of the directors shall constitute a quorum at any meeting of the Board, except when otherwise provided by law; but less than a quorum may adjourn any meeting, from time to time, and the meeting may be held as adjourned without further notice. Unless otherwise provided by law or the Articles or Bylaws of this Association, once a quorum is established, any act by a majority of those directors present and voting shall be the act of the Board.

Section 2.9. **Written Consent**. Except as otherwise required by applicable laws and regulations, the Board may act without a meeting by a unanimous written consent by all directors, to be filed with the Secretary of the Association as part of the corporate records.

Section 2.10. **Remote Meetings**. Members of the Board, or of any committee thereof, may participate in a meeting of such Board or committee by means of conference telephone, video or similar communications equipment by means of which all persons participating in the meeting can hear each other and such participation shall constitute presence in person at such meeting.

Section 2.11. **Vacancies**. When any vacancy occurs among the directors, the remaining members of the Board may appoint a director to fill such vacancy at any regular meeting of the Board, or at a special meeting called for that purpose.

### ARTICLE III Committees

Section 3.1. **Advisory Board of Directors**. The Board may appoint persons, who need not be directors, to serve as advisory directors on an advisory board of directors established with respect to the business affairs of either this Association alone or the business affairs of a group of affiliated organizations of which this Association is one. Advisory directors shall have such powers and duties as may be determined by the Board, provided, that the Board's responsibility for the business and affairs of this Association shall in no respect be delegated or diminished.

Section 3.2. **Trust Audit Committee**. At least once during each calendar year, the Association shall arrange for a suitable audit (by internal or external auditors) of all significant fiduciary activities under the direction of its trust audit committee, a function that will be fulfilled by the Audit Committee of the financial holding company that is the ultimate parent of this Association. The Association shall note the results of the audit (including significant actions taken as a result of the audit) in the minutes of the Board. In lieu of annual audits, the Association may adopt a continuous audit system in accordance with 12 C.F.R. § 9.9(b).

Section 3.4. Trust Management Committee. The Board of this Association shall appoint a Trust Management Committee to provide oversight of the fiduciary activities of the Association. The Trust Management Committee shall determine policies governing fiduciary activities. The Trust Management Committee or such sub-committees, officers or others as may be duly designated by the Trust Management Committee shall oversee the processes related to fiduciary activities to assure conformity with fiduciary policies it establishes, including ratifying the acceptance and the closing out or relinquishment of all trusts. The Trust Management Committee will provide regular reports of its activities to the Board.

Section 3.5. Other Committees. The Board may appoint, from time to time, committees of one or more persons who need not be directors, for such purposes and with such powers as the Board may determine; however, the Board will not delegate to any committee any powers or responsibilities that it is prohibited from delegating under any law or regulation. In addition, either the Chairman or the President may appoint, from time to time, committees of one or more officers, employees, agents or other persons, for such purposes and with such powers as either the Chairman or the President deems appropriate and proper. Whether appointed by the Board, the Chairman, or the President, any such committee shall at all times be subject to the direction and control of the Board.

Section 3.6. Meetings, Minutes and Rules. An advisory board of directors and/or committee shall meet as necessary in consideration of the purpose of the advisory board of directors or committee, and shall maintain minutes in sufficient detail to indicate actions taken or recommendations made; unless required by the members, discussions, votes or other specific details need not be reported. An advisory board of directors or a committee may, in consideration of its purpose, adopt its own rules for the exercise of any of its functions or authority.
